Rhodes Scores Members of the Assembly.

War Preparations Continue on Both Sides.

By Associated Press to the Journal.

LONDON, Sept. 23.—A special dispatch from Cape Town says: There was an extraordinary scene in the assembly Friday, during the debate on "the registration of voters" bill. Cecil Rhodes who has hitherto deprecated the advisability of hostilities, repeated the statement that several members had accepted money for electioneering purposes from the Transvaal government, with which England is now on the verge of war.

This statement created a great impression and later, speaking on same bill, Rhodes pointedly indicated that some of the members were practically guilty of treason and that they were "supporters of the ministerial party, who lived entirely on offal and were nothing more than political scavengers."

Crossing the Rockies.

The most delightful ride across the continent is through Utah and Colorado, over what is known as "The Scenic Route of the World." It matters not at what season of the year the trip is made, at so time does the scenery grow monotonous. It is an ever changing panorama of the beauties of nature. One moment you are passing through gorges, walled in by rocks thousands of feet high, and the next you are above the snow line, skirting peaks that tower above you until they seem almost to reach the sky. One of the characteristics of the Colorado climate is that the extremes of temperature are never met with. It is neither so cold in winter nor warm in summer, as upon the level of valleys, which cross the desert and plains. The traveler over the Rio Grande Western also has the privilege of a stopover, if he so elects at Salt Lake City, or anywhere between Ogden and Denver, on all classes of tickets.

For information as to rates, etc., and for descriptive pamphlets, call on the nearest Ticket Agent of the O. R. & N. Co. or Southern Pacific Co., or address J. D. MANSFIELD, Gen'l Agt., Rio Grand Western Railway, 142 Third Street, Portland, Oregon.

Rode With His Head Down.

A young man named Newt Morris, who lives about eight miles south of Salem was yesterday run into by the north bound train at 5 o'clock in the afternoon near the state fair grounds. He was seriously shaken up, being thrown into the air and away from the train.

He was riding his wheel in company with another and was in the lead, when he was suddenly met by the approaching train the engine of which struck him and threw both he and his wheel off the track entirely demolishing the wheel and breaking two of the rider's ribs. He was immediately taken to a physician for treatment.

INCIDENT CLOSED

By Associated Press to the Journal.

PARIS, Sept. 23.—The proclamation of the minister of war, Gen. Dettaillet, to the army, declaring the Dreyfus incident closed, has excited a keen opposition among the Dreyfusards, radicals and socialists.

MARION COUNTY MATTERS

Sheriff Durbin represented by Deputy Colbath today sold the land upon which execution was issued out of the circuit court in the case in which H. H. Mattison was plaintiff and P. F. Castleman et al were defendants. The land consisted of 4.54 acres in T. 7 S. R. 3 W. and was bid in by the plaintiff above named for \$1110.87, which covers the judgment and costs.

The DeGobin place was not sold, as there were no bidders.

C. E. Ross, guardian of the person and estate of Phebe E. Briggs, an insane, asked the probate court for an order authorizing him to sell, at private sale, the interest of his ward in the Alton Briggs estate, consisting of real property, to enable him to pay the debts of his ward.

FILIPINO PROMISE

Failed to Be Made Good.

Their Officers Did Not Confer With Otis.

Six Montana Companies Have Disembarked and are Now at Presidio.

By Associated Press to the Journal.

MANILA, Sept. 23.—No information has been received of the naval expedition at Subig bay.

The Filipinos have not made good their offer to surrender the American prisoners in their possession, and they have not sent an officer to meet General Otis as was promised. Nothing further has been heard from the rebels or officers who conferred with General MacArthur recently and then returned to their own lines.

Six Companies Disembarked.

SAN FRANCISCO, Sept. 23.—The six companies of Montana volunteers which arrived from Manila yesterday on the Zealandia disembarked today, and escorted by the Thirteenth Minnesota marched to the Presidio, where they will go into camp preparatory to muster out in about three weeks. The soldiers were given a fitting reception.

Iowa Troops Start.

WASHINGTON, Sept. 23.—General Otis cabled to the war department this morning that the senator has sailed with the Iowa volunteers.

Attempted Assassination.

NEW YORK, Sept. 23.—Dispatch to the World from Manila Sept. 19 via Hong Kong, says:

General Joseph Wheeler after a skirmish at Parac, telegraphed to General Otis, asking the latter to send cavalry for the purpose of preventing the reassembling of the insurgents. General Otis replied that he could not send cavalry until October. Three attempts have been made to assassinate Tavera, the leader of the pro American Filipinos.

Chinese for Philippines.

NEW YORK, Sept. 23.—A special to the Herald from Washington says: Chinese will be allowed to land in the Philippine islands temporarily, pending the adoption of a definite policy by the government.

Anti-Imperialist Literature.

BOSTON, Sept. 23.—The Post says: Edward Atkinson is out with another number of his Anti-Imperialist, in which he publishes a long array of facts, statistics and the testimony of soldiers returning from the Philippines. He throws down the gauntlet to Postmaster-General Smith in a more forcible manner than ever.

Captures a Filabuster.

WASHINGTON, Sept. 23.—Acting Secretary of the Navy Allen has received this dispatch from Rear Admiral Watson at Manila:

The Panay, Eusebio Lang, commanding, captured the steamer Mundaica illicitly trading.

The Marivies, Omen commandant, captured the steamer Tasleno for aiding and abetting the insurgents. The Tasleno will make a good gunboat of 100 tons. Will fit out and man her.

It is evident from Admiral Watson's dispatch that he is maintaining a sharp watch for filibusters. The fact that efforts are being made to send in such a applies seems to indicate the insurgents have no intention of yielding.

Deserter Shot.

CHICAGO, Sept. 23.—A special to the Tribune from Kenosha, Wis. says: A report was received here today stating that James E. Hayes, formerly a well known resident of this city, and more recently a member of Company H, Twenty-second infantry, has been shot as a deserter in the Philippines.

BURNED MILL

Will Probably Be Rebuilt

Ruins of the Warehouse Still Smouldering

Farmers Dissatisfied Because Nothing is Done to Save the Wheat.

By Associated Press to the Journal.

The site of the Salem Flouring Mills is today covered by a mountain of wheat, which is full of burning, smouldering timbers left from the fire. A few men are busy caring for the wreck, while scores of farmers are standing by looking at what is left of their wheat crop.

General Manager T. B. Wilcox came up from Portland this morning and remained between trains, looking over the situation and advising with the insurance adjusters. Several of the latter are here, and while nothing definite has been done it is presumed that the full amount for which the buildings and contents are insured will be paid. All that could be learned from Mr. Wilcox was his statement that "we will continue to do business in Salem." In the meantime it is asserted that the mill will be rebuilt better than ever, and that the big warehouse will be moved from the lower mill site up to this one. Concerning the damaged wheat on hand, the mill company stands in the same position as the farmers in proportion to the amount owned. Just what disposition will be made of the grain is not yet known, but it is thought that work will begin within 24 hours of clearing it up.
