L. W. Stone,

Anita, Iowa, served his country during the late war at the expense of his health. The story concerning his restoration to health is given below in his own words:

"When I returned from the army my constitution was broken down. I suffered extreme nervousness, and indigestion. Physicians did not help me until one prescribed Dr. Miles' Nervine, and today I am in better health than I have been for thirty years."

CROPS NEARLY All SAFE.

Hop and Prune Picking Are About Completed.

Threshing and hop picking are about completed in Benton county. There will be considerable of a prune crop in Benton county after all, and many orchards which did not promise anything are picking from one-half to a bushel per tree of excellent fruit.

Hop picking in Washington county is about completed and Robert B. Porter, of Forest Grove, has finished picking a 10-acre tract, of hops, which yielded 43,000 pounds, about the same as last year, but of much better quality.

It has been estimated that $20,000 will be paid to hop pickers in Washington county. One fourth of this amount, or $5,000 will be earned by residents of Forest Grove. Prof. K. N. Staehr's family of five girls picked 1,000 pounds, or 83 boxes a day through the season.

William Moore, of Greenville, Washington county, has finished picking a nine-acre field of hops, which yielded him 66,190 pounds, as against 52,000 pounds last year. The hops all through this section have been free from mold and are of the very best quality.

The Buchanan yards at Cornelius, Washington county produced about 50,000 pounds; the Sewell yard, West Union, 25,000; the William Bagley yard, near about 17,000, and the Salzgeber yard, West Union, 45,000 pounds.

It is estimated that this year's production for Washington county will reach 625,000 bushels of wheat, and about the same number of bushels of oats.

Hop picking is practically finished in the vicinity of Amity. L. D. Mulkey has finished in his eight-acre yard, five miles west of town. The yield was about 500 boxes. Fully 40 per cent had to be left on the vines on account of mold. Hop pickers have made good wages this season—$1.25 to $4.50 each per day.

As Frank Surprenant was coming into Astoria Saturday, from his Olney ranch, he saw a cougar attempting to kill a calf on the road near Greenwood cemetery. He says it was a large cougar and it was crouching at the side of the road. As the calf was passing, the cougar made a spring for it just as Mr. Surprenant made an outcry which startled the beast so that it only got its claws on the side of the calf and then ran away. The calf was only slightly injured.

The big road engine arrived in Medford Thursday with a load of 27,000 feet of lumber. The manufacturers of this engine say it can haul 25,000 feet of lumber, when a few improvements have been made on the road, without overtaxing the strength of the engine.

PIANOS, ORGAN AND SEWING MACHINES.

As now is the time when many are thinking of buying pianos, organs and sewing machines, I take this method to remind you that you have with you an old dealer in these lines, who makes it a study to buy his goods so he can meet all advertised prices on the same goods. In the sewing machine line persons that come to my store and see what prices machines can be bought for, buy here. Others, I find, send, but not near so many as used to do, because so many salesmen they talk to charge so much more than they can get them by sending for them. I have in stock high arm, self-threading shuttle, all attachments, 4-drawer, oak table, sewing machines for $15 to $18 50. You do not take any risk sending or depositing your cash. You can see the machine and sew on it before you pay for it. Figure your prices advertised and freight and you will see I am from $1 to $2.50 cheaper than those prices. One example: My gain on shipping a single piano—I have now on the road a car of pianos, unboxed packed in a car, at the rate of $1.50 a hundred; price of box, $2 at the factory; weight of box averages 250 pounds, at $4 a hundred is $10; weight of piano in box 600 pounds, at $4, makes $24. At the rate of $1.60 makes $9 60 -a difference on the piano in box of $14.40 making a total difference of $2 plus $10 plus $14.40 or $26.40 I save on each piano. A very fair profit on each piano and a large saving on a carload.

I could fill this entire paper full of names of parties that have bought either a piano, organ or sewing machine from me. I will give you the names of six only viz: Prof. W. C. Hawley, Geo. H. Myer, Dr. W. H. Byrd, Father P. Placitus, of Mt. Angel, Sol Durbin and Mrs. C. H. Hinges. From these professional men and ladies who are good judges, you have evidence that they found my stock as good and as cheap or cheaper than any other place.

As these people have found it to their advantage to buy from me, will not you also?

In short, I buy and sell my goods as cheap and cheaper than any outside manufacturer or dealer can possibly lay down a single shipment of a piano, organ or sewing machine.

Crossing the Rockies.

The most delightful ride across the continent is through Utah and Colorado, over what is known as "The Scenic Route of the World." It matters not at what season of the year the trip is made, at no time does the scenery grow monotonous. It is an ever changing panorama of the beauties of nature. One moment you are passing through gorges walled in by rocks thousands of feet high, and the next you are above the snow line, skirting peaks that tower above you until they seem almost to reach the sky. One of the characteristics of the Colorado climate is that the extremes of temperature are never met with. It is neither so cold in winter nor warm in summer, as upon the lines of railway which cross the deserts and plains. The traveler over the Rio Grande Western also has the privilege of a stopover, if he so elects at Salt Lake City, or anywhere between Ogden and Denver, on all classes of tickets.

A LIFE SAVED.

Dr. J. F. Cook, the Botanical Specialist, Succeeds Where Other Fail.

To whom it may concern:

This is to certify that Bertha P. Conner, of Mt. Angel precinct, Marion county, Oregon, has suffered from a cancerous growth in the left ear for about three years. The growth was cut out twice and burned out once by Albany Physicians, but the growth came back as bad as ever, and pained her so badly that she had to be taken from school. After three week's treatment by Dr. J. F. Cook, of Salem, Oregon, the Botanical Specialist, the growth entirely disappeared, and at this date, four months since treatment was begun, the growth has not reappeared, and the ear has entirely healed leaving only the scars inflicted by the Albany doctors.

I hereby certify that the above statement is absolutely true, and that Bertha P Conner, the person mentioned in the affidavit, has resided in my family since early childhood, bearing the relationship to me of niece.

H. C. LONG.

Subscribed and sworn to before me this eighth day of June, 1899. W. W. Hall, county clerk of Marion county, Oregon.
