## BOERS JOINED

### By the Orange Free State.

#### Two Nations in Brotherhood of Arms.

#### And England Will Have to Withdraw or Fight.

By Associated Press to the Journal.  
LONDON, Sept. 28.—The decision of the Volksraad of the Orange Free State to join with the Transvaal in the event of hostilities is the leading news today, and will naturally stiffen Boer independence attitude. The raids resolution has made a brotherhood of arms between the Transvaal and the Orange Free State an absolute certainty and the British will have to face the situation.

Intense excitement continues to prevail at Pretoria, where apparently it is believed that there is no escape from war. The field cornet at Pretoria, is again serving out rifles and ammunition is actively proceeding, and all preparations are being made to take the field. Responsible people here, who have long clung to the belief in an ultimate peaceful settlement now regard the war inevitable.

#### Invasion of Rhodesia.

LONDON, Sept. 27.—The Johannesburg correspondent of the Morning Post says: Twenty trucks filled with armed burghers and 50 horses left Johannesburg by way of Elandfontein. The plan of campaign drawn up at Pretoria proposes to employ a command of 2000 men to defeat the slender force in Rhodesia, and to hand the territory over to the natives.

#### Important Light.

LONDON, Sept. 28.—Most important light is thrown upon the situation by a frank statement to the Associated Press by Sir Walter Pease, agent-general for Natal, who fought against the Boers in former years. He said: The attitude of the Orange Free State means its inevitable acquisition by Great Britain. Peace in South Africa can only be accomplished by war. In my opinion a war would not last more than two months. In order to make pacification effective, Great Britain must assume absolute control over the whole of South Africa.

"So far as the position of Natal is concerned all this talk about poor, underfed Natal is nonsense. There will be little or no fighting in Natal if it comes to a war, and I fear that no other

## ADMIRAL DEWEY

### Fatigued By Rounds of Visitors.

#### Hawison and Miles Visit the Hero.

#### Glad to See General Miles--Medals Presented to His Men.

By Associated Press to the Journal.  
New York, Sept. 28.—Admiral Dewey was considerably fatigued by rounds of visits and receptions yesterday. After finishing his correspondence, Dewey appeared on the quarter-deck. The people on the steamers and yachts cheered wildly at the first sight of the admiral and he was kept busy bowing in return.

Three hundred and fifty men who fought under Dewey at Manila Bay were presented, on board the Olympia, with bronze medals, forwarded by congress. Captain Lamberton made the presentations, pinning the medal on the breast of each man as his name was called. Dewey's Chinese servants were also decorated.

Rear-Admiral Howison was an early visitor to the Olympia, and boat loads of visitors had the gratification of hearing Dewey's voice. It was when Admiral Howison was leaving the ship that Dewey shouted with all his lungs: "Henry, what about that dinner?" "Oh," replied Howison, "I forgot it, I am going elsewhere tonight." "Never mind," said Dewey, "sorry I mentioned it."

Howison said today that the Chicago would appear in the naval parade, but he would not take precedence over Admiral Sampson, the Chicago being assigned the last place in the line. The committee from Washington reached the Olympia at 11 o'clock.

Admiral Dewey, Captain Lamberton and Lieut. Brumby received the committee. Dewey grasped the hand of Major-General Miles as he stepped aboard and said "I am glad to see you, General." The committee remained on board three-quarters of an hour.

Dewey and officers and men on the Olympia were formally welcomed to the state of New York this afternoon by Governor Roosevelt and the chief officers of the national guard of the state.

Gen. Green who went with the governor, is a Manila campaigner, and for the first time since the admiral left Manila, he shook hands with some of the captains who commanded the vessels in his squadron.

Governor Roosevelt was received with a salute of 13 guns. He was met at the gangway by Admiral Dewey.

Shortly before noon, General Merritt also left Governor's Island to pay his respects to the Admiral. The call lasted about half an hour and as the army officers left the flagship, a salute of 13 guns was fired in honor of General Merritt.

#### Holland and Transvaal.

The Hague, Sept. 28.—A treaty of commerce and friendship is on the eve of conclusion between Holland and the Transvaal.

#### Purchasing Supplies.

LONDON, Sept. 28.—A telegram from Naples shows that the British government is buying mules there, as well as in the United States. It is understood that 10,000 will be purchased altogether, but as it will take at least a month to get them to Africa, and a further time to get an army corps to the front, it is evident that big operations will be impossible until toward the end of October.

Mr. Fortner states that the conditions affecting the sheep and cattle interests, in Proneville and Crook county, are highly satisfactory to growers. Prices are high, and the demand is strong for all classes of wool producers. The weather and grass conditions are good.

## WESTON FARMER FOUND DEAD

### Lived Alone in His Woodshed--Left a Considerable Estate.

By Associated Press to the Journal.  
WESTON, Or., Sept. 28.—George Rohwer, 37 years old, a farmer living on Dry Creek, four miles from Weston, was found dead in his bed Sunday evening. Had not been feeling well, and sent a messenger to town after a bottle of bandy. When the latter returned Rohwer was dead. Deceased left farm property worth more than \$10,000.

He lived alone, and was considered an eccentric character. Last fall his house was destroyed by fire and he moved into his woodshed. His mode of life was not conducive to health, and a cold led to his death. He left no family. A brother residing in Nebraska is his only known relative.

#### JAMES ISLAND IN VOLCANIC ERUPTION.

By Associated Press to the Journal.  
VICTORIA, A. C., Sept. 28.—The officers of the British warship Leander, which has returned to Esquimaut from a cruise in South American waters, reports that a volcano on James island, one of the the Calapagos group became active about three months ago, sending broad streams of lava down its side. No damage was done, as the island is uninhabited.

When the Leander was going into Callao, the British bark Tennesson was found stranded off the Rimac river. For three days the Leander worked at her, and, with the assistance of the steamer Bakquin she was saved.

#### ONWARD MARCH

### American Troops Advancing.

#### Insurgents Forced From Their Trenches.

#### And the Town of Posack Occupied By Our Troops.

By Associated Press to the Journal.  
MANILA, Sept. 28.—General MacArthur, Wheaton and Wheeler, with four regiments and a battery, advanced upon Porac, eight miles northwest of Bausor this morning. MacArthur entered Porac after half an hour's fighting. The American loss was slight, insurgents lost not known. Enemy fled northward. The attacking party moved on Porac in two columns. The Ninth infantry, with two guns from Santa Rita, commanded by General Wheeler and the 36th infantry, under General Bell with one gun, accompanied MacArthur from San Antonio. Both columns struck town at 9 o'clock and opened a brisk fire which was replied to by the enemy for half an hour. Then the insurgents fled and the Americans marched over the trenches and took possession of the place. Lieut. Bell reported one casualty and Gen. Bell reported four men wounded.

The movement is conducted personally by General MacArthur, General Wheeler, with the Ninth regiment and a battery, is advancing by two roads, while General Wheaton, commanding the Twelfth and Seventeenth regiments, is moving to block the insurgents from retreating to the north. The Thirty-sixth regiment accompanies General MacArthur. Firing has begun near Angeles.
