ANOTHER BIG BATTLE.

Boers and British Come in Collision at Elandslaagt -- Rumors of France-Russian Interference.

Official Report is Received in Great Britain—Valorous Deeds on Both Sides—Losses Were Heavy But They are Not Deemed Out of Proportion With the Results Attained—Investment of Kimberly.

By Associated Press to the Journal. LONDON, Oct. 22.—The war office publishes the following dispatch regarding the engagement yesterday at Elandslaagt, between Glencoe and Ladysmith. General French routed the Transvaal forces under General San H. M. Kock, second in command in the Transvaal, who was himself wounded and captured and has since died.

White, commander in Natal, to the Secretary of state for war: Filed Ladysmith, October 22, 10:30 a. m. "I was present in person from 8:30 to 7:20 p. m. but did not assume direction of the fight, which was left in the hands of General French. Although fighting took place earlier in the day, ascertaining the enemy's strength, were arriving from Ladysmith, the reaction did not begin until 3:30 p. m. At that hour the Boers held a position of very exceptional length, consisting of rock hill about a mile and a half southeast of Elandslaagt station. At 3:30 p. m. our guns took position on a ridge 4100 yards from the Boers, whose guns at once opened fire. This fire was generally well directed, but somewhat high. This time, contrary to previous experience, their shells burst well.

The Boer guns, although often temporarily silenced, invariably opened fire again on the slightest opportunity, and were served with great courage. After severe fighting, our infantry carried the position. At 6:30 p. m. this was accomplished, the enemy standing his ground at the last with courage and tenacity. The Fifth Lancers and a squadron of the Fifth Dragoon Guards charged three times through the retreating Boers in the dark, doing considerable execution.

"We captured the Boer camp, with tents, wagons, horses and also two guns. The Boer losses were very considerable, including a number of wounded and unwounded prisoners. Among the former are General Jan Kock and Piet Joubert, nephew of Commander-General Joubert. One goods train, with supplies for Glencoe camp, and nine English prisoners, were recovered.

"Our loss, I regret to say, was heavy. It is roughly computed at 150 killed and wounded.

"Our wounded and those of the enemy are now arriving by trains. Besides Boers, we have many Hollanders, Germans and prisoners of mixed nationalities.

LONDON, Oct. 23.—Sensational rumors of designs of foreign powers inimical to British interests meet with scant credit, though it is difficult to explain immense force on land which Great Britain is now mobilizing.

In Vienna it is reported that the British naval movements are due to a rumor that Russia, with the assent of France, is about to acquire from Spain a naval station on the African coast.

The news of General French's victory at Elandslaagt caused great enthusiasm. The newspapers were quickly on the streets with special editions, and the people left the churches in order to get the details of the fighting.

The Boer commander at the battle of Elandslaagt, General Jan Kock, who was taken prisoner, has died of his wounds.

Elsewhere it is stated that movements of the French Mediterranean fleet in the neighborhood of the Levant, where it could easily be joined by the Russian Black sea fleet, is occasioning suspicion.

CAPE TOWN, Oct. 23.—Dispatches received from the front regarding the capture of Elandslaagt show it to have been a brilliant feat of arms. The Boers were strongly entrenched and fought with their wonted bravery. They seized every opportunity of coming into action, and ran to serve their guns whenever they could get a chance. The British wounded are now being taken to Ladysmith.

The Boers, although driven from their guns, returned again and again whenever an opportunity occurred. The high ground near the left of the en-

equal of minister to Brazil, Italy or Spain, and the expenses are far less. The salary is \$10,000 a year.

The present minister is Jas. I. Buchanan, of Indiana, a democrat who has held the place going on seven years. In case of McKinley's re-election, Judge Lord would hold it two terms probably.

The place is so important that the Secretary of the Legation is named by the State Department. Judge Lord if appointed will leave for his post in about a month, and his family will go later. The office of minister plenipotentiary will fix his residence abroad at Buenos Ayres, the Capital of the Argentine Republic a beautiful city of 500,000 people. Being a silver country, his compensation will be equal to \$20,000 a year in the coin of that country. Senator Simon and Judge Lord are being highly complimented on having the influence to secure so high an honor for Oregon—the highest, and only high honor, secured since the Cleveland administration. The appointment is the fittest that could be made, as Judge Lord's long official career in army life, on the supreme branch, and as governor, qualify him for a foreign ministry in every way.

LATER—APPOINTED TODAY. WASHINGTON, Oct. 23.—William P. Lord, of Oregon, has been appointed envoy extraordinary and minister plenipotentiary to the Argentine Republic.

MINISTER TO ARGENTINE. Ex-Governor Wm. P. Lord Appointed To An Important Diplomatic Position.

Saturday night ex-Governor Wm. P. Lord, of this city, received a telegram from the department of state at Washington making him a tender of the post of minister to the Argentine Republic.

The tender was made through U. S. Senator Simon, of Oregon, and he was notified that the position would be acceptable.

The position is a great compliment to ex-Gov. Lord, as it is in rank next to the highest diplomatic offices which pay \$17,500 a year. This office ranks the

THE BRITISH VICTORIES

Dearly Bought and Increase Their Respect for the Boers.

Advices from Pretoria Say President Kruger Favors Unconditional Surrender -- Executive Council Will Meet to Consider the Situation Monday or Tuesday -- Latest Telegrams from the War in the Transvaal.

By Associated Press to the Journal. LONDON, Oct. 23.—The British victories in Natal, following each other in quick succession, though accompanied by heavy losses on the side of the victors, bear striking testimony to the valor of the vanquished Boers.

They have fallen victims to the very plan which they counted on to drive the British into the sea. They have been beaten in detail by counterattacks, carefully considered and brilliantly carried out in the face of courageous opposition, which has done much to increase the British respect for the burghers, whose splendid valor and determination, reached the highest level.

GLENCOE CAMP, Oct. 22.—(Delayed in transmission) The attack by the Boer forces on the British position Saturday enabled the British forces to score another success over a column that was driven pell mell over the plains losing over 300 killed and wounded.

LONDON, Oct. 23.—A dispatch from Cape Town dated Sunday says advices received from Pretoria report President Kruger as being in favor of unconditional surrender and the executive council will meet Monday or Tuesday to discuss the advisability of such a step. The report, it is stated here, must be accepted with reserve.
