A Doubtful Case.
Albany Special, Aug. 27.
A logger named Perkins, an employe
of the Curtis Lumber Co. at Berry, who
is suffering from a broken leg caused
from an accident in logging camp a few
days ago, and is being treated at Mrs.
Moen's hospital, has developed a break-
ing out which resembles smallpox. A
consultation of physicians was held
yesterday but they were unable to de-
cide positively whether it is a case of
smallpox or not, owing to the complica-
tion of diseases from which the patient
is suffering. Every precaution has been
taken, and to be sure a quarantine of
the house has been established and will
be maintained so as to be on the safe
side.

A Hop Controversy.

over the value of hops, but all join
hands that the White House restaurant
