Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BEACH & BOWERS' MINSTRELS.
Are booked to appear at the opera house next Saturday evening. The company is well recommended and Patron Bros. promise their patrons a rare treat. The St. Joe daily "News" says: "One of the best negro minstrel performances ever witnessed in St. Joseph was that given by Beach & Bowers' company at the Crawford theatre last night. The show is an exhibition of old time minstrelsy, with its plantation songs and dances. The dancing is better than was ever executed by Trimmis & West's 60 company and there is no room for improvement in the singing. A splendid clog dance turn is done by some men who were introduced by the interiorator as the "champion clog dancer in the world" but whose name is not on the bills. The songs presented in the first part were mostly new and were received with great favor. One of the most pleasing features of the performance is the appearance of the vocal quartet in several delightful selections. The specialty songs of Bobby Beach and Otis Bowers are extremely ludicrous and in fact there are many features worthy of mention, not the least deserving of which is the performance at the conclusion by a troupe of trained dogs.

Growing Time
Children must have just the right kind of food if they are to become strong men and women. A deficiency of fat makes children thin and white, puny and nervous, and greatly retards full growth and development. They need **Scott's Emulsion**. It supplies just what all delicate and growing children require.

THE ORDINARY SLEEPER—A New Feature in Western Travel.
The Pullman Company now operates two grades of sleeping cars via the RIO GRANDE WESTERN RAILWAY. The ordinary sleepers are entirely new, and are berths, both upper and lower, are fitted up complete with mattresses, blankets, sheets, pillows, curtains, etc., with stoves arranged for making tea, coffee, etc., requiring nothing to be furnished by passengers. Uniformed Pullman porters are in charge of the cars, who are required to keep them in good order and attend to the wants and comforts of passengers. The cars are very handsome and commodious, and while not so elegant, are just as comfortable as standard or palace sleepers. Both first and second-class passengers are permitted to occupy these cars on payment of the Pullman berth rates, which are less than half of the rates charged in the regular palace sleeping cars.

The ordinary sleepers are carried daily on trains via RIO GRANDE WESTERN RAILWAY between Denver and San Francisco and Portland. On five days in each week the sleepers are run through between Los Angeles and San Francisco, or Portland and Denver, Omaha, Chicago and Boston.
