THE CITIZENS' CAMPAIGN.
The conservative Republicans of Salem are working hard to repeat the campaign for a business administration of our city affairs. Some of the best and most intelligent Republican leaders and businessmen have joined in this work as they did in 1898 for an anti-push anti-republican board of aldermen, and the leaders of the Union forces will no doubt again sustain them.

It is complimentary to the intelligence and patriotism of this community that such men—all positive men and strong partisans when it comes to state and national campaigns—should lay aside all party spirit and unite to put the financial and administrative affairs of the Capital City on a firm foundation and absolutely out of reach of grafting politicians.

Petitions are being circulated by leading Republicans for the renomination and re-election of Aldermen Burrows and Buren, who are not Republicans. These petitions are being signed by citizens of all parties in the First and Second wards, and that, too, when both the gentlemen thus honored declared that they did not seek to be returned to the council. If as good men can be found in the Third and Fourth wards they will be petitioned for in like manner. The Journal has urged that Republicans be chosen in the latter wards who would be acceptable to the Citizen's Union. It seems in this writing that first-class material for candidates is not lacking and that they will be petitioned for just as unitedly as is being done in the First and Second wards.

The citizens' committee should follow up its petitions with an energetic campaign. Now is the time to stamp out of existence the pernicious machine methods that have prevailed in our city in the past. Few people realize how nearly this city had been forced to the brink of bankruptcy and the ruin that follows reputation when the Republican revolt at Mr. Ringham's snap primaries took place, and saved the fair fame of this city from financial disaster.

A contest would seem almost needless when it is recalled that leaders and managers of the old push on every hand admit that the present administration has done good work. Their highest promise is to follow in its footsteps if they are again restored to power.

One of the old spokesmen, and one who fought the new order of things, the new charter, the home bonds and every policy of the new administration, the hardest, has recently admitted that "it

Old Children
Many children look too old for their years. They go about with thin faces and sober manners not in keeping with robust childhood. If it's your boy or girl, give
Scott's Emulsion
"Twill fill out the hollow places, increase the weight, and bring a healthy color to the cheeks. The improvement continues long after they cease using the Emulsion. Get Scott's."

SUGAR FACTORY.
German Capitalists Will Soon Build One in Oregon.
Newberg is greatly agitated at the present time over the prospect of having a beet-sugar factory in the near future.
Interest was aroused here two or three years ago over such a prospect, but results failed to materialize. With in the last day or two, however, matter has assumed such proportions that the proposition is before the people more definitely than ever, and it appears even to conservative minds that there is good ground for a reasonable hope that a large plant will be located there.

German capitalists are lack of the proposition, and are anxious to make such an investment, somewhere in that section of the country. They have sent out a man to seek a favorable location, and to report the same to them for action. This gentleman has had 30 years' experience in the beet-sugar business in all its various phases, and is authority on the necessary advantages pertaining to the beet-sugar industry. Having looked the country over carefully, he has decided upon Newberg as the proper location for the following reasons: In the first place, the country is exceptionally well settled and divided up into small farms, which make very favorable circumstances for the industry; he says that the soil is much better for beet culture than that of La Grande, it being deeper and looser; he also considers the exceptional transportation facilities there an important factor.

The company asks no bonus, but asks that the town furnish a suitable location on the river, of about 30 acres. They also demand that a certain amount of acreage be pledged to growing beets. For the first year they want only about 3,000 acres, but a greater amount after they get started. The agent of the company states that as soon as mutual contracts can be made, he will report in favor of Newberg, and that on his recommendation \$500,000 capital is ready for investment.

A meeting of the city board of trade was held in the city hall to discuss the situation and to consider definite plans. A committee of five prominent businessmen was appointed to make an immediate canvass of the situation, both as to the purchase of property and the securing of the desired acreage for beet culture. The committee consists of J. C. Gardner, Joseph Edwards, Hon. Clarence Ditt, J. M. Wright and Moses Votaw.

When a push politician who has done few honest day's work except when on the public payrolls, stands up in the council and calls an industrious man who is not a barnacle on the tax payer, like G. Steiner unfit for an election judge, the push is hard up for material, to make such a man its spokesman.

Lon Gesner created considerable surprise among his old friends by posing Tuesday night as the mouthpiece of the old Pap Richardson Push. He has been counted as among the conservative Republicans but Tuesday night it looked as if he had gone over to the enemy. Some think it was only one of Long-headed Lon's plays to the gallery. In that case, can any other faction trust him.

"As long as you take THE JOURNAL and read it you'll never die," said the X-Ray man to Uncle John Baker, of the Garden Road. He can jump higher and crack his heels together oftener than any man in Oregon 82 years of age, and he can catch onto a bright idea as quick as anyone. "By George," said John "I'll take it as long as I live," as he threw down one of Billy Bryan's dehorned dollars.

The Albany Democrat shows how prosperity papers either lie, or else those who swear in their assessment. The assessment of Multnomah county shows eleven million dollars less taxable property than last year, prosperity evidently having struck that city with a vengeance.

THE BOER NATIONAL HYMN.
As sung at the Mass Meeting held under the auspices of the Holland Society of Chicago, in Central Music Hall, Chicago, Nov. 12.
Know'st thou a race of freemen bred,
Who broke the tyrant's might,
Who burst their bonds and fought and bled,
For freedom and for right?
Come, brothers! Raise the flag on high
That led to victory;
The hour of bondage has gone by—
Free men are we, free men are we!
Free men are we, free men are we!
Free men are we, free men are we!

DONT! WOMEN.
Don't write to a woman, when the roof leaks. Write to a carpenter. Don't write to a woman when the water pipe bursts. Write to a plumber. Don't write to a woman when you are sick, write to a doctor. But why such superfluous advice? Simply to call attention to the fact that "women" who are not qualified physicians offer medical advice, in advertisements, in such a deceptive manner that you are apt to overlook the important fact that the woman is not a physician.
The great success of Dr. R. V. Pierce, in treating and curing diseases of women has led to imitations of his methods, especially his offer of a free consultation by letter to all sick women. At the head of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., and with an experience of over thirty years, Dr. Pierce achieved the position of the chief of specialists in the treatment of women's diseases. There is no living physician, male or female, who can show an equal record of over half-a-million women treated and ninety-eight per cent. of cures. Write to the doctor. Your letter will be read in private, answered in private and its statements held as strictly confidential. To assure the exclusion of a third party from this correspondence, every letter is sent sealed in a plain envelope, bearing no advertising or printing matter on it. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription
makes Weak Women Strong and Sick Women Well. Accept no Substitute.
