CITIZEN'S TICKET.

City Election in Salem, Monday, December 4, 1899.
For Councilman, First Ward, THOS. BURROWS.
For Councilman, Second Ward, A. B. BUREN.
For Councilman, Third Ward, I. E. ALLEN.
For Councilman, Fourth Ward, P. J. LARSEN.

INTERVIEWS.

Below are given short interviews with many of Salem's best business men, citizens and taxpayers, with reference to the present administration of city affairs, all of which speak well for the same. Among them are not a few who did not support the movement a year ago, but after the showing that has been made they cannot refuse to accept the results. Many others who are timid about publishing matters, endorse what has been done and give their unqualified support, but do not care to be quoted. The plain truth is the sentiment for good city government is almost unanimous.

A. N. Moore—We should have a ticket that will be a guarantee of continuing the good methods of the present administration. The present regime has given excellent satisfaction, especially to the taxpayers.
R. J. Fleming—I think considerable money has been saved the past year, and that the city's affairs have been carefully handled.
N. J. Damon—The Bishop administration has been the cleanest, most progressive, economical and business-like that Salem has had within my knowledge.
A. Bush—I favor non-partisan administration of municipal affairs. It cannot be denied that its trial in Salem has been successful.
F. T. Carey, manager for the Salem branch of the Mitchell, Lewis & Staver Co.—It has been a success financially, and any man who has taxes to pay ought to endorse the present council with his vote.
J. Q. Wilson—I favor the administration as far it keeps within its income. What we can't pay for we should do without. Don't favor selling part of the park for a post office site.
S. T. Norheim—I think it's all right. We want more of the same kind of men. The present administration should be sustained.

O. E. Krane—The administration generally is a big improvement on what we have had in the past.
T. Holverson—We can't do any better than keep the same kind of men in office. It's the best administration we have had.
F. A. Wiggin—I am opposed to partisan politics. We should elect men on merit only. The present administration has demonstrated that they know what they are about, and should be upheld.
Steuiloff Bros.—It is strictly all right, and a few years more of the same medicine will fix our city all right.
J. G. Wright—Financially the best administration we have had for years, but it is time to begin improving our fire department.
W. A. Moore—Fully satisfied with present management.
P. J. Larsen—Well satisfied with the past year's work, and favor the plan of living within our means.
W. F. Boothby—Present administration is a financial success and I hope to see it continued. We are in better shape than we have been for years. Keep politics out.
Ashley White—Very much in favor of present business-like administration.
H. Stapleton—I endorse what this council is doing for the taxpayers.
C. Marsh—Elect more men of the same kind.
A. B. Palmer—A taxpayer who does not like the present program shouldn't object to paying high taxes.

Fourth ward—P. J. LARSEN.

Jeff Myers—Am perfectly satisfied, and am surprised at the good results. The public service is not impaired and a heavy saving has been effected.
Chas. Weller—I believe that the members of the present city council in their efforts to control the running expenses and reduce the indebtedness of the city are entitled to and ought to receive the support of all who have the best interests of the city at heart. The fact that everything has not been accomplished is a poor excuse for disparaging an effort in the right direction.

G. Steiner—It is perfectly satisfactory, and am willing to trust the city's affairs in the same hands again.
A. M. Humphrey—I don't know how to better it.
Carey F. Martin—The administration of local affairs should not be political. The past year's work of the non-partisan council has been an unqualified success.
S. Farrar—A great improvement on the past. We are living within our means now and we ought to continue to do so.
Barr & Petzel—We haven't much to say, but we want to see the good work continue.
J. M. Wallace—Fully satisfied with the management of city finances.
W. A. Cusick—Notwithstanding I am and always have been and expect to be unqualifiedly a Republican, where their principles are at stake, I feel amply justified in upholding the business-like methods employed by the present non-partisan city government. I would feel that I was falling short of doing my duty if I did otherwise. This is surely a business transaction and wholly devoid of political significance.

W. H. Holmes—Am in favor of present methods. It is the best city government we have had for a number of years.
F. A. Turner—The showing made by the present city management is something that our citizens should be proud of irrespective of party.
G. W. Johnson—Very well satisfied with the present management of affairs.
J. H. Albert—Am satisfied with present financial management in saving the credit of the city, especially in funding city debt, which was the paramount financial question.
J. J. Dalrymple—Always pleased to see good business management, and I believe we now have it. We should have a little better protection against transient auctioneers.
Guy M. Powers, agent for the O. R. & N. Co.—The Citizens' administration has been a financial success, and should be retained in power, but I think the fire department should be strengthened.

H. A. Thomas—I am a Republican to the backbone, but I supported the citizens' ticket and am proud of the results. We want more of the same deal.
G. W. Watt—I like what we are getting in the way of economy in city matters.
M. Bredemeyer—Am pleased with what has been done, and hope to see the present methods continued and intensified.
Prosecuting Attorney S. L. Hayden was seen as to the status of criminal matters the past year. He referred to the records, which show that crime within the city has decreased greatly during the past twelve months.
J. S. Cook, attorney—Favorable to non-partisan administration. It is a big improvement on the past.
E. F. Osburn—Of course I favor the acts and record of the present council. We want it continued.
B. J. Fry—Favorable to the present administration as a very good one, and hope to see it continue.
Werner Breyman—While I did not support the present administration, I am proud of their record and hope to see it continued. I am very much in favor of eliminating politics from municipal affairs.
Wm. Brown—Am really well pleased with the manner in which the finances of the city have been managed, so far as I can judge without going into details.
J. I. Thompson—Am satisfied with what has been done. Saving \$10,000 has gone in the hole that much.

THE CITIZENS RATIFY.

D. B. Steeves—Am well satisfied with the present administration. It is the only one we have ever had run on business principles. It has been for the benefit of the people and not a few ringsters.
Judge R. P. Boise—I consider the present administration of affairs the best our city has had for over twenty years. If our city ever expects capital to come in our taxes must be reduced, and the present council has made a good start in that direction.
J. Conner—I approve of the present policy and feel confident that it will be still further improved.
M. W. Hunt—The administration has made a very favorable showing, and there is no reason why any worse should be made.
A. H. Forstner—It is going all right to my notion.
G. P. Dalney—I think the present methods are all right, and hope that they will be continued.
J. A. Jeffrey—The plainest principles of good business demand the strongest for the city of Salem respectfully request that you consent to again become a candidate for alderman from said ward. Your record for the past year has been most commendable. You have kept every pledge contained in the platform on which you ran when elected, and it is our desire that you continue the work you have so far so well performed.
Mayor Bishop moved that the acceptance and nomination be duly ratified by this meeting. Carried.
SPEECHES WERE MADE.
Dr. W. A. Cusick was called out and declined to wax eloquent at anyone's expense. He said the only charge that could be brought against those present was that they were benefiting every taxpayer, even the opposition.
The record of Citizen's administration was a conclusive argument to anyone who could read. They were told the city could not be run otherwise than about ten thousand a year behind. This had been demonstrated to be a fallacy. Bankruptcy was not the inevitable destiny of this fair city. No man of intelligence wanted to go back to the old regime.
He wanted an administration that would make it possible to live in this city. It was a cold day when the Push could not even find candidates. But they were not asleep. They were sleek

W. W. Hall, the present efficient county clerk, was a class-mate at the State Agricultural college of Ira E. Allen, the Citizens' candidate for councilman in the Second ward, and speaks in the highest terms of his ability and accomplishments. He gives his friend credit for having the three requisites for a good councilman, viz: He is honest, he is a good parliamentarian and business man.

IRA E. ALLEN.

The Citizens' nominee for alderman in the Third ward is Ira E. Allen, of the firm of Allen & Bowersox.
Mr. Allen is 32 years of age. He is a native son of Oregon, having been born in Corvallis. He was educated at the public schools of that city and at the State Agricultural College, from which he graduated in 1880.
For a number of years he lived in Portland, being book-keeper in a wholesale machinery establishment.
In 1892 he was married to Miss Addie Bowersox.
Coming to Salem, he, with his brother-in-law, Mr. Bowersox, bought out the store of J. M. Long, on State street, and after successfully conducting it for some time, they bought out the Yew Park grocery store of A. F. McAtee and have worked up the business of both establishments.
Mr. Allen is quiet and gentlemanly in his manner, attentive and reliable in his business, and has the esteem of all his acquaintances. He is a life-long Republican, and a thorough business man.
