INTERVIEWS.

Below are given short interviews with many of Salem's best business men, citizens and taxpayers, with reference to the present administration of city affairs, all of which speak well for the same. Among them are not a few who did not support the movement a year ago, but after the showing that has been made they cannot refuse to accept the results. Many more who are timid about publishing matters, endorse what has been done and give their unqualified support, but do not care to be quoted. The plain truth is the sentiment for good city government is almost unanimous.

A. N. Moore—We should have a ticket that will be a guarantee of continuing the good methods of the present administration. The present regime has given excellent satisfaction, especially to the taxpayers.

R. J. Fleming—I think considerable money has been saved the past year, and that the city's affairs have been carefully handled.

N. J. Damon—The Bishop administration has been the cleanest, most progressive, economical and business-like that Salem has had within my knowledge.

A. Bush—I favor non-partisan administration of municipal affairs. It cannot be denied that the trial in Salem has been successful.

F. T. Carey, manager for the Salem branch of the Mitchell, Lewis & Staver Co.—It has been a success financially, and any man who has taxes to pay ought to endorse the present council with his vote.

J. Q. Wilson—I favor the administration as far it keeps within its income. What we can't pay for we should do without. Don't favor selling part of the park for a post office site.

S. T. Northcutt—I think it's all right. We want more of the same kind of men. The present administration should be sustained.

CITIZEN'S NOMINEES.

First ward—T. BURROWS.
Second ward—A. B. BUREN.
Third ward—I. E. ALLEN.
Fourth ward—P. J. LARSEN.

O. E. Krause—The administration generally is a big improvement on what we have had in the past.

T. Holmerson—We can't do any better than keep the same kind of men in office. It's the best administration we have had.

F. A. Higgins—I am opposed to partisan politics. We should elect men on merit only. The present administration has demonstrated that they know what they are about, and should be upheld.

Steuiloff Bros.—It is strictly all right, and a few years more of the same medicine will fix our city all right.

J. G. Wright—Financially, the best administration we have had for years, but it is time to begin improving our fire department.

W. A. Moore—Fully satisfied with present management.

P. J. Larsen—Well satisfied with the past year's work, and favor the plan of living within our means.

W. F. Boothby—Present administration is a financial success and I hope to see it continued. We are in better shape than we have been for years. Keep politics out.

Ashley White—Very much in favor of present business-like administration.

H. Stapleton—I endorse what this council is doing for the taxpayers.

C. Marsh—Elect more men of the same kind.

A. D. Palmer—A taxpayer who does not like the present program shouldn't object to paying high taxes.

Jeff Myers—Am perfectly satisfied, and even surprised at the good results. The public service is not impaired and a heavy saving has been effected.

Chas. Weiler—I believe that the members of the present city council in their efforts to control the running expenses and reduce the indebtedness of the city are entitled to and ought to receive the support of all who have the best interests of the city at heart. The fact that everything has not been accomplished is a poor excuse for disparaging an effort in the right direction.

CITIZEN'S NOMINEES.

Second ward—A. B. BUREN.
Third ward—I. E. ALLEN.
Fourth ward—P. J. LARSEN.

G. Steiner—It is perfectly satisfactory, and am willing to trust the city's affairs in the same hands again.

A. M. Humphrey—I don't know how to better it.

Carey F. Martin—The administration of local affairs should not be political. The past year's work of the non-partisan council has been an unqualified success.

S. Farrar—A great improvement on the past. We are living within our means now and we ought to continue to do so.

Barr & Petzel—We haven't much to say, but we want to see the good work continue.

J. M. Wallace—Fully satisfied with the management of city finances.

W. A. Cusick—Notwithstanding I am and always have been and expect to be, unqualifiedly a Republican, where the principles are at stake, I feel amply justified in upholding the business-like methods employed by the present non-partisan city government. I would feel that I was falling short of doing my duty if I did otherwise. This is purely a business transaction and wholly devoid of political significance.

CITIZEN'S NOMINEES.

First ward—T. BURROWS.
Second ward—A. B. BUREN.
Third ward—I. E. ALLEN.
Fourth ward—P. J. LARSEN.

W. H. Holmes—Am in favor of present methods. It is the best city government we have had for a number of years.

F. A. Turner—The showing made by the present city management is something that our citizens should be proud of irrespective of party.

G. W. Johnson—Very well satisfied with the present management of affairs.

J. H. Albert—Am satisfied with present financial management in saving the credit of the city, especially in funding the city debt, which was the paramount financial question.

J. J. Dalrymple—Always pleased to see good business management, and I believe we now have it. We should have a little better protection against transient auctioneers.

C. M. Powers, agent for the O. R. & N. Co.—The Citizens' administration has been a financial success, and should be retained in power, but I think the fire department should be strengthened.

H. S. Gile—Intensely pleased with showing that has been made.

H. M. Branson—Am well satisfied with our trial of non-political city government. It's a success.

D. S. Bentley—Favor the present sound financial policy.

L. B. McClaine—The best administration we have ever had within my memory.

J. Q. Barnes—Are fully satisfied with present financial management, showing a good surplus instead of a deficit.

C. L. Dailey—A very good showing has been made in the way of sound financing.

Geo. J. Pearce—Am so well satisfied that I would like to see the non-partisan administration continued.

Gilbert Bros.—We heartily approve of the present methods and the improvement of our financial policy.

Eugene Breyman—Favor the present council as the best we have had for years. We can't afford to change off for the push again.

First ward—T. BURROWS.
Second ward—A. B. BUREN.
Third ward—I. E. ALLEN.
Fourth ward—P. J. LARSEN.

H. A. Thomas—I am a Republican to the backbone, but I support the citizens' ticket and am proud of the results. We want more of the same deal.

G. W. Watt—I like what we are getting in the way of economy in city matters.

M. Bredemeyer—Am pleased with what has been done, and hope to see the present methods continued and intensified.

Prosecuting Attorney S. L. Hayden was seen as to the status of criminal matters the past year. He referred to the records, which show that crime within the city has decreased greatly during the past twelve months.

J. S. Cook, attorney—Favorable to non-partisan administration. It is a big improvement on the past.

E. F. Osburn—Of course I favor the acts and record of the present council. We want it continued.

D. J. Fry—Regard the present administration as very good one, and hope to see it continue.

Werner Breyman—While I did not support the present administration, I am proud of their record and hope to see it continued. I am very much in favor of insinuating politics from municipal affairs.

Wm. Brown—Am really well pleased with the manner in which the finances of the city have been managed, so far as I can judge without going into details.

J. L. Thompson—Am satisfied with what has been done. Saving \$10,000 has been going in the hole that much.

Judge R. P. Boise—I consider the present administration of affairs the best our city has had for over twenty years. If our city ever expects capital to come in our taxes must be reduced, and the present council has made a good start in that direction.

J. Conner—I approve of the present policy and feel confident that it will be still further improved.

M. W. Hunt—The administration has made a very favorable showing, and there is no reason why any worse should be made.

A. H. Forrester—It is going all right to my notion.

O. P. Dabney—I think the present methods are all right, and hope that they will be continued.

J. A. Jeffrey—The plainest principles of good business plead the strongest for the continuation of the present city management. That system of government which gives its people an efficient public service, with an economical expenditure of money, is the best system. It commends itself to the prudent taxpayer. It is in harmony with the progressive spirit of the age.

Whereas, The ring of professional politicians that is responsible for the city's deplorable financial condition and whose members have reaped profit while the city has reaped woe are now engaged in a desperate effort to fasten yet other years of their wasting management on this city; therefore be it

Resolved, That we, as independent citizens, acting in a non-partisan capacity, do hereby pledge our nominees if elected, to the strictest economy in the management of municipal affairs, in fact to such economy as will bring the city's expenditures within its income.

Resolved, Further that we pledge both our candidates for recorder and marshal to accept for salary, if elected, the sum of \$1000 per year, each, and no more; turning into the city treasury all sums received in fees (whether for services for the city or ex-officio for the

THE CITIZENS' PLEDGES

Commands Put Upon the Non-Partisan Convention in 1898.

Read Them Over and Judge for Yourself Whether They Have Been Adhered To.

[All the Citizens' candidates for aldermen are pledged to continue the city government for 1900 on the lines of the past year as follows:]

Whereas, The city of Salem is now in debt approximating the large sum of a quarter of a million dollars, and

Whereas, About all the city has to show, for this large sum is a city hall, a few sewers, an interest in the bridge across the river, the fire apparatus and one street grader, costing in all (?) round numbers, and

Whereas, A majority of the city council has for years successfully opposed any and all endeavors to cut down running expenses and to live within the city's income, and

Whereas, Valuable franchises to corporations that other cities have been paid large sums to grant, have been given away, and

Whereas, The ring of professional politicians that is responsible for the city's deplorable financial condition and whose members have reaped profit while the city has reaped woe are now engaged in a desperate effort to fasten yet other years of their wasting management on this city; therefore be it

Resolved, That we, as independent citizens, acting in a non-partisan capacity, do hereby pledge our nominees if elected, to the strictest economy in the management of municipal affairs, in fact to such economy as will bring the city's expenditures within its income.
