L. W. Stone,

Autia, Iowa, served his country during the late war at the expense of his health. The story concerning his restoration to health is given below in his own words:

"When I returned from the army my constitution was broken down. I suffered extreme nervousness, and indigestion. Physicians did not help me until one prescribed Dr. Miles' Nervine, and today I am in better health than I have been for thirty years."

LAW IN ISLE OF GUAM

Abolishes Slavery and Amended the Marriage Laws.

HAS LICENSED LIQUOR-SELLING.

Drunkenness is the Chief Source of Crime and Trouble in the Island—No Land Can Be Sold Without Consent of Government—One Order is Intended to Cure Laziness—Celebrations Held Indoors.

BALTIMORE, Jan. 4.—Captain Peter Henry, U. S. A., stationed at Fort McHenry, has received a letter from his brother, Captain Richard P. Leary, governor of Guam, in the Ladrones islands, which contained a number of interesting documents pertaining to the affairs of the new possessions of the United States. The first Thanksgiving proclamation ever seen by the inhabitants of the island was issued by Governor Leary.

Governor Leary has already caused slavery to be abolished in the islands, compelling a number of friars to leave the place, and has amended the marriage laws in regard to polygamy. One of his recent orders states that it is prohibited to import or sell intoxicating liquors in the islands except by a special license issued by this government, and that violation of the order will be punished by a fine of \$100 or imprisonment for 30 days or by both. For a second offense all of the offender's goods may be confiscated.

"Drunkenness, says the order, 'is the chief source of all crime and trouble in this island and shall cease.' A second order says: 'For the protection of government interests and as a safeguard against the machinations, devices and schemes of speculators and adventurers, it is hereby ordered that all persons who claim ownership of land in this island, or its dependencies, are prohibited from selling or transferring any portion of such property without first obtaining the consent of the government. Violation of this order may be punished by fine or imprisonment or both.'

Captain Leary states that he is making every effort to teach the natives to be self-supporting. An order issued to further this idea follows: 'That all other orders, the exportation of hogs, cattle, fowls, rice, eggs, corn and sweet potatoes from this island is hereby forbidden. Articles of food may be delivered to vessels in sufficient quantities for the subsistence of those on board during their stay in port and their passage to the next port of destination. The delivery of such articles of food to ships is prohibited without a government license.'

In consequence of the liability of riots the following order was issued: 'Public celebrations of the feast days of the patron saints of villages will not be permitted. The church and its members may celebrate its feast days in private residences in accordance with the regulations for the maintenance of the public peace, and unless otherwise ordered by the United States statute laws and by the proclamation of his excellency, the president of the United States.'

Ordinary Sleeper--A New Feature in Western Travel.

The Pullman Company now operates two grades of sleeping cars via the Rio Grande Western Railway. The ordinary sleepers are entirely new, and the berths, both upper and lower, are fitted up completely with mattress, blankets, sheets, pillows, curtains, etc., with stoves arranged for making tea, coffee, etc., requiring nothing to be furnished by passengers. Uniformed Pullman porters are in charge of the cars, who are required to keep them in good order and attend to the wants and comforts of passengers. The cars are very handsome and commodious, and while no steaks, or other delicacies, are served, they are just as comfortable as a first-class car. Both first and second-class passengers are permitted to occupy these cars on payment of the Pullman berth rates, which are less than half of the rates charged in the regular palace sleeping cars.
