LITERARY NOTES

The Macmillan company announced on January 1, 1900, the publication, in America and England, of a new monthly magazine entitled *The International Monthly*—A Magazine of Contemporary Thought. The object of the journal is to make more accessible and to offer in a literary form to the general reader the work and progress of the several departments of knowledge; to publish essays by scholars both in this country and abroad, and present in a manner simple and clear, Contemporary Thought. In each number there will be not less than five essays. The price is \$3 per year. Address, International Monthly, Burlington, Vt.

Frederick, the Vossische archives tell us, was fond of writing criticisms on his own prima donnas, tenors and dancers, cajoling or damning them in most forcible, unorthographic language, as it suited his pleasure or the budget of his opera house, while Humboldt varied the monotony of his essays occasionally by some such "Letter to the Editor" as this: "I fail to understand on what pretext the censor suppressed my innocent verses on Countess Lottum's garters. Was it necessary to send the garters and the legs belonging to them to police headquarters to convince the Censors that the description was authentic and not exaggerated?" Humboldt. "From 'Great Newspapers of Continental Europe, 1. German Newspapers." By Henry W. Fischer, in January Bookman.

McClure's Magazine for January. Dr. Watson "Ivan Maclaren" makes a fine beginning of his "Life of the Master" in McClure's Magazine for January with chapters covering the period of youth and childhood. His method is so make full and coherent record of the outer, material facts, but at the same time, make plain all of the inner, spiritual significance; and the result is a presentation interesting as pure narrative and yet of high poetic and devotional quality.

Dr. Bull's Cough Syrup That Marvelous medicine for throat and lung troubles, quickly relieves and cures the painful breathing and dangerously sounding cough, indicative of congested lungs. No other remedy is its equal.

The modern cure for constipation—the famous little pills known as De Witt's Little Early Risers. Stones Drug Stores.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 96 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growth, power to the impoverished roots and hair shafts, resulting in complete restoration.

The Ordinary Sleeper--A New Feature in Western Travel.

The Pullman Company now operates two grades of sleeping cars via the RIO GRANDE WESTERN RAILWAY. The ordinary sleepers are entirely new, and the berths, both upper and lower, are fitted up complete with mattresses, blankets, sheets, pillows, curtains, etc., with stoves arranged for making tea, coffee, etc., requiring nothing to be furnished by passengers. Uniformed Pullman porters are in charge of the cars, who are required to keep them in good order and attend to the wants and comforts of passengers. The cars are very handsome and commodious, and while not so elegant as the Pullman Palace sleepers, are just as comfortable as standard or palace sleepers. Both first and second-class passengers are permitted to occupy these cars on payment of the Pullman berth rates, which are less than half of the rates charged in the regular palace sleeping cars.

The ordinary sleepers are carried daily on trains via RIO GRANDE WESTERN RAILWAY between Denver and San Francisco and Portland. On five days in each week the sleepers are run through between Los Angeles and San Francisco, or Portland and Denver. Omaha, Chicago and Boston.
