BOER PRISON AT PRETORIA
English Officer Writes of the Good Treatment
Prisoners Receive Clean Clothing and Plenty to Eat and Allowed Some Freedom.

New York, Jan. 11.—A dispatch to the Herald from Paris says: The Figaro publishes a long letter which an English officer, a prisoner in Pretoria, has written to a member of his family. The writer says:
"We are completely cut off from all news of the outside world, and are not allowed to see the newspapers. We know, however, of Lady Smith being bombarded. Here we are prisoners of war, and I assure you that it is a pitiful condition. Sometimes I feel as if I were going mad, and wish I had been shot. We had hoped that we should be released on parole, but the Boer authorities do not appear to understand what parole means, and seem to think that we should not keep our word.
"As far as health goes, we are well and very well treated. We sometimes receive visits from those in command at Pretoria—the secretary of war, field cornets, chief magistrate and others. They are all very polite but are under the firm impression that their prisoners are not well treated by us, and they are convinced that our troops use 'dam-dam' bullets. At first we were nine officers prisoners and about 180 men, but the other day our number was increased by 54 officers, almost all officers of the Gloucester regiment and Royal Irish Fusiliers, with Colonel Carleton, so that now we are about 54 officers and 1400 men.
"In front of the building there is a veranda on which we sit and watch the people go by. The government gives us canned beef, bread, and water to drink and from time to time fine juice. Once a week we get potatoes. Happily we are now allowed to buy whatever we please, so we have been able to organize a mess, and our menu is reinforced by bacon, porridge, preserved vegetables, pickled meats, pickles and tobacco.
"Each day we send out our orders, and the things come later. Of course, when taken prisoners we had only what was on our persons, so we had to purchase many necessities, such as soap, soap, toothbrushes, hairbrushes and combs. The Transvaal government, however, has given to each of us an iron bedstead with mattress and pillow, a pajama suit, slippers, flannel shirt, pocket handkerchief, towels, socks, etc. We also received ready made suits, as our kitchi uniforms were too much worn.
We officers live in a large building that was formerly used as a school house. The men are still kept on the race course. We are certainly far more comfortable than we were on the race course, for this is a stone building, while on the race courses are nothing but zinc sheds. It is, however, not so warm as the race course prison. We are not so much annoyed by flies, but at night there are a good many mosquitoes. We are guarded night and day by a strong police force, although none of us have any intention of trying to escape. We are surrounded by iron palisades. Behind the house there is a small grass plot, on which a little zinc hut has been erected to serve as a kitchen.
"Here tents have been put for servants. We were allowed to bring 10 men from the racecourse to act for us. There are also tents for the guard and a zinc hut which does duty as a bathroom. We rise at 6:30 o'clock and indulge in a cold bath. When I am dressed I walk around the building eight times, which makes a mile. At 8:30 we breakfast on porridge, bacon, sardines, butter, jams and tea or coffee. They give us the tea and coffee and bread, and the rest we buy. After breakfast we generally read and smoke until lunch time, at 1 o'clock, when we get beer, bread, butter, jam and water.
"The afternoon seems very long. At 4:30 we have tea, and at 7 dinner. After dinner some of us play whist or chess, while others read. I generally go to bed at 9:30 o'clock. Our checks are provided. They are countersigned by the senior officers and cashed."
Dr. Bull's Cough Syrup conquers croup of oxen, cures the cold, and saves many a life. Mothers need not fear that drooping children, if they have this reliable remedy at hand. It is sold by all druggists for 25 cents.

Dr. J. F. Cook, the Botanical Specialist, Succeeds Where Other Fail.
To whom it may concern:
This is to certify that Bertha P. Conner, of Mt. Angel precinct, Marion county, Oregon, has suffered from a cancerous growth in the left ear for about three years. The growth was cut out twice as ordered once by Albany Physicians but the growth came back as bad as ever, and pained her so badly that she had to be taken from school. After three weeks' treatment by Dr. J. F. Cook, of Salem, Oregon, the Botanical Specialist, the growth entirely disappeared, and at this date, four months since treatment was begun, the growth has not reappeared, and the ear has fully healed leaving only the scars indicated by the Albany doctors.
I hereby certify that the above statement is absolutely true, and that Bertha P. Conner, the person mentioned in the affidavit, has resided in my family since early childhood, bearing the relationship to me of niece.
