GEN. WARREN TAKES SPIONKOP

Surprises a Small Garrison of Boers and Holds the Hill.

GENERAL WOODGATE IS REPORTED WOUNDED.

The Unexpected News is Taken With Some Reservations at the War Office.

Suggested That the Boers Have Decoyed and Surrounded the British--Buller's Reports Somewhat Unsatisfactory.

By Associated Press to the Journal. LONDON, Jan. 25.—The jubilation over Warren's achievement in capturing Spionkop Tuesday night is chastened by the realization that the success is only provisional, as it appears clear from Buller's dispatch that the Boers had not abandoned the hope of re-capturing the position.

Six thousand troops awaited his arrival at Cape Town, and since then 6,000 others have reached there. The military critics are all hoping that a good share of these 12,000 have gone to help General Buller, and they argued that a few days' wait may make him strong enough to overcome the deadlock.

According to Buller's dispatch the "small garrison was surprised." His subsequent statement that "our losses were considerable" indicated that the British suffered greatly from the shell fire from the further Boer position.

There are 19,000 troops at sea, and this heavy weight on the British side is expected to destroy the equilibrium now existing on every field of operations. The British loss up to date, in killed, wounded and captured according to Buller's last list, totals, 8,116 men.

General Warren's Victory. LONDON, Jan. 25.—The war office has just issued the following dispatch from Spearman's camp, dated January 25, 12:10 a. m.: "General Warren's troops last night occupied Spionkop, surprising the small garrison, who fled."

The French liner Gironde has arrived here, crowded with military-looking foreigners bound for the Transvaal. These include 50 Russian ambulance men, with Germans, Frenchmen, Italians and Greeks. Herr Potta, the Transvaal consul general here, has arranged for their conveyance to Pretoria by a special train.

Prospects and Probabilities. LONDON, Jan. 25.—(Thursday, 4:15 a. m.)—The assemblage in Pall Mall, outside the war office, and those privileged to wait in the lobbies, reluctantly dispersed at midnight after the final word that nothing would be announced.

At Modder River. LONDON, Jan. 25.—A correspondent of the Times at Modder River, telegraphing Tuesday says: "The reports of deserters agree that the situation of the Boers at Magersfontein is becoming unbearable, because the camp is unsanitary, enteric fever is spreading and vegetables are wanting."

Bombarded the Boer P. situation. LONDON, Jan. 25.—The Daily Telegraph publishes the following dispatch from Spearman's farm, dated Tuesday, January 23, 9:30 p. m.:

"Monday, Sir Charles Warren's force cannonaded and fusilled the Boer position west of Spionkop, near the Acton Homes road. A lyddite battery co-operated with the other batteries and Maxims. Certainly the fire was heavy, causing the enemy serious losses. The Boers, however, clung desperately to their works, from which they are only being very slowly driven."

Today, the enemy fired their guns oftener using also the captured 15-pounders with shrapnel. Our casualties today were less than those of yesterday.

"The fighting began about 6 in the morning and continued until dark, but there has been nothing like a general engagement. The big naval guns as-

isted from Potgieter's drift in shelling the Boer positions." A dispatch to the Times from Spearman's camp, dated Tuesday, 9:30 p. m. says: "The Boers today had more guns and preparing to fight almost interminably, having entrenched their ridges, which stretch is almost unbroken line from the Drakensburg many miles eastward."

GREAT COAL SYNDICATE

Oregon Lines of Railroad to Control the Wyoming Output.

By Associated Press to the Journal. CHEYENNE, Wyo., Jan. 25.—The Union Pacific, the Oregon Short Line and the Oregon Railroad & Navigation Company, with the Diamondville & Kemmerer Coal Companies, are forming a big syndicate to control thousands of acres of valuable coal lands in Western Wyoming, and the output of the mines. They propose to construct a line of railroad from the Diamondville and Kemmerer coal mines on the north, a distance of 60 miles, to the Aspen coal mines of the Union Pacific, on that road.

The new line will traverse a tract of land 50 miles square, which is underlain with an excellent quality of bituminous coal, and which will be controlled by the combination. A large number of mines are to be opened along this line of road, the product going to market via the Union Pacific on the south and the Oregon Short Line and Oregon Railroad & Navigation road on the north.

United States Ambassador Choate called twice on Lord Salisbury yesterday, which was the regular diplomatic day.

AN AGENT OF AGUINALDO.

Mabini's Proposition for a Civil Commission Not to Be Considered.

By Associated Press to the Journal. NEW YORK, Jan. 25.—A special to the Herald from Washington says: The proposition made by the Filipino leader, Mabini, for a civil commission to treat with the Filipinos will not be considered by the administration until Aguinaldo surrenders, and in official circles the general disposition is to regard Mabini's request as another play for delay.

Postmaster General Charles Emory Smith says of Mabini's message: "A proposition of Aguinaldo's agent for making the desires of the Filipinos known to the civil representatives of this government is perfectly feasible. It is all in Aguinaldo's own hands. He knows perfectly well the terms of peace, which mean surrender, acknowledgment of American sovereignty and the fullest measure of self-government, which will be framed after fully ascertaining the desires and capabilities of the Filipinos."

Other administration officials read in a friendly spirit the message from Senor Mabini. In effect they say that Senor Mabini is requesting just what the administration has contemplated doing for the Filipinos.

KENTUCKY JUSTICE.

1000 Loyal Blue Grass Citizens March to the Capitol.

By Associated Press to the Journal. FRANKFORT, Ky., Jan. 25.—A special train bearing more than 1,000 men carrying Winchester rifles, arrived at Frankfort this morning. Gov. Taylor stated that the men were not soldiers. He disclaimed any knowledge of the identity or purpose of the visitors. The men marched to the state house, and stacked their guns. They were all provided with badges, bearing the portrait of Gov. Taylor. Ex-Secretary of State Finley, addressed the visitors. He said the object of the gathering was to see justice done.

AGAINST ROBERTS

All Speakers in Congress Opposed to Seating Him.

CHINESE MINISTER AT WASHINGTON SURPRISED

Says the Alleged New Emperor is Unknown and No Notice of His Appointment is Received

In the Senate. By Associated Press to the Journal. WASHINGTON, Jan. 25.—Cockrell reported a substitute for Pettigrew's resolution calling for information regarding the Cour d'Alene mining trouble. The substitute calls upon the secretary of war to submit to the senate copies of all orders given general Merriam and officers under him, and especially any proclamation by General Merriam, and as to the treatment and care of civilian prisoners. The resolution passed.

In the House. WASHINGTON, Jan. 25.—This is the last day for debate on the Roberts issue. Sims of Tennessee, made a legal argument in favor of seating and then expelling Roberts. Johnson, of West Virginia, advocated direct expulsion. Brosius, of Pennsylvania, argued that in the first crisis of the nation's good name and fame the will of the people should be executed.

Grout, of Vermont, supported exclusion. Talbert, of South Carolina, said in case of such abnormal and defiant immorality technicalities should not weigh.

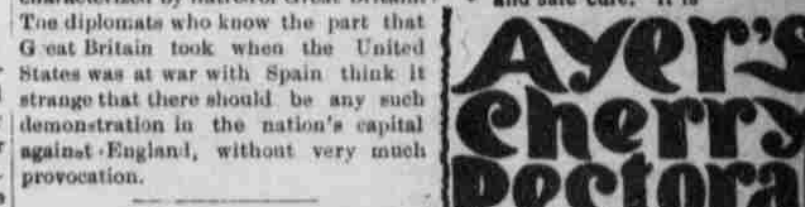

Adamson, of Georgia, said the violation of the statute against the unlawful cohabitation entitled the offender to membership in the penitentiary rather than in the house of representatives.

LAST OF THE INSURGENTS.

Dispersed by Gen. Schwan at Laguna de Bay With Little Loss. WASHINGTON, Jan. 25.—Gen. Otis' report received this morning indicates that Gen. Schwan is conducting a campaign south of Luzon with the greatest energy. He has located southeast of Laguna de Bay what is probably the last considerable force of insurgents that remain in the old command, and today's report shows that with a small loss to himself and a heavy loss to the enemy he has managed to completely disperse this force, probably beyond the possibility of reconstruction.

On Guard

The warning cough is the faithful sentinel. It tells of the approach of consumption, which has killed more people than war and pestilence combined. It tells of painful chests, sore lungs, weak throats, bronchitis, and pneumonia. Do not suffer for another day. It is useless, for there's a prompt and safe cure. It is

Ayer's Cherry Pectoral which cures fresh colds and coughs in a single night and masters chronic coughs and bronchitis in a short time. Consumption is surely and certainly prevented, and cured, too, if taken in time. A 25c. bottle for a fresh cold; 50c. size for older colds; \$1 size for chronic coughs and consumption.

"I always keep a bottle of Ayer's Cherry Pectoral on hand. Then every time I get cold I take a little of it and I am better at once." JAMES C. BRONSON, Oct. 19, 1898. El Paso, Texas.
