ENGLISH RETREAT FROM SPIONKOP

Gen Warren's Garrison Abandoned the Coveted Hill in the Night

MANY OFFICERS "SNIPED" BY BOER SHARPSHOOTERS

Col Buchanan Riddell, of the King's Royal Rifles Among the Killed

The Prince of Wales Reviews the First Contingent of British Yeomanry-- General Woodgate Dies From His Wounds-- Leyd's Opinion of Spionkop

By Associated Press to the Journal. LONDON, Jan. 26.—The war office has posted the following from Buller, dated Thursday:

Gen. Warren's garrison, I am sorry to say, I find this morning had in the night abandoned Spionkop.

Buller's Casualty Report. LONDON, Jan. 26.—Buller reports the British casualties on January 24 were: Killed—six officers, 18 non-commissioned officers and men. Wounded—12 officers, 142 non-commissioned officers and men, 31 men missing.

The killed include Col. Buchanan Riddell, of the King's Royal Rifles. It is not clear whether the casualties include those at Spionkop, or only those resulting from the fighting prior to the Spionkop engagement.

More Recruits. LONDON, Jan. 26.—Probably as the immediate effect on the receipt of the news of the abandonment of Spionkop by the British force under Warren, orders have been sent to Aldershot to have the Fourth cavalry division in readiness to embark for South Africa early in February.

Reviews the Yeomanry. LONDON, Jan. 26.—This morning the Prince of Wales inspected the first lot of Yeomanry, who start for South Africa tomorrow.

LONDON, Jan. 26.—As a matter of fact, Great Britain guesses that the point gained was more conclusive than it really was, hence the extreme reticence of feeling caused by Buller's announcement of the abandonment of Spionkop, considering that the Boers who held the position fled; that the British casualties in retaining it during subsequent attacks were heavy and that the strategical value of the point had still to be demonstrated.

There never was any great reason for throwing up of hats, and until further particulars arrive it is impossible to estimate to what extent the public disappointment will be justified. It is impossible at present to say whether the British suffered a reverse, or whether the movement was dictated by strategic reasons. Whatever may be the explanation for the abandonment of Spionkop by the British it will doubtless have the same temporary moral effect as a reverse.

At the war office, Buller's dispatch caused something in the nature of a consternation. The only official comment apparently that "Warren's position was too hot to hold."

The cabinet met this afternoon and doubtless the ministers have fully con-

sidered the new situation. Military circles made no effort to conceal their chagrin, expressing the gravest fears as to the ultimate fate of Ladysmith.

Such authorities as Major-General Carrington and Lord Gifford would not be surprised to hear of the capture of White's force within a week. While Warren is not blamed for retreating under what is supposed to have been a heavy shell fire, he is severely criticized for occupying a position to which he could not bring up artillery.

Boer Casualties Reported By British. LONDON, Jan. 26.—A dispatch from Durban says the Boer losses on the upper Tugela during the fighting of Sunday last were very great. Warren's men captured 100 prisoners and 300 Boers were found dead in one trench.

Long Cecil Collapses. PRETORIA, Jan. 26.—The federal forces have started a heavy bombardment of Kimberley. The garrison's new gun carried five miles, but collapsed after a few shots.

Two hundred lancers made a sortie from Ladysmith under cover of a heavy fire from the forts opposite the Laager of the Pretoria command. The British retired with evident loss. The heavy cannonade started on the morning of the 24th still continues.

Recruits Arrive. CAPE TOWN, Jan. 26.—The British transport of the Lancaster corporation has arrived.

All London Dejected. LONDON, Jan. 26.—Almost simultaneously with the posting of Buller's dispatch at the war office this morning many carriages and cabs came rolling up, containing people with anxious faces, and the lobbies soon became crowded.

"Forced back." "Shelled out, I suppose." "Great heavens! he's had to go back." These and similar expressions were on all sides and with downcast countenances. The afternoon papers briefly comment on situation, preferring to await fuller particulars.

General Woodgate Dead. LONDON, Jan. 26.—Advices have been received from Spearman's camp that General Woodgate has succumbed to the wounds he received in the attack on Spionkop.

Buller Favours Hand to Hand Fighting. LONDON, Jan. 26.—In General Buller's letter to his troops, after warning them to beware of false orders, he concluded: "Our generals will only give one order namely, 'advance.' Should any one at any time be surprised by a volley at close quarters, he must remember that the only way to safety and victory lies in rushing upon the enemy, for one thing the enemy cannot stand is a hand to hand fight."

EATEN BY CANNIBALS. Captain and Crew of Schooner Nikamarra in Admiralty Islands. VICTORIA, Jan. 26.—Details have been received of the killing of the captain and crew of the schooner Nikamarra on one of the islands of the Admiralty group by native cannibals. It is said all the victims were eaten.

TERRIBLE EXPLOSION

Thirty Cases of Dynamite Smash Six Locomotives and Seventy Cars

Cause the Death of Five Men and the Wounding of Eight Others

By Associated Press to the Journal.

WILKESBARR, Pa., Jan. 26.—Five men were killed and eight badly wounded as the result of a runaway train and the explosion of dynamite that followed on the Central railroad of New Jersey, at Ashley last night.

Six locomotives and seventy freight cars wrecked. The accident was due to a train of freight cars running away and crashing into a locomotive. The shock exploded thirty cases of dynamite in one of the cars.

CITY HALL IMPROVEMENTS

The Sewer Gas Nuisance Effectually Dealt With.

The work at the city hall, having as its object the shutting off of odors of the fire department stables from the other parts of the building, has been completed by the carpenters and masons. The passages by which the "sewer gas" found its way under and through the floor of the second story have been effectually closed and a ventilating trough put in to carry off the stagnant air from between the floors. The trouble which has existed so long now seems to be at an end; but if it recurs again the council will continue energetic measures for its suppression.

London Life.

The English drama called "London Life," which Messrs. Murray & Long are successfully exploiting on this side, has been christened "The Triple Success" by reason of the great hit it is reported to have made in the principle theatres of the world, Paris, London and New York. As a play it is credited with a remarkable depth of heart interest, as well as unusual opportunities for emotional acting. It will be produced at Reed's opera house on Tuesday evening Jan. 30, with all its wealth of beautiful scenery, a very powerful company, beautiful music and some delightful specialties. It comes to Salem with the cordial and unqualified endorsement of the press of the Pacific coast and may be safely counted on as one of the exceptionally strong and meritorious productions of the season.

Free Musical Concert.

I most cordially invite you, one and all to hear this truly most wonderful invention of the present day. Geo. C. Will, 231 Commercial St. Opp. Bush's Bank.

Nicaragua Canal.

By Associated Press to the Journal. WASHINGTON, Jan. 26.—The house committee on inter-state and foreign commerce today reconsidered the Nicaraguan canal bill and changed the appropriation section so as to make \$10,000,000 available with authority to contract for the entire excavation and completion of the canal at a total cost not exceeding \$140,000,000.

WASHINGTON, Jan. 26.—The house voted down the minority report in the Roberts case, 81 to 244. The majority report, to exclude Roberts and declare the seat vacant, was adopted, 311 to 50.

Washington, Jan. 26.—Otis reports yesterday's movement in Luzon as follows:

Manila—Hayes' cavalry it is reported at Santa Cruz drove the enemy out of Luzena Tavabas and adjacent towns, rescued 20 Spanish prisoners and five women. The enemy dispersed. Our soldiers found a record dated the 15th, saying 11 American prisoners leave tomorrow, but know not to what place.

Frankfort, Ky., Jan. 26.—The political situation is quiet this morning. The resolutions adopted by the armed visitors yesterday will be offered to both houses of the legislature today.

The armed men, contrary to expectations, on the advice of the Republican authorities here, left Frankfort at 9 o'clock tonight. The consensus of opinion here is that the visitors misook this for the day on which the contest boards were to make their report.

The men were an hour getting aboard their train and amused themselves during the delay by discharging their guns. The people of the city gave them a wide berth. They are expected to return when the contest ends.

The arrival in Frankfort of this crowd armed with rifles might have terrorized a community less inured the unusual and sensational happening, but by nightfall the excitement caused by the appearance of the warlike visitors had subsided, and the people were prepared for another turn in the events now making history at the state capitol.

The train that bore the armed men was made up of 14 coaches. Apparently but few knew that it was expected. Lunch was served to the armed hosts at the rear of the state house. Most of the visitors wore badges of white ribbon.

adorned with a picture of Governor Taylor.

While it is generally believed that many of the men were soldiers, no person in authority will stand sponsor for the statement, while Governor Taylor and adjutant-General Collier disclaim any connection with them.

Philippine Commissioners. WASHINGTON, Jan. 28.—It is the purpose of President McKinley to inaugurate a civil government to supercede the military rule in the Philippines at the earliest possible moment, and he is favorably inclined toward a commission in lieu of a governor-general, and is discussing the question of available men for such a commission. If his present plans are carried out the Philippines will have all of the commissions they want to confer with, for in addition to a commission for the government of the islands, it is not unlikely that congress will appoint a joint commission to investigate the islands next summer and report to the next session as a guide for future legislation.
