REPORTED FRENCH HAS CAPTURED 800 BOERS

Rumored That Conscription Law Will Be Placed in Force February 14th

Mr. Wynham's remarkable declaration in the house of commons, that Great Britain will have in a fortnight 130,000 regulars in South Africa, 7000 Canadians and Australians and 25,000 South African volunteers, is received with wonderment.

Lack of transports and organization will not explain adequately why, when generals at the front request re-inforcements, they get them in rather small numbers.

Knowledge is slowly penetrating to London that large garrisons must be kept in Cape Colony to hold down the Cape Dutch, who, as every one knows outnumber the British residents there 3 to 2.

Cable scraps received during the last 12 hours do not further illuminate the military operations. Various independent correspondents confirm the report that General Buller told his troops January 28 that he hoped to relieve Ladysmith within a week.

A further list of casualties published by the war office brings the total from the crossing of the Tugela to the abandonment of Spionkop to 1985 officers and men.

Exceptional activity at the navy yards continues, but a correspondent of the Associated Press learns that this is chiefly new construction and refitting work. Three ships will be commissioned at Davenport this month.

Some unpleasant criticism of the war office has been caused by the discovery that the sights of Lee-Enfield carbines are defective. Old carbines have been supplied to the outgoing Fourth brigade of cavalry.

The only announcement regarding fresh military preparations is the formation of three additional batteries

England's Strength. LONDON, Feb. 2.--Wynham, parliamentary secretary for the war office, said, as regards the forces engaged, that exclusive of the eighth division and the fourth cavalry brigade, Great Britain had 142,000 foot and artillery; 3700 cavalry; 36 siege guns; 33 naval guns; 30 howitzers; 54 batteries of horse artillery, and 234 field guns, while the combined forces of the two republics were estimated in 1898 at 58,000 men.

Object of Leyd's Visit. BERLIN, Feb. 2.--It is strongly rumored in parliamentary circles that the chief object of Dr. Leyd's visit to Paris, Berlin and St. Petersburg is to induce France, Germany and Russia to intervene if Great Britain should attempt to seize Delagoa bay.

Candlemas Celebration. LONDON, Feb. 2.--Candlemas, the feast of the Purification of the Blessed Virgin, so called from being celebrated with processions and shows of candles, and also for the consecration of the lighted candles to be used in the church during the year is still generally observed as a holiday in England, as well as in Scotland and Ireland.

Reward for Helen Gould. NEW YORK, Feb. 2.--There will be decided opposition, it is stated in Washington, to giving Miss Helen Gould the thanks of congress, as proposed in a measure recently introduced.

Bryan and the Populists. DALLAS, TEX., Feb. 1.--Milton Park, editor of the Southern Mercury and chairman of the national committee of the middle-of-the-road populists, has

wired W. J. Bryan requesting a statement in regard to his political position. Mr. Park's message says: "Hon. W. J. Bryan, Providence, R. I.; Parties claiming to represent Nebraska, populists are submitting Southern populists this proposition: "First--Populist national convention to meet 30 days before Democrats, re-indorse Omaha platform and make direct legislation leading issue. "Second--Nominate you for president and a populist for vice-president. "Third--You be there and accept the nomination on that platform in writing. "Fourth--If Democrats fail to ratify this ticket, you to remain the populist candidate throughout the campaign. "Is this proposition adopted by your authority, and will you agree to abide by it? Answer by wire at my expense. "MILTON PARK, Southern Mercury and Chairman National Committee Populist Party."

Up to a late hour no reply to the above telegram has been received.

Two Criminals Arrested. ALBANY, OR., Feb. 2.--A darkey and a white man, tramps, were arrested while drunk in a saloon today, charged with holding up Chas. Dawson, of the Wells Fargo office late last night near the depot and taking \$16.35 from him. They had \$10, over the division of which they had been quarreling.

ATLIN MINERS TURNED DOWN. British Contend That Atlin are Not Treated Unfairly and That They Had Lost Nothing. CHICAGO, Feb. 2.--A special to the Tribune from Victoria, B. C., says: Premier Beaulieu today presented to the legislature the answer of his government to the petition of the American miners in Atlin to President McKinley against the alien exclusion act. The premier's letter to the secretary of state says the statement in the petition that four-fifths of the claims in Atlin were prospected and located by Americans, and that citizens of the United States lost millions through the passage of the act, are exaggerations and misstatements.

The government holds that men taking out miners' licenses did not acquire vested right.

Big Strike Imminent. Great Northern Labor Troubles Growing Worse--Conference Held Today. ST. PAUL, Feb. 2.--The Great Northern labor situation is critical today. A conference will be held late this afternoon, but neither side seems to hope for peace. The railroad officials continue preparations to fill the places of all who may leave their employment.

Gold Democrats. WASHINGTON, Jan. 2.--The Oregonian's special correspondent says: Hoke Smith, who was in the cabinet of President Cleveland today takes occasion to talk strongly against expansion and to assert that the South is practically a unit against the president's policy.

It is an unfortunate thing that the Cleveland Democrats, the only Democrats that have been able to gain the confidence of the country, are nearly all now joining Bryan and urging anti-expansion as an issue. They are sacrificing their opposition to silver and making it apparent to the Republicans that they will not support the policies of the Republican party, as long as there is no danger of going to a silver basis. These anti-expansion Cleveland Democrats are giving color to the assertion of certain Republicans that as soon as the gold-standard bill becomes a law the gold-standard Democrats will desert the Republican party and go over to Bryan.

EMBEZZLER RETURNED.

Wilson, Who Has \$6,000 Express Money Is Taken In Custody.

By Associated Press to the Journal. SAN FRANCISCO, Feb. 1.--R. V. Wilson, accused of the embezzlement of \$6,000 from the Great Northern Express Company, at Franklin, Wash., has started back to the scene of the alleged crime in the custody of Special Agent Hunt, of the Express Company.

Soudanese War. By Associated Press to the Journal. PARIS, Feb. 2.--A dispatch from Cairo confirms the report that a rebellion occurred among the Soudanese troops in Katrum.

Kentucky Delegation Protests. WASHINGTON, Feb. 2.--A delegation of Kentucky Democrats, consisting of Senator-elect Blackburn and representatives Rhea, Wheeler, Smith, Allen and Gilbert and Colonel Thompson, called upon the president today to protest against federal interference in Kentucky.

The Ohio Arrives, Having on Board One Hundred and Fifty Bodies.

SAN FRANCISCO, Feb. 2.--The transport Ohio, from Manila arrived today. The Ohio brought 150 bodies and two passengers.

HAL HIBBARD'S FUNERAL. Body Will Arrive on Tomorrow Morning's Overland. King L. Hibbard last night received a telegram from Dept. Quartermaster Long, worded as follows: "Remains of late Harry G. Hibbard, corporal Company K, Second Oregon volunteers, sent your care 6 o'clock tonight, via Wells Fargo express."

The train should arrive at 6:45 tomorrow morning. The body will be taken in charge by Worrick Camp of Spanish War Veterans. A guard of honor, consisting of twelve members of that organization, will meet the train and escort the remains to the First Methodist church, where they will lie until Sunday morning. The casket is too heavy to take up stairs to the armory, as it weighs over 400 pounds.

On Sunday morning the funeral cortege will start from the church and proceed in carriages to the Warren cemetery in the Waldo hills, where it is hoped to arrive at about 1 o'clock.

Religious services will be conducted by Rev. Geo. W. Grannis, after which Worrick Camp will give their deceased comrade the honors of a military funeral. Bugler Elwood Clark, of Corvallis, will take part and it is hoped Captain Gilbert, of the Second Oregon, also. Lieut. Murphy will be in charge of the firing squad.

A large number of the comrades and friends of the young man, who was an universal favorite, will be present.

Good Show. The Richards and Pringle Minstrels drew a good house last evening, the gallery being crowded. They gave an excellent performance especially the acrobatic acts.

Manager Hal Patton made his maiden speech before the public last evening announcing that after the roast given him by THE JOURNAL he had determined to reform, and the curtain would hereafter go up promptly at 8:15 if there wasn't two people in the house.

There will be another performance this evening by the same company with a change of songs and specialties. This is probably as good a minstrel troupe as was ever seen in Salem. The street parade is exceptionally fine.

RESISTS INJUNCTION

Gov. Taylor Excludes All Persons From the State Grounds.

TO PREVENT PAPERS FROM BEING SEVED ON HIM

President and Cabinet Decline to Interfere--Think There Isn't Sufficient Cause for Intervention

By Associated Press to the Journal. FRANKFORT, Ky., Feb. 2.--Goebel passed a comfortable night, and was somewhat better this morning.

Taylor Resists Injunction. FRANKFORT, Feb. 2.--Taylor this morning ordered that nobody be admitted to the grounds of the capitol under any circumstances, and passes which heretofore entitled holders to go through the lines were taken up. The object is to prevent any civilian from serving legal papers upon him. It is the intention of the Democrats to secure an injunction restraining Taylor from interfering with meetings of the legislature, and enjoining him and Lieutenant Governor Marshall from exercising the functions of state officers. Democrats will make a demand for admission to the legislative halls every day. Taylor gives no intimation of abrogating his proclamation calling for the legislature to assemble at London. Many Republicans went home, all intending to go to London on Monday.

Will Not Interfere. WASHINGTON, Feb. 2.--After a cabinet meeting this afternoon the following statement was made: "The president and cabinet decide that no cause has yet arisen to justify the intervention of the national government in Kentucky, and so informed the Governor."

Significance may attach to the use of the word "governor" in this statement, as the reply was directed to Taylor.

Asking for Injunction. FRANKFORT, Feb. 2.--Democratic members of the legislature today filed a lengthy petition in the Franklin county circuit court, asking for an immediate injunction enjoining and restraining Taylor and all others from removing the legislative body from Frankfort, and also from preventing by force the plaintiffs from entering the statehouse.

Another Assassination. MIDDLESBORO, Feb. 2.--It is reported that William Wright, an ex-member of the Kentucky legislature, and a prominent Democrat, was assassinated at Boonesboro. No particulars are to be had.

Papers Seized. FRANKFORT, Feb. 2.--Governor Taylor has been served with a notice of suit for injunction to restrain him from interfering with the action of the legislature and to prevent him from holding sessions of the legislature at London.

Service was secured despite the stringent orders to the sentries to allow nobody to pass. Alonso Walker, a stenographer of the Democratic attorneys, gained entrance to the grounds and pinned a copy of the notice on the door of the executive mansion, which action constitutes a legal notice to Taylor.

Special Session Rumor. Walker was placed under arrest. It is announced that a special session of the legislature will be held in the Capitol Hotel, and there are rumors afoot

that all who take part in the meeting will be placed under arrest and taken to London.

Gov. Taylor Ignored. By Associated Press to the Journal. FRANKFORT, Feb. 2.--Governor Taylor yesterday issued a pardon to Douglas Hayes, sent up for five years for five years for manslaughter. Warden Lillard, of the penitentiary, refused to release the man and the penitentiary commissioners support him.

When asked if he intended to offer resistance to a detachment of troops if one should be sent to release Hayes, the warden replied: "Oh, no. It would not do for me to attempt any such thing as that. I have 14 guards only, and they could not do much against soldiers."

When asked if he did not know where he could obtain plenty of help, if he needed it, the warden said: "When the soldiers come up here and demand the keys for the purpose of taking out Hayes, I think they are likely to get them. If convicts are taken out of here in that manner, the responsibility will rest on the men who take them away, and not upon me."

The Farmers' Bank of Kentucky, in this city, has also refused to pay warrants for the pay of the militia, drawn by Governor Taylor.

Legislature Resisted. By Associated Press to the Journal. FRANKFORT, Feb. 2.--When the members of the legislature attempted to enter the state house, at 5 o'clock last evening in response to the call of Speaker Trimble, a double line of soldiers with fixed bayonets met them at the door and turned them back. Speaker Trimble adjourned the legislature again subject to his call.

Bryan spoke at three points in New Hampshire yesterday, Portsmouth, Manchester and Concord, to mammoth audiences.
