A PALACE OF A STORE

The Holverson Dry Goods House in New Quarters.

A Beautiful Light, Clean and Attractive Establishment, Planned to Receive a Mammoth Stock.

T. Holverson's large dry goods store has now become settled in its new quarters adjoining the postoffice, and the proprietor and large corps of clerks are beginning to feel pretty well at home, thank you. After ten years of growth at the old stand Mr. Holverson has found it expedient to get into larger quarters. In fact his idea of expansion in the dry goods line have made it a necessity.

The present location is the large room formerly occupied by the Boren furniture store, and if made for the purpose could hardly have been better planned for the necessities of this mammoth business. The main room is about 20x60, with a balcony for a cloak and wrap department of nearly half the size.

In addition there is a side room seven feet wide the full length of the building, filled with reserve stock, which is a convenience, and much handier than a warehouse. To the rear of the main store is a large two-story warehouse, which will be used for a new line of trunks and valises just added, as well as for storing bulky supplies.

Mr. Holverson has for several years conducted business on the cash system, and believes that this fact has considerably to do with the wonderful growth and success achieved during that time. During this dull season he has the following corps of sales people and assistants:

J. Sim Foster, salesman.

P. H. Sroat, salesman and advertisement writer.

L. M. Lee, salesman and window dresser.

Miss Lona White, saleslady.

Miss Oskie Matthews, saleslady.

Geo. Munger, Jr., salesman.

Robert McCarl, salesman.

T. Holverson, proprietor and man of all work.

The Junction City Times says: "The Eugene barber, who is afflicted with smallpox, is a subject worthy of congratulation compared with the Albany barber. The Albany barber skipped out with \$300 and has the sheriff, two wives and an irate mother-in-law hot on his trail."

One of the professors at the college has a tendency toward absent mindedness. The other day he called up central on the telephone and was provoked at getting no response. "Central, central—in the world does not the company keep this line in repair. I can't hear a thing. Central, central, isn't this too provoking?" "Perhaps," suggested another professor, "if you hold the right end of the receiver to your ear, it would work better."—Corvallis Times.

Home Mission Meeting.

The Women's Home Mission met last evening to fulfill the duties of their organization. All joined in singing. Sunshine in My Soul, Miss Carothers taking the place of Miss Ketchum at the piano. Mrs. Bigger read the report of the meeting. The audience then listened to bible reading by Mrs. Cook and was led in prayer by Miss Perrins, after which the following program was rendered:

Song, Haven of Rest. By Audience.

Select Reading, Christ and the Church. By Miss Perrins.

Solo, Remember You Have Children of Your Own. By Miss Miller.

Reading, Not Now. By Miss Isenhardt.

Reading, Learning to Live. By Miss Arnet.

Song, Meet Me There. By Audience.

Each selection was given in clear distinct tones and seemed to impress the hearts with the great truths portrayed in the various pieces.

A goodly number was present and all expressed themselves much interested in the work they have undertaken and feel confident that with so many united workers, much good will be accomplished. An interesting program will be given every Tuesday evening, all the ladies are invited to attend. Corresponding Secretary, Mrs. Charles Watt.

Why Pay a PROFIT

When you can buy At exact cost?

I am hurrying to get through with my closing out sale and to quit the expense. It's no fun paying rent and store expenses, when you're selling your goods without a cent of profit as I am. I want to finish up this month if it is possible.

Shoes, underwear, hosiery, ribbons, shirts, ties, sweaters, gloves, valises, overalls, underwear, handkerchiefs, and all kinds of small notions at exact cost to me. We keep the counters and tables full of goods plainly marked at cost, so you can see most prices for yourself, and won't need to feel that you're taking too much of our time.

Shelves are beginning to look somewhat empty, but we hardly ever fail to sell every customer something.

Come and see! Closing out to quit business.

TWO SENATORS' TESTIMONY.

Tell What They Know of Catarrh and Pe-ru-na.

HON. EDWARD DWYER.
(Senator 17th District, Chicago, Ill.)

Hon. Edward Dwyer, State Senator, Seventeenth Senatorial District, Chicago, Ill., writes: "Pe-ru-na cures when all other remedies fail. I can heartily recommend Pe-ru-na as a catarrh remedy. It has been two years since I was cured, and I consider my cure permanent. I took the remedy for two months and am now entirely cured. I applied to several doctors, but they were not able to cure me. I tried many remedies without avail.

"My catarrh was located chiefly in the head. I was afflicted with catarrh for seven years."

Pe-ru-na cures catarrh wherever located. Who is it that says Pe-ru-na will cure catarrh wherever located? Doctors say it, lawyers say it, preachers say it, a vast army of men and women say it who have tried it. The old and the young say it. They say it in the east, in the west, they say it in the north and the south.

HON. PORTER JOHNSON.
(Senator 4th District, City of Chicago, Ill.)

"I took the remedy for fifteen weeks and am now entirely cured. It has been a year and a half since I was cured, and I consider my cure durable. I was afflicted with the catarrh for five years. My catarrh was chiefly located in the stomach."

Send to The Pe-ru-na Medicine Company, Columbus, O., for Dr. Hartman's latest free book on chronic catarrh, its grippe, etc.

We always aim to have the best value each year. Since '07, our first year there's been a constant lowering of price every year of standard wheels, and if you'll observe we've managed to get hold of the cream every time at the popular price. We are not selfish enough to claim it. There are no other good things, but the point is that some good things are lots higher than other equally good, or in some points better things.
