ST. ANTHONY WOMEN.

Hold Their First Successful Blowout At Salem.

Synopsis of the speeches—Movement to Organize a Women's Club is Started.

Susan B. Anthony the Was only eighteen. All the others were Young as young could be.

It was a brilliant assemblage of Oregon's fair and best women, and a credit to the capital.

The banquet hall at hotel Willamette at the Susan B. Anthony dinner was glorious in its decorations of Oregon fir, English ivy and conservatory palms. The last vestige of sociability disappeared about 2 a. m. Long tables were set in the form of a hollow square and Mrs. Cartwright held the gavel with grace and dignity. She wore a black and white satin, with jet ornaments, and with her fresh complexion and snowy coiffure was most distinguished looking.

The display of gowns was very rich—silks and satins predominating but not the faintest decollete. There was a large attendance of men, cooling their heels in the lobby and but for the well understood proposition that it was purely a social function, some of them would have been driven in desperation to join the Portland "anti's."

Synopsis of Speeches.

Mrs. Florence B. Cartwright held the presiding officer's chair and opened the program with greetings to all, announcing the toast, "the woman we honor, Susan B. Anthony," which was ably responded to by Mrs. Emily L. Wakeman, of Silverton, while the hundred lady guests remained standing. The speaker is a personal friend of Susan B. Anthony and gave a rambling talk about the first organization of women's clubs in the east and what wonderful work they had accomplished, being herself a member of the Sorosis Club, the pioneer of America's women's organizations.

Mrs. Ina Condon Bean responded to "sociality," and gave a comprehensive review of social work among women in the early days in the east, south and west. The influence of society over the public weal, and especially that of women, was discussed in its various phases. The speaker pointed out that the rise or fall of nations has been the result of the social influence, and especially dealt upon the importance of a well balanced social fellowship among men and women. The speaker referred to the present crisis of the mother country as the result in part of the social status, and suggested that the rise or fall of England today would depend upon the elimination of the social ills which is now so apparent to the world.

"Our Country Guests," by Harriet Clarke Looney, was an unprecedented but pertinent talk on the value of the rural element of the land. The speaker pointed out that nearly all of our great men and women have been the product of good country homes, and that their superiority of character, loyalty and patriotism were the result of close contact with the natural laws of their environment. Her reference to the "Man with the Hoe" brought a round of applause, and the speaker with her bright points of practical sentiment was highly appreciated.

Dr. Annie Jeffrey responded with an original poem on suffrage that was to the point and was a round of applause.

Mrs. Dadd contrasted the times of the schoolmaster with those of schoolmarm, and expressed the thought that the woman school teacher was a step higher, because the woman approaches nearer the intellectual ability with men.

In the absence of Miss Laura Jones, of Drain, "the Press" was taken up by Miss Wakeman, of Silverton. This young lady is recently from the east,

and spoke of the western ladies in the highest terms, but thought the men did not compare so favorably with those of the east. The absence of male reporters made the fair speaker seem quite brave.

"Shall we have a Woman's Club?" was discussed by Mrs. Cooke M. Jones, who favored the work and value of such organizations. She dwelt upon the great convenience of a club for out-of-town ladies when they come to the city, and especially upon the great value of the social intercourse fostered by clubs.

Jessie A. Davis, of Silverton, talked of "The Doctor" and especially woman's work in that profession. The matter of hospital work and that of army nurses was touched upon in a practical manner.

"The Business Woman" was taken up by Mrs. Anna A. Nichol, a bright Salem woman who demonstrates daily the value and importance of her subject. She pointed out the strong fact that woman can do the work of a man successfully and not detract from the latter's qualities, besides wielding a broad refining influence upon the business world.

"Literature," by Irene Smith Calbreath, of McMinnville, covered the broad range of influence exerted by woman in all ages and walks of life. The speaker referred especially to the social and political influence of woman in literature, taking up the liberating of slaves by the pen of Harriet Beecher Stowe, in our own country and time, as an illustration of the wonderful power of the feminine mind.

"The Lady Macbeth" was presented by Anna Junk, who reviewed the vast possibilities of woman's influence for good, in the world of lodge work. She showed that the social and political influence of the organization she represents had made itself felt in many ways in Salem and other Oregon cities.

The Journal was represented by three reporters, of course wearing gowns, and will have for reference a full set of notes of the speeches made. Another report of the speeches, written for this paper, will appear "in our next."

A Legal Point.

Hon. E. R. Skipworth addresses the following letter to the Eugene Daily Guard:

In your issue of yesterday you say, in effect, that two young women were being mentioned in connection with the Republican nomination for superintendent of schools in Lane county, but owing to a recent decision of the Oregon supreme court (State ex rel. vs. Stevens) a woman cannot hold office. . . . the court holding that a woman is not a citizen.

It is true that the court did hold, under Art. 6, sec. 8, and Art. 2, sec. 2, of the constitution of Oregon, that women are ineligible to the office of superintendent of schools, for the reason that that office at the time of the adoption of the constitution was a constitutional office and that under article 2, section 2, supra, only male citizens are eligible to civic offices.

To have held that a woman was not a citizen would have been utterly absurd and made the court ridiculous in the eyes of the whole world. No court in this country ever pronounced any such judgment, no text writer ever suggested a proposition so contrary to all sense of reason.

A citizen is defined to be: "Any native-born or naturalized person of either sex, who is entitled to full protection in the exercise and enjoyment of the so-called private rights;" 3 Am. and Eng. Ency. of Law, 242.

Mrs. William Southwell, of Wasco county, stooped to pull a weed in her garden. The weed broke, she lost her balance, fell on her left arm, and broke her wrist.

At Exact Cost

WARM WOOLEN GOODS.

I yet have a very good line of warm woolen mittens, fascinators, hoods, woolen hosiery, knit shirts, and fleeced-lined underwear, that all goes at exact cost in my closing-out sale.

Come down today and get what you need. Infants' booties and knit socks in plenty—from 10c up in hosiery, and from 1c up in the wool socks.

Children's wool hose, 14c up; children's fleeced-lined hose, 12c; children's double mittens 12c; boys' very heavy double mittens, 17c; wool fascinators, 15c up; wool hosiery, 25c; elegant mittens 15c.

Dozens of other items to mention, all at exact cost.

How about a warm shoe for the little folks, while they're at cost.

I am closing out to quit business at once, and I mean business, I am trying to finish by March first, **at**

Mrs. Welch will receive subscriptions at my store for the "Capital Sheldon Edition." (The People's Capital) under the management of Rev. Charles M. Sheldon, author of "In His Steps." Mr. Sheldon will have charge of this paper for one week commencing March 13th and will endeavor to exemplify his idea of what a Christian paper should be. Subscription price for one week 25c.

WIGGINS' BAZAAR

307 Commercial Street.

FIRST GUN FIRED.

High Taxes Starts a Citizens Movement At Eugene Saturday.

Lane County Tax Payers Are Trying to Formulate a Non-Partisan County Ticket.

Under partisan administration Lane county has accumulated a debt of \$100,000 and a tax levy of 24.5 mills to wind up the century with. A conference of delegates from all parties will be held at Eugene Saturday and formation of a non-partisan citizen's movement is the issue.

The intention is to construct a ticket of the right kind of men on the non-partisan plan and pledged to a purely business administration. This idea has gained a strong foothold in Lane county.

DAIRYMEN AT ALBANY

Two Days' Convention Well Attended and a Great Success.

The two days' session of the dairymen's convention, just closed at Albany, was a pronounced success, and Marion county dairymen who attended are enthusiastic in their praises of the management.

There were three sessions on the last day, morning, afternoon and evening, and a number of interesting and instructive addresses were delivered.

Among the resolutions adopted were the following: Urging the Oregon delegation to work for a ten-cent tax on oleomargarine, asking that dairymen do not consign their product to commission men who deal in processed butter and oleomargarine; commending State Food Commissioner Bailey for his excellent work; thanking the Albany for his excellent work in arranging for and during the meetings; thanking the O. A. C. for their kindness, the newspapers for their reports and Professor Parvin's pupils for their excellent music.

A motion by Mr. Townsend that \$25 be sent to Washington to assist in securing the passage of the oleomargarine tax bill was passed.

C. H. Walker read a very interesting paper on "Red Clover as a Factor in Dairying."

Dr. James Withycombe, of the O. A. C., spoke on "Dairying and its Relation to the Fertility of the Soil," following the lines of his recent address before the Farmers' Congress.

Mr. West, of Scappoose, spoke briefly on dairying in general, and said that by way of comparison between dairy herds that he had nine cows last summer and sold \$75.00 of butter fat in one month, while a neighbor, who managed cows under the old way, had 55 cows, and only sold \$118 during the same time, one fourth as much per head.

ASTORIA SESSION.

After the meeting was called to order, a memorial was read and adopted on the death of Warren Cranston, a pioneer dairyman and member of the association.

F. L. Kent, secretary, made a verbal report of the finances of the society. The present membership is about 80. Cash on hand, \$85.55.

President Poulsen read his annual address, stating that in part the purposes and aims of the Association were: To counsel together and exchange experience; education and the diffusion of dairy knowledge; to encourage dairy

meetings and farmers' institutes in every way, and to secure legislation and its proper enforcement, that will make it practically impossible, or at least unprofitable, to sell adulterated dairy products.

The election of officers resulted in the following being chosen: President, Thos. Paulsen; first vice president, C. H. Walker; second vice president, Mr. Schumaker; secretary and treasurer, F. L. Kent.

Miss Lizzie Sedgwick sang very sweetly, accompanied on the piano by Miss Howard.

State Veterinarian McLean, of Portland, spoke on "Milk fever and its causes."

Prof. Kent read a paper on "Effect of feed on butterfat." A very praiseworthy paper.

At the evening session excellent music was furnished by Professor Parvin's music class.

Professor Shaw, of the agricultural college, delivered an address on "Butter Substitutes." It was a practical talk on the evils which beset the markets in the shape of butter substitutes, and the best manner of overcoming these evils.

C. H. Markham, general traveling freight and passenger agent of the Southern Pacific railroad, gave a profitable talk on the transportation of dairy products.

J. W. Bailey, state food and dairy commissioner, spoke of the work that is being done to stop the sale of adulterated foods in this state, and especially to encourage the marketing of none but first-class butter. Splendid work has been done along the line of shutting out adulterated foods in Oregon, and Mr. Bailey's address was one of profit to all.

Several of the addresses were followed by general discussion, in which many interesting points were brought out.

Man Arrested for Selling Goods Belonging to Some One Else.

A man giving his name as J. D. Newman was taken in custody by Chief of Police Gibson this forenoon, on a charge of larceny.

The fellow had taken some household goods belonging to Dick Carlson, who is employed at the penitentiary from one of the houses near the sawmill office, and had them hauled around to Lougnot's second hand store in the opera house block, where he sold them.

He claimed that the goods belonged to his "partner," who is now absent in Oregon City; but it seems that all the title the partner had was that Mr. Carlson had given him permission to stop there and use the stuff during his (Carlson's) absence.

H. B. Miller's assertion, at the farmers' congress, that prunes can be raised profitably in Oregon at 1 1/2 cents per pound, is attracting much attention.

C. H. Markham, general traveling freight and passenger agent of the Southern Pacific railroad, gave a profitable talk on the transportation of dairy products.

J. W. Bailey, state food and dairy commissioner, spoke of the work that is being done to stop the sale of adulterated foods in this state, and especially to encourage the marketing of none but first-class butter. Splendid work has been done along the line of shutting out adulterated foods in Oregon, and Mr. Bailey's address was one of profit to all.

Several of the addresses were followed by general discussion, in which many interesting points were brought out.

Lots of Choice

Dry Goods -- Shoes

For Less than wholesale cost.

I am closing out the fine dry-goods and shoe stock formerly Willis Bros. I am selling lots of goods for less than it cost Willis Bros.

Shoes to fit and suit everyone—some at cost. Some at less than cost.

INFLAMMATION IN MAN OR BEAST!

Death on Rheumatism, Lamé Back, Headache, Toothache, Earache, Burns, Scalds, Corns and Bunions, Stiff Joints.

PRICE, 50c PER BOTTLE. R. K. SUTTON, Ashland, Oregon.

Threatened With La Grippe

State of Oregon, ss. Frank Hammond, being duly sworn, deposes and says: A short time ago I took a severe cold and was threatened with la grippe. I used Sutton's Snap Shot by sniffing and inhaling it, and in a very short time the symptoms were all gone. It has also cured corns on my feet and especially a sore or galled place on my foot, caused by so much standing upon it, my business being that of a railway mail clerk. One application only cured the corn.

Subscribed and sworn to before me this 6th day of October, 1909.

GEO. W. TRERIKER, Notary Public for Oregon.
