SUNSTROKE in Battle.

J. L. SPENCER,

of Platteville, Wis., formerly of Co. G, 37th Wisconsin Infty., has suffered many years from the result of a sunstroke. He has found relief and desires to tell his story for the good of other veterans. He says:

"At Petersburg I was sunstruck and carried off the field for dead. Later rheumatism of my heart developed as a result and physicians failed to benefit me. In the spring of '95 I began using Dr. Miles' Heart Cure and Dr. Miles' Nervine and now my health is better than for 30 years before."

DR. MILES' Heart Cure

is sold by all druggists on guarantee first bottle benefits or money back. Book on heart and nerves sent free.

The Port Orford Tribune is the only paper published in Clatsop county outside of Astoria.

BRONCHITIS

Bronchitis is very prevalent. It generally begins with a common cold, attended with cough, hoarseness, soreness of the lungs, tightness of the chest and difficulty in breathing. If not attended to, it becomes dangerous—thousands die from bronchitis annually. Dr. John W. Bull's Cough Syrup is the best remedy for this disease; it relieves the cough at once, effects an easy expectoration, and cures in a few days.

Dr. Bull's Cough Syrup

Will promptly cure Bronchitis.

Doses are small and pleasant to take. Doctors recommend it. Price 25 cents. At all druggists.

FROM AUMSVILLE.

About "Licensed to-Kill" and Unlicensed Scientists.

EDITOR JOURNAL:—Strange, isn't it, that every few weeks an anti-trust gathering is called to meet in some far off great city, to draw up protesting resolutions against trusts and combines, while at the same time and at all times, right at home we tolerate and foster the vilest and most base monopolies, such as taking from men and women their natural right of choosing whom they prefer to aid them in their efforts to restore lost vitality, and resuscitate the physical organism for the indwelling of goodly feelings and happiness.

We have especially in mind now the proceedings at Oregon City, wherein Mrs. Quint and A. W. Hertzke were the victims avenged.

If Mrs. Quint preferred to be treated by a Christian Scientist to ease her pain and to alleviate suffering, what right had any persons, court or jury to interfere and dictate otherwise! Is it possible that any one besides Mrs. Quint could have a better understanding of her wants and desires than Mrs. Quint herself? And she having exercised her right of choice, as to who she wanted to treat her, and called in a Christian Scientist, what right has society to prosecute A. W. Hertzke for complying with the sick woman's request?

But since monopoly law assumes the right to dictate by whom we may be treated when feeling out of harmony with the constituent elements of the physical form, it would seem fair and more consistent that society—which is responsible for the monopoly law—should pay the bill for the "Licensed-to-Kill" doctors.

I am not a Christian Scientist, and do not write this in behalf of that so-called science. I write in behalf of liberty, equality, and monopoly-ridden humanity.

How many of the Licensed-to-Kill scientists would be outside of prison walls if all were convicted for manslaughter who have had patients die under their treatment.

If Christian Scientists ought to be locked behind prison bars for having or letting patients die, ought not the same rule apply to the licensed medical—so-called—scientist?

What say you voters and law makers.

The same paper in which I saw the item of the arrest of the Christian Scientist, contained a notice of five deaths, but no item on arrests of any one for letting a patient die, or for manslaughter either. I know two of the victims that died had licensed scientists to doctor them. And probably all five had. And if so why did not the paper contain an item of five arrests and bind overs to appear before the grand jury to answer for criminal neglect, or manslaughter.

I can see no good reason why these licensed gentlemen should go scot free, while another is hounded down, annoyed and put to great expense and locked behind prison bars for having done no more than the licensed gentlemen are guilty of. TWO FIFTEEN.

Tonight

Just before retiring, if your liver is sluggish, out of tune and you feel dull, bilious, constipated, take a dose of

Hood's Pills

And you'll be all right in the morning.

Lot of Nebraskans.

Salem people and the jolly Nebraska colony already here will be glad to welcome a representative delegation just arrived.

Mr. and Mrs. C. W. Colwell, Mr. and Mrs. John Croner and daughter, Miss Nellie Croner, Mr. and Mrs. Frank Croner; and sons Chas. and Will Croner, young men grown; all from Bladen, Webster county, Neb., have arrived. They have rented houses at the capital city to make their homes in Oregon. They stopped at Denver, Salt Lake, Boise City and Portland and like the looks of the country at Salem best of all.

OBITUARY.

CAMPBELL.—Died at Sisson, Calif., Feb. 17, 1900, Miss Lesley Campbell, of hemorrhage of the bowels, aged 20 years.

Deceased was well known in Salem, coming here with her parents, when about 9 years old. Her education was finished at the Salem public schools, from which she graduated. "Toots," as she was known to her friends, will be missed by a large circle. Of a cheerful disposition she had a smile for everybody and had won for herself a host of friends who will not soon forget her.

Deceased was taken sick last August and after four months doctoring in Salem she was taken to California in hopes that the change would help her. For a time it was thought she would recover but she gradually got worse and in spite of everything she sank into unconsciousness last Friday at 2 p. m., from which she never recovered, dying Saturday at 10:30 p. m. Her mother had been at her bedside constantly from the time she was taken sick, all the family being present when she died excepting Mrs. Chas. Wilkins and her two little brothers who are still in Salem.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health. MRS. S. S. MARRY,
360 Elm St., Macon, Ga.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

CHAMBER OF COMMERCE.

What Our Salem Organization Is Doing for the Community.

The recent successful Farmers' Congress and the securing of a creamery for Salem, calls attention to the fact that the Salem Chamber of commerce has become a large factor in the welfare of our city.

The entertainment of the N. E. A., the Farmers' Congress, the Creamery, the establishment of the office of the Oregon Hop Growers' Association the organization of the National Angora Goat Record Association with Salem as its principal business place, are all attributable to the labors of our local commercial organization to say nothing of the enviable reputation it has achieved by initiating the work of organized effort on the part of all the commercial bodies of the North Pacific states and which has met with such a hearty and gratifying response as to be an earnest of distinguished future usefulness so long as the harmony can be preserved.

We think our citizens should feel a pride in the Salem Chamber of Commerce and give its zealous officers and directors such a cordial and hearty support both in the way of financial aid and personal encouragement as will greatly extend its sphere of usefulness.

Use Dr. Bull's Cough Syrup at Once for bronchitis and grippe. It has stood the test and is positively a reliable remedy. Life is too short to experiment with new so-called "sure cures." Bull's Cough Syrup costs but 25 cts.

Found What He Was Looking For.

Julius Hopt, a farmer living in the suburbs of Dallas, came to town the other night and after taking an over dose of Salem bug juice, he began to look for trouble, which he found to his sorrow. He was abusive, and meeting Frank Starr, of this city, began to abuse Mr. Starr in a very ungentlemanly manner, Mr. Starr invited Hopt to go away and leave him alone but Hopt failed to take this advice, and Mr. Starr proceeded to do him up in Fitz Simmon's style, regardless of rules.

Those who witnessed the affair say that Hopt got what he deserved and that he will need a small boy to lead him about town while his eyes come back to their natural size.

KEEP YOUR BLOOD CLEAN

A PROMINENT MOTHER.

Writes About the Way Children Are Crowded in the Public Schools.

ED. JOURNAL:—I see that you urge mothers to express themselves in regard to the management of our public schools.

As one mother I want to state some facts in regard to a wrong inflicted on the patrons of our schools, by some—perhaps all of the teachers in the middle grades.

The mother expects to spend from half an hour to a full hour every morning, getting her little folks ready for school, that they may leave home clean, cheerful and happy, with a mother's kiss on their lips.

Lunch, of course is more or less hurried.

When they return at night each one has one or more school books, and upon being asked about them, replies "Oh the teacher said all our class must take their books home and study tonight."

If she asks, "did they not study well in school" "yes, but there was not time," and yet, later she will hear them alluding to the story the teacher read aloud to them during school hours taking half an hour!

She thinks, but says nothing.

After being confined so long they must be allowed the time until dark for play and exercise, but after dinner is over the weary mother must spend two hours or more, hearing lessons, or more often aiding first one and then another in solving problems in their Arithmetic, which requires her to learn rules nearly forgotten, and exercise all her reasoning powers, with perhaps the baby crying, or other little ones clamoring for needed attention.

Sometimes the father home from business cares, hoping for sweet rest, is impressed into the service, but with him often "patience soon ceases to be a virtue," and he agrees with the mother in wondering what teachers are for, or if their children are more stupid than other people's.

The children are sent to their rest more or less relieved of their burdens, but at the cost of worried parents.

Fortunetely these home studies do not occur daily, or there would be a rebellion against such a forcing process, but they do take place very frequently, in fact almost daily for two or three weeks before every examination, and parents often sympathize in relating their experiences to each other, and wonder if there is no remedy.

It may not be the teachers fault, for doubtless we have many good teachers, it may be the fault of our system of education but many parents do believe that either their children are not studious in school hours, and if not, parents should be consulted, or too much is required of our children in the middle grades. A LIFE SAVED.

Dr. J. F. Cook, the Botanical Specialist, Succeeds Where Other Fail.

To whom it may concern:

This is to certify that Bertha P. Conner, of Mt. Angel precinct, Marion county, Oregon, has suffered from a cancerous growth in the left ear for about three years. The growth was cut out twice and burned out once by Albany Physicians, but the growth came back as bad as ever, and pained her so badly that she had to be taken from school. After three week's treatment by Dr. J. F. Cook, of Salem, Oregon, the Botanical Specialist, the growth entirely disappeared, and at this date, four months since treatment was begun, the growth has not reappeared, and the ear has entirely healed leaving only the scars inflicted by the Albany doctors.

I hereby certify that the above statement is absolutely true, and that Bertha P. Conner, the person mentioned in the affidavit, has resided in my family since early childhood, bearing the relationship to me of niece.

H. C. LONG.

Subscribed and sworn to before me this eighth day of June, 1899. W. W. Hall, county clerk of Marion county Oregon.

All diseases successfully treated and cured.
