THE WORLD'S WORK.

Summary of Events Transpiring Feb. 28. Captain W. R. Abernethy, head of the government exploration party which last season did much work in the Copper river country and began opening up a military road from Port Valdes to Fort Egbert on the Yukon, left for Alaska today with a corps of engineers.

It is the purpose of the government to construct 2,400 miles of telegraph line in Alaska and complete the military road. He returns this year with increased responsibility. The road he says will be completed during the season from its present terminus, eighty miles inland to Tanana, about two thirds of the distance to the Yukon. The telegraph line will be built from Port Valdes along the road to Fort Egbert and thence down the Yukon to St. Michael's.

Among other northern improvements, he says a large government wharf at Valdes has been decided upon. An eastern syndicate headed by Henry Villard is now having surveys made along the general course of the military road with a view to building a line. In May a company of troops will follow.

Antonio Ferraro, the Italian murderer awaiting death at Sing Sing will go to the electric chair this week, the supreme court having refused a new trial. Although the decision was made in January, Ferraro was not made aware of his fate until ten days ago. This was done to prevent worry.

The coming of Admiral and Mrs. Dewey has aroused even a greater interest than usual in the Philopatrian hall which will be held at the Academy of music Philadelphia. The most elaborate preparations have been made. The floral decorations are lavish and magnificent so that the ball room represents a scene of tropical grandeur.

Chairman John McLaren, of the citizens, educational commission of 100 has called a mass meeting to be held at Central music hall Chicago. Needed reforms for Chicago's public school system will be considered. The commission is composed of taxpayers, parents and teachers, and was organized by the Civic federation to study the public school system with a view of recommending to the proper authorities the legislative and the administrative reforms deemed desirable.

Among those who will address the gathering are the following: Charles W. Elliot, president of Harvard university; Benjamin Ide Wheeler, president of Cal.; University Wm. Maxwell, superintendent of schools, New York City; Nicholas Murray Butler, professor of philosophy and education at the Columbia University.

The delegates to the National Editorial Association arrived at New Orleans for their fifteenth annual meeting during Mardi Gras week. Reports indicate that the meeting will be one of the largest in the history of the association. Action will probably be taken to get congress to repeal the tariff on wood pulp and all materials entering into the manufacture of white paper.

Upon the request of Major Oscar F. Long, quartermaster U. S. Volunteers, depot quartermaster in San Francisco, a board of survey met in his office, to examine into, report upon and fix the responsibility for an alleged deficiency of clothing and equipment shipped by Major Long to the quartermaster at Manila, P. I., and for deficiency and damage of quartermaster's stores required at the depot in this city from various ports.

Costs That Last a Century.

To wear your grandfather's coat would not seem much of an honor, but to John Chihman it is the greatest felicity. Not only is the common looking, shapeless blue blouse of his ancestor prized because it is his ancestor's, but because of its intrinsic value. The clothing usually worn by the Chinese is of the purest silk and costs anywhere from \$100 to \$250 a suit.
