SALEM SCHOOL DISTRICT.

FACTS FROM OFFICIAL FINANCIAL STATEMENT--WHAT OTHER TOWNS ARE DOING

Direct Nomination Ballot for School Director is Asked From All Who Pay Taxes or Have Children to Educate.

There is a \$100 property qualification required to vote at the school election in this district (which is neither just nor constitutional,) but until it is repealed it must be obeyed. But all citizens, male or female, who have children to school or pay taxes to support schools have a right to express their opinion as to public school policies and in the choice of a school director. To this end we invite all to fill out a Direct Nomination ballot for school director at the end of this column.

The records of the clerk of this school district contain two financial reports--one from March 6, 1899, to January 1, 1900, and another gives estimates from January 1, 1900, to July 1, 1900. Another report of finances will be made at the March meeting. No report for the school year from October 1, 1899, to July 1, 1900, is made up.

WHAT THE TWO REPORTS SHOW.

From March 6, 1899, to July 1, 1900, the reports show the following facts:

Total bonded debt	\$ 43,620 00
Floating debt July 1, 1900	20,225 00
Fluctuating debt (estimated) July 1, 1900	22,195 00
Valuation district, 1899	2,221,253 00
Increase in valuation	211,158 00

Receipts from March 6, 1899, to January 1, 1900:

Borrowed on notes	6,909 00
Total cash, ten months	\$ 38,536 63
Fire insurance carried	45,000 00

Interest items in both reports:

WHAT OTHER TOWNS ARE DOING

The JOURNAL sent out inquiries to a number of Oregon towns, asking answers to the following questions:

"1. Kindly inform us what number of mills school tax is levied in your district for support of public schools--not for repairs or buildings?"

"2. What grades are taught above the 9th grade?"

"3. Has your district a high school?"

The answers are printed as follows:

ALBANY.

1. Levy for support of public schools, outside of state and county apportionment, two mills.

2. Tenth grade is taught.

3. Yes, we have a high school.

VIROIL PARKER, Clerk.

SEASIDE.

1. We have a five mill school levy (but about \$500 incidental expenses) for all purposes. Last year \$2000 was spent for repairs and improvements.

2. The eleventh grade is the highest this year. School meeting voted to establish twelfth grade next year.

3. We have a high school which prepares pupils for entrance to the State University.

GEO. CRAW, Clerk.

OREGON CITY.

1. Six mills.

2. Tenth and eleventh grades.

3. Yes, we have a high school with 10th and 11th grades in connection.

T. L. CHARMAN, Clerk.

STAYTON.

1. There is no levy for school purposes.

2 and 3. There is a high school course, only consisting of the ninth grade and comprising algebra, physical geography, composition and book keeping.

A. P. HIRONS, Principal.

REDFIELD.

1. There is no tax for school fund purposes.

2. The tenth grade is taught.

3. We have two years of high school work.

A. L. BRUNSON, Principal.

SALEM.

Levy for support of schools is six mills.

2. There is no grade taught above the eighth grade in any but the East Salem school.

3. There is no high school course.

Resolution adopted in March, 1899: "Resolved that the board of education be directed to confer with the principals employed for the ensuing year and ascertain if it is not possible without any increased expense to arrange the course of study and classes so that the eighth and ninth grade work shall be done in each school building."

At the school meeting held at Salem early in February, 1900, the board of education recommended adoption of a 10th grade.

It was moved by Dr. Byrd that the recommendation of a 10th grade be not adopted. Mr. Hofer moved a committee of three to look into the merit of a tenth grade and report at the annual meeting in March. Lost.

The above facts about Salem school district, and other districts, are reliable.

DID HIM GOOD.

A Man Thanks the Recorder for Sending Him to Jail.

Geo. Lloyd who was sent to jail for 60 days on Dec. 30, called upon City Recorder Judah immediately upon his release to shake hands with him and thank him for the sentence.

When he went to jail he was a morphine fiend, a helpless and hopeless victim of the terrible drug, but during the period of forced abstinence he conquered his appetite, and comes out in good physical condition, clearskinned and full of courage. He was very thankful to Recorder Judah for sending him into retirement and was most enthusiastic in regard to the treatment he had received at the hands of Sheriff Frank Durbin and Mrs. Durbin. He will go to another city and find work and make a man of himself.

For Better Roads.

Citizens of East Salem are starting a movement for road improvement and will hold a public meeting at the school house on the Bethel road at 10 o'clock Wednesday Feb. 27th. The Reeves hill has been discovered in the creek bed but forty rods away County Judge Terrell and other citizens will be present to discuss way and means.

Fell by the Wayside.

A young fellow, usually well-behaved, was brought before Recorder Judah this morning on a charge of drunk and disorderly. He was fined \$5, and the sentence was suspended to give him a chance to earn the money.

BORN.

MILES.—At Eugene Thursday, February 22nd, 1900, to the wife of Alvin Miles a daughter.

LA BRANCH.—In this city Saturday, February 24th, 10 p. m. to the wife of Felix La Branch a son.

Threatened With La Grippe

State of Oregon, I, Frank Hammond, being duly sworn, deposes and says: A short time ago I took a severe cold and was threatened with la grippe. I used Sutton's Snap Shot by putting it on my feet and especially a sore or galled place on my foot, caused by so much standing upon it, my business being that of a railway mail clerk. One application entirely cured the cough, and I am now well.
