his interest should do this work and resp the benefits. It is now done to a great extent by dealers, who buy fruit graded and packed in the "hit or miss" Oregon style, regrade and repack it more than doubling the price, and get, more for their work than the grower got for both his work and his fruit.

California has learned these things, as well as some others, in regard to the fruit business and the result is that In conversation with Jas. Winstanley California prunes are known and used by millions of people who are not aware testimony was developed of the super. that Oregon prones are superior in prunes will grow in Oregon at all.

This is a matter in which the organi-

-S. D. McEnery, New Orleans, Louisiaddress by The Peru-na Drug M'rg Co.

Early last December I began to lay plans for making a material change in my business for 1000, and to begin with secured the Standard sewing machine. These I received early in January, but pending the closing out of my regular line of goods, and of decisions along other lines. I have not talked machines. Now however, I am ready to do business at once, and from this on I will hasten the closing out of the small remnant of my other stock and devote my whole time to bicycles and seating machines, with possibly other lines that may be added later.

I have secured the services of Mr. C. W. Darby who will represent me in St. lem and vicinity. He will call at the home of any person desiting to see the working of any of my machines. I have secured the agency for another line of machines to go with these, which I will announce in a day or two.

I am still closing out what remains of my shees, notions, etc. You can have 5 per cent from cost on any bill. Early last December I began to lay
