

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Poriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution. S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonical properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reformat in the blood and cause a fresh attack.

Skin Diseases will be sent free upon application.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record. S. S. S. contains no poisonous minerals—is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases is sent free upon application.

The April recital of the Colleges of Music and Oratory will occur at the University chapel tonight, beginning at 8 o'clock. Admission free.

EASTER CONCERT.
The Easter exercises held Sunday night by the Sunday school and choir of the M. E. church were listened to by a crowded house and many were turned away for lack of seats. The program as published was rendered, all the participants doing credit to themselves and the church. The music was excellent.

The solo "I'm a Suburban," by Margaret Flower, was a wonderfully sweet, and the fact that the little girl is blind rendered it so touching to many in the audience were touched to tears.

The "Easter Lily" exercise and the "Misanthropic Aesthetic," like all children's performances, were interesting and pleasing.

The parable of the "Ten Virgins" was beautifully represented by eleven young ladies in flowing white robes, ten having lighted lamps and one as the Angel of Justice. The closing part of the parable was very impressive, representing an angel child clinging to a large white cross and being crowned by the Angel of Justice, with the ten virgins grouped about them, while the choir sang very softly "Safe in the Arms of Jesus."

MAY FESTIVAL.
The Salem Choral Society meets this week, Tuesday night, as usual, in the University chapel. This rehearsal will be on "The Creation." Preparations for the May Festival are said to be progressing.

A Word for Mr. Garland.
EDITOR JOURNAL:—The citizens did a wise thing when they endorsed Prof. A. L. Garland for county school superintendent. Prof. Garland is one of the best educators in the state. The writer had the pleasure of being closely associated with him in Southern Oregon. In the school room his work was excellent. In his private life he was a leader. His study has been the school system and our excellent system of high grades and examinations has been indirectly not directly through his work in our county institutes. His qualifications are beyond question. I shall cheerfully support him and use all my efforts to secure his election.

Catarth Cannot be Cured
With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is not a quack medicine. It was prescribed by one of the best physicians to this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials free.

A Minister's Mistake.
A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper paper upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balm, the best Cough Cure." This was hardly what he had expected and after a moment's hesitation, he turned it over and found on the other side the matter intended for the reading.

Rich Mines Attract.
G. M. Powers, agent O. R. & N. Trade street dock, reports great sales of tickets to Cape Nome and mining points in Eastern Oregon, Washington, Idaho and British Columbia, besides many tickets sold for the East. The O. R. & N., using as it does either the river steamers or the S. P. railway to Portland, with its ocean and rail connections, is the most direct line, and therefore the cheapest to all these points, because Mr. Power's expectation of a light vote in June may not be well founded, as he does not see all the new settlers arriving.

Including Woman Suffrage.
Five amendments of the Constitution, proposed by the Legislature, are now pending and are to be voted on in June. The Oregonian hopes all of them will be rejected.

New train service on the O.R.&N.

The double train service to be established between Portland and Chicago April 22, in which the O. R. & N., the Union Pacific and the Oregon Short Line are interested, will shorten the through time 11 hours. Train No. 2, leaving Portland at 9:15 p. m., beginning on the date named, will be known as the Chicago-Portland special. Its equipment will be new, making it fully the equal of any train now in service from the Pacific Coast to the east. It will consist of a mail-car, baggage-car, a library-composite car, a first-class Pullman sleeper, a dining-car, two chair-cars, and baggage-cars. There will be but one change of cars to all Eastern points. The full time will be three days through to Chicago, or four days and two hours to New York.

The second train, known as No. 6, will leave Portland at 6:30 p. m., connecting at East Portland, with the Southern Pacific's overland train from San Francisco, and will carry through equipment to Chicago via the Union Pacific and the Chicago & Northwestern, and also the equipment for the Washington division of the O. R. & N., in connection with the Great Northern for St. Paul. This train will reach Spokane at 10 a. m. A dining-car will be furnished for breakfast into Spokane, and for dinner on corresponding train leaving Spokane at 3:45 p. m. The new schedule as arranged, will supply the most complete service ever furnished on the O. R. & N., as provided increased service in Eastern Oregon, where it is greatly needed, and gives immediate connection with the Washington division at Pendleton. At this point there is a large interchange of traffic, on account of the various mining districts of Baker County, the Coeur d'Alene, the Republic and Coconino mining camps, Portland is greatly benefited by this change in as much as increased service is given from Eastern Oregon and Idaho.

This will arrive in Chicago in 9:30 a. m.; No. 6, at 7:45 a. m., as at present. The train corresponding with the east-bound No. 6, is No. 3, out of Chicago. This will reach Portland at 7:30 a. m. Westbound train, known as No. 4, leaves Chicago at 6:30 p. m., and Omaha at 8:30 a. m. the following day. The time will be reduced two hours and 45 minutes. No. 3, westbound train will leave Chicago at 10:30 p. m., and Omaha at 3:25 p. m. the next day.

The service on the Union Pacific on all these trains include Buffet-smoking-litinary cars, and dining cars. No. 6, will carry a daily ordinary sleeper to Kansas City, with change enroute to ordinary cars to Chicago.

Consult the nearest ticket agent for detailed information.
