

SORES and Ulcers DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—may be longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound. "Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McLAVER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; it is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever. Address **SWIFT SPECIFIC CO., ATLANTA, GA.**

New train service on the

O. R. & N.

The double train service to be established between Portland and Chicago April 22, in which the O. R. & N., the Union Pacific and the Oregon Short Line are interested, will shorten the through time 11 hours. Train No. 2, leaving Portland at 9:15 a. m., beginning on the date named, will be known as the Chicago Portland special. Its equipment will be new, making it fully the equal of any train now in service from the Pacific Coast to the east. It will consist of a mail-car, baggage-car, a library-composite car, a first-class Pullman sleeper, a dining-car, two chair-cars, and a tourist sleeper. There will be but one change of cars to all Eastern points. The full time will be three days and two hours to Chicago, or four days and two hours to New York.

The second train, known as No. 6, will leave Portland at 6:20 p. m., connecting at East Portland, with the Southern Pacific's overland train from San Francisco, and will carry through equipment to Chicago via the Union Pacific and the Chicago & Northwestern, and also the equipment for the Washington division of the O. R. & N., in connection with the Great Northern for St. Paul. This train will reach Spokane at 10 a. m. A dining-car will be furnished for breakfast into Spokane, and for dinner on corresponding train leaving Spokane at 5:45 p. m. The new schedule as arranged, will apply the most complete service ever furnished on the O. R. & N., and provides increased service in Eastern Oregon, where it is greatly needed, and gives immediate connection with the Washington division at Pendleton. At this point there is a large interchange of traffic, on account of the mining districts of Baker County, the Coast of Idaho, the Republic and Kootenai mining camps, Portland is greatly benefited by this change in as much as increased service is given from Eastern Oregon and Idaho.

No. 2, will arrive in Chicago in 9:30 a. m.; No. 6, at 7:45 a. m., as at present.

The Westbound train out of Chicago, corresponding with No. 2, is No. 1. This will arrive in Portland at 4 p. m. The train corresponding with the eastbound No. 6, is No. 3, out of Chicago. This will reach Portland at 7:30 a. m. Westbound train No. 1, will leave Chicago at 6:30 p. m., and Omaha at 8:30 a. m. the following day. The time will be reduced two hours and 45 minutes. No. 3, westbound train will leave Chicago at 10:30 p. m., and Omaha at 3:20 p. m. the next day.

The train on the Union Pacific on all these trains include Buffet-smoking-library cars, and dining cars. No. 6, will carry a daily ordinary sleeper to Kansas City, with change enroute to ordinary cars to Chicago.
