FUNERAL OF F. S DEARBORN

Takes Place Thursday at 2:30 From Methodist Church.

The funeral services of F. S. Dearborn will be conducted by Rev. John Parsons at the first M. E. church at 2:30 p. m. Thursday.

The Woodmen lodge of which deceased was a member will meet in their hall at 1:45 p. m. and proceed to the church in a body. The Elks will also attend in a body, but neither order will conduct services, as it is thought best not to prolong the ordeal for the mother of the deceased. Interment will take place in the Odd Follows cemetery.

Thanks the Salem People.

Father Dominick telephones THE JOURNAL to express the thanks and gratitude of his order and of the Mt. Angel College boys for the generous reception accorded them on the occasion of their visit to this city this week. All enjoyed a good time, and appreciate the cordial treatment received.

COST OF BALLOTS

Comparison of Former Printing Bills With This Year's.

Difference of Over 11 to 1 in Favor of Business Methods in County Affairs.

An hour or so spent in rummaging among the archives stored in the Marion county clerk's office disclosed the following facts in regard to the cost o printing the election ballots in formerr years.

In 1892 the printing of the ballots for the June election cost the neat sum of $800. Those for the November election cost $402.

In 1894 a bill for $700 was brought in, upon which $410 was allowed.

In 1896, $410 was paid for printing the June election ballots, and $410 for the November election.

In 1898, the ballots cost $330 for the June election.

This year the ballots for the June election will cost $75, County Clerk Hall having advertised for bids.

There has been litigation, complications, and compromises, over these bills in the past, arising from the hit or-miss method of giving out the work to favorites and "friends." This year the work will go to the lowest bidder at a fixed sum, and there will be no chance for misunderstanding.

It is claimed that the $800 job mentioned above was done on a very superior quality of paper; but the taxpayers will probably be well satisfied to use a cheaper grade, no baliot will be used more than once.

Taxpayers will do well to study and digest the above figures, which will represent the cost to the people of indulging in the pastime of partisan politics in county affairs, at the expense of their own pockets.

Another Oregon Inventor.

B. F. Hall, of Halls Ferry, has invented a road grader and bicycle path maker, which has no equal, this grader is operated by one team and one man and will handle very nearly as much earth as the six horse graders. It is carried on two wheels, and the scraper swings on a half circle, it can be set to throw the earth right or left, or carry it straight ahead you can scrape out a ditch, cross grade, and not require any more room than a common dump scraper for filling up holes and smoothing and rounding up the roads and spreading gravel it is all right, it can be used to a good advantage for leveling and filling up holes on new grubbed land. The scraper is sharpened on both edges and can be reversed to use either edge. It would be a profitable implement in a hop-yard. The driver sits on a spring seat and can raise and lower the machine with a lever and spring racket. Mr. Hall operated his grader in the presence of the Marion county court and they saw its merits in fifteen minutes, and ordered three as soon as he could make them. The court said it would be wise to furnish one of these graders to each district and number them the same as the district. Six of these graders can be furnished for the money that one large grader would cost.

Mr. Hall has filed a caveat at the patent office through Attorney John Bayne, of Salem, which will give him a year to make any improvements and bars others of any infringement then he will renew his caveat or secure a patent.

An Indian War Veteran.

Francis Anderson, the old man who was found three weeks ago on the Garden Road in a semi demented condition and was taken to the Salem Hospital, left today on the train for Junction City.

When found, he was suffering from an attack of pneumonia caused by exposure. He has now recovered from that ailment but his mind is unsound and he will likely be put in the asylum before long.

He used to live in Junction City, but came to Salem recently from San Francisco.

He is a Russian by birth but holds citizenship papers dated at Jacksonville, Or., in July, 1871.

He served in the Modoc Indian war and was at one time in the United States navy. He has been trying to get a pension but so far has failed. He is not able to take care of himself and should be looked after by the authorities.

The county will pay for his care at the hospital during his recent illness.

He is 54 years of age and thinks he can get work at Junction.

Another Compliment for a Salem Artist.

Mrs. Myra Wiggins yesterday received a present of a $35 camera from the Eastman Camera Co. They had read of her intended trip to Paris, the ticket for which she received as a prize from the Bay Camera Co., and as she had formally used an Eastman camera and had sent them pictures, which they had used largely in advertising their cameras, they wished her to accept this camera with their compliments, hoping that she would use it during her trip to Europe.

Mrs. Wiggins has won, as an amateur, many prizes and medals in America, and one in London.

The secret of her success with a camera is the fact that she is a true artist, which gives her the advantage over persons who simply photograph objects without regard to light, shade, perspective or artistic effect.

City Recorder N. J. Judah reported a lapse in the street lighting service aggregating 400 hours, which, at the pro rata rate being paid by the city, represented $7.80. He was ordered to deduct that amount from the company's bill pending against the city. Adjourned.

Joseph Fishburn's Death.

Joseph Tyler received a letter yesterday from Mrs. Joseph Fishburn, of Prescott, Ariz., stating that Mr. Fishburn died on April 9 of heart disease. He left home in the morning, and seemed to be in the best of health and was brought home in the afternoon and died in less than 30 minutes after reaching home. Mr. Fishburn formerly lived in Salem and was well known here. At one time he was in the pump business here, and later associated himself with Jay Cox in the grocery business on Commercial street. He was a member of the Masonic lodge of this city, also a member of the A. O. U. W., and carried an insurance policy for $2,000. Joseph Fishburn was born in Wilmington, Ill., March 7, 1846. He came to Salem 25 years ago and lived here until a few years ago when he moved to Arizona.

ABOUT CAMERAS AND KODAKS -- Cameras and Kodaks are good history makers. That is, history that will be especially interesting to you in after years -- views of places you visit, snap shots at people and things -- will be valued treasures in years to come. We've everything you need for picture making -- Cameras, Kodaks and the forty extras that go with them. Cost much? That depends how much you want to pay. You can come in and look the list over and stop when you get to your limit. We have them as low as its safe to go, $5, and as high, $50.

Some Flowers I Know.

[An essay read at Lincoln school on Arbor day.]

Of all the blessings that the all wise Creator, has bestowed upon us, flowers always come first.

If it were not for the blossoms, there would be no luscious peaches, or juicy apples. No nuts or berries, no grain, or in fact nothing that is annually produced from the soil, is without its blossom.

Flowers are probably more appreciated in countries where they have a more extreme climate, than in our own mild Oregon.

Take for instance, our middle-western states, where for months the ground is covered, in a mantle of snow, when the first messenger of spring, is the delicately colored crocus, that pops its head up out of the still frozen ground, to gladden the hearts of both old and young.

Flowers, are used on all occasions, probably the first which the youth of our land, look forward to is the graduation from the public schools, when they are always remembered by the choicest floral tributes from their friends.

Who can picture a more charming scene than a bevy of young girls, and a class of manly boys surroundest by beautiful flowers to start them on life's journey. At the end of which, our friends bestow on us their last offering —flowers.

The flowers I know best, are our own beautiful roses.

Where in this wide world can be found such roses as our Oregon gardens display in rose season.

Then our chrysanthemums, too, are very fine, as well as the sweet pea, pansy, etc. At present I am most familiar with the sweet modest violet, spring beauty, lamb-tongue and all the numerous wild flowers that bloom on the hillside as well as in the vale.

Miss Susan Wymar.

Miss Susan Wymar, teacher in the Richmond school, Chicago, Ill., writes the following letter to Dr. Hartman regarding Pe-ru-na. She says: "Only those who have suffered as I have, can know what a blessing it is to be able to find relief in Pe-ru-na. This has been my experience. A friend in need is a friend indeed, and every bottle of Pe-ru-na I ever bought proved a good friend to me."—Susan Wymar.

Mrs. Margaretha Dagen, 1214 North Superior St., Racine City, Wis., writes: "I feel so well and good and happy now that pen cannot describe it. Pe-ru-na is everything to me. I have taken several bottles of Pe-ru-na for female complaint. I am in the change of life and it does me good." Pe-ru-na has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.
