TO BLOW UP JOHANNESBURG MINES

Again Said to Be the Intention of the Burghers

WEEKS MUST ELAPSE BEFORE CARRINGTON CAN REACH MAFEKING

A British Advance North of Ladysmith Anticipated By the Boers -- Two German Suspects Imprisoned at Capetown

By Associated Press to the Journal. London, April 19.—The arrival of General Carrington at Beira, Portuguese East Africa, and the reiteration of the report that the Boers intend blowing up the Johannesburg mines are the only items of news that mark today's cables. Weeks must elapse before Carrington will be able to concentrate his force on the border of the Transvaal or approach Mafeking.

The Natal Mercury is responsible for the renewed fears concerning the mines, by printing accounts from refugees, saying that elaborate preparations for the destruction of all the Johannesburg shafts have been made.

According to a dispatch from Ladysmith the Boers are much disconcerted by the present condition of affairs. Their fortifications and forces numbering about 15,000 men are spread over the ridges in contemplation of a British advance through the Waschbank valley of North Ladysmith, which has not been occupied. The Boer patrols are active and constantly laying traps.

Two Germans recently arrived at Cape Town have been sentenced to one year's imprisonment for having suspicious possessions of a hundred rifles and six hundred cartridges.

QUEEN WILL RECEIVE THEM

By Associated Press to the Journal. THE HAGUE, April 19.—Queen Wilhelmina will give a private audience to the Boer peace mission this afternoon.

SOLDIERS SICK IN SOUTH AFRICA.

ULTIMATUM TO CAPE DUTCH

By Associated Press to the Journal. CAPE TOWN, April 19.—The Boer governments are circulating the following manifesto among Afrikaners throughout Cape Colony:

"We feel that our fate and the fate of the whole of Afrikanedom is at stake, and we appeal to you to stand and fight shoulder to shoulder with us. You cannot, you may not, allow the tyrant to extinguish forever your finest traits of character as a nation. Without you on

our side the issue cannot be doubtful. We must conquer. God grant that love of your country and your liberty and the noble virtues of men truly free may induce you to join us in the hour of our supreme struggle."

According to Boer reports, there is a steady flow of foreign volunteers to the Transvaal. Hitherto these adventurers have been attached to various commandos. Now it is said they are to be formed into a special legion, with continental officers, and there is a rumor that the command will be given to a distinguished French soldier, lately retired, who is now in the Transvaal. Presumably the officer referred to in this report is General De Noeyer, formerly a member of the French supreme council of war, who was removed from the active list in July by the Marquis De Gallifet, as a disciplinary measure during the Dreyfus court martial.

Roberts' dispatch, and that the recall of General Buller and General Warren has probably been decided upon.

By Associated Press to the Journal. London, April 19.—What is to be done with Sir Redvers Buller and Sir Charles Warren occupies everybody's attention. The papers continue to comment earnestly upon Lord Roberts' censure of these commanders. They ask if more errors are not likely to occur, together with fruitless waste of life, in the event that men who have been declared incompetent by their superior continue to command 40,000 troops. It is now generally accepted that the government had a purpose in the publication of Lord Roberts' dispatch, and that the recall of General Buller and General Warren has probably been decided upon. It is persistently stated in military circles that General Warren has been ordered to return home.

WHAT ABOUT ROBERTS' REPORT?

By Associated Press to the Journal. London, April 19.—The Morning Post has the following from Bloemfontein, dated Tuesday:

"In view of the advisability of a retreat through Swaziland, emissaries of the Boers are now endeavoring to purchase secret information concerning caverns in the Greysoons country, which are only known to the natives, with the

circumstances to Washington.

The Lourenco Marques correspondent of the Daily Mail, telegraphing Wednesday, says: "Two hundred and fifty Boers started today from Waterval Onder, marching through the Zoutpansberg District to intercept General Carrington's force."

SOME SHOOTING REPUBLICANS.

MONTGOMERY, Ala., April 19.—A row among the delegates to the Republican convention started before that body had been called to order today, accompanied by some shooting in which one man was seriously hurt.

The rule for the admission of only uncontested delegates caused confusion and delay. Gaston Scott, of Montgomery, was shot by Myranda, of Elowah county, who had been appointed sergeant at arms. Taylor Scott, a brother of the wounded man, fired two shots down the hall, but hit no one.

Republicans took possession of the state house, and the Vanhook faction took possession of the hall of the house of representatives, and the entrances were strongly guarded.

RED CROSSERS JOIN THE BOERS

By Associated Press to the Journal. London, April 19.—According to a dispatch to the Daily Mail from Lourenco Marques, nearly half the members of the Chicago corps, when offered Mansers on their arrival at Pretoria, tore off their Red Cross badges. Adelbert S. Hay, United States consul, notified the Transvaal government that he must report the

RUMOR OF INTERVENTION

By Associated Press to the Journal. PARIS, April 19.—Count Muravieff, the Russian minister of foreign affairs, is going to join Emperor Nicholas at Moscow. This is looked upon here as being possibly connected with some idea of intervention in South Africa.

Warlike Expenditures Ordered By the Government of Soudan.

By Associated Press to the Journal. NEW YORK, April 19.—A special to the Herald from Washington, says: Ali Ferugh Bey, the Turkish minister to Washington, will call at the state department to ascertain what foundation there is for the reports that the Administration is preparing to pay the missionary claims pending against it.

Similar queries will be made by representatives of the European governments in Washington. The state department is maintaining a discreet silence, although it is known that Secretary Hay will sign a peremptory note to the Sublime Porte, demanding prompt action upon the American claims.

By Associated Press to the Journal. LONDON, April 19.—Keen interest is manifested here in the threatened action of the United States against Turkey. The fourth collective note of the embassy, objecting to an increase in the duties on account of the bad condition of the Turkish finances, without a previous understanding with the powers, was handed to the Turkish government yesterday. Turkey maintains such a firm attitude that the suspicion is growing that some covert intrigue is frustrating the effect of the notes.
