MINOR BATTLES ON IN BOERLAND

Chermside and Rundle Fought Artillery Near Dewdorp.

GENERAL METHUEN IS ATTACKED WHILE RETREATING

Two Thousand Burghers Open Fire Near Boshof--Considerable Loss on Both Sides.

By Associated Press to the Journal. BLOEMFONTEIN, April 21.—Continuing the march on Friday, General's Chermside and Rundle came into contact with the Boers near Dewdorp. Fighting continued until dark, principally carried on by artillery, which temporarily silenced two Boer guns.

Rundle advanced this morning early and is now again engaged with the enemy. Our casualties yesterday were two men severely wounded, Lieut. O'Connor and seven men slightly wounded.

General Methuen Meets Boers. By Associated Press to the Journal. BOSHOF, Orange Free State, April 21.—Yesterday Methuen's field force at Swats Kop Fontein was ordered to return to Boshof. Its convoy extended over six miles. A force of over 2,000 Boers, with two guns, suddenly appeared and opened a heavy fire. The British held them in check until the column reached a point of safety. The British had several casualties, and the Boers must have suffered considerable loss.

Floods in Mississippi. By Associated Press to the Journal. MERIDIAN, Miss., April 21.—The flood situation is little improved. It is thought that the aggregate loss to the railroads amount to more than a million dollars. Jackson is threatened with a water famine, as the water works pumping station is flooded.

Plague in Philippines. MANILA, 21.—Sudden deaths of Filipinos and Chinamen in the Quiapo market led to an investigation, showing that fifteen cases of plague, fourteen of which were fatal have occurred within a week. The market is in the center of the city. The total number of bubonic plague deaths is 119 Chinamen and 66 Filipinos. The plague elsewhere has been suppressed.

Marching On to Wepener. LONDON, April 21.—Generals Chermside's and Rundle's divisions were only 20 miles from Wepener yesterday, and by tomorrow they should have accomplished their relief, the division being overwhelming superior to the Boer forces. The governor of the Free State, General Prifman, is organizing a corps of mounted police and dividing the country into sections to be administered by commissions, probably army officers. A

transport with 700 troops from Lisbon has arrived at Lourenco Marques. Reinforcements will make Portugal easier regarding the Boers' protest against the British use of Beira. From Lyons comes news that firing was heard this morning in the direction of Sunday river.

Boers Are Jubilant. By Associated Press to the Journal. MARKER, April 21.—Boers around Wepener have been reinforced and are now stronger than ever. The firing heard in the direction of Dewets drop is looked upon as meaning that relief is approaching. Heavy fighting is hourly expected.

The Boers are excited and jubilant in consequence of President Steyn's assertions that foreign intervention is certain and it is only necessary to struggle for a short time.

The Party Presidential. By Associated Press to the Journal. NEW YORK, April 21.—President and Mrs. McKinley and party arrived in this city this morning.

THE SALEM CREAMERY. Accommodates All Classes of Patrons—Give Them a Trial. A look through the Salem Creamery rooms at 225 Commercial street will convince anyone that there is work and business in making butter. The creamery is doing its first churning this morning resulting in over 200 pounds of first-class butter from cream gathered.

About 1000 pounds of granular butter brought on this morning from the 40 or more patrons filled two large receptacles ready for working and moulding. A DeLaval separator is operated to take the cream out of the milk that is gathered near to Salem. Additional help has been secured, and the business will continue to be pushed.

NEW MASONIC TEMPLE That Order Accepts E. P. McCormack's Proposition. It can now be positively stated that the Masonic lodges of the city have decided to accept the proposition made to

them by E. M. McCormack, and that the upper story of the present open house building will be transformed into an up-to-date Masonic temple, and will be occupied as such.

The plans for the remodeling of the building, drawn up by Gray & Pugh have been in Mr. McCormack's hands for some time and have been described in this paper. There will be a palatial store on the first floor, fine offices on the second and the Masonic Temple on the third. The Masons are to be congratulated upon securing a meeting place worthy of the order.

In addition to the Rose Show there is talked of a grand parade of decorated turkeys, bicycles, etc., and it is probable that a two or three days pageant will be had.

REPUBLICAN FRICTION.

Rowing in Marion County Over the Attitudes of a Tongue Leader.

Salem Correspondence of Oregonian: Dr. T. W. Harris, of Eugene, chairman of the central committee of the First Congressional District, accompanied by Census Supervisor C. B. Winn, was in Salem today soliciting subscriptions to the Congressional campaign fund. Owing to the fact that the Salem Statesman, edited by Tongue's campaign manager of two years ago, is fighting the republican candidate for county clerk, Dr. Harris has not received much encouragement here. W. W. Hall served for county one term as clerk, and fulfilled his duties so well that he was re-nominated without opposition and with a tremendous storm of applause.

It is said that if the matter had been left to vote in the Democratic convention, Hall's nomination would have been endorsed by that body. Nevertheless, the Statesman has been carrying on a bitter fight against Hall's election, leading Republicans here to doubt themselves plainly to the effect that unless Tongue's friends will support the Republican ticket, they will neither contribute to the campaign fund nor vote for Tongue at the polls. Some minds have been understood upon this point today when asked by Dr. Harris for assistance. The Republicans say they have been working many years for the election of better officials, and now when they have a good man nominated, they will not stand any opposition in their own ranks.

REPUBLICANS MAKE PROGRES. The committee on platform appointed last Saturday by the Marion County Republican Central Committee today made its report public. This committee was composed of Chairman F. T. Wrightman, Frank Davey and the Republican candidates. The platform is as follows:

"The candidates of the Republican party in Marion County, Oregon, pledge themselves to abide faithfully by the following declaration of principles: Unswerving allegiance to the Republican party upon national and state issues as expressed in the platform adopted by the state and national conventions of the Republican party. We point with pride to the fact that the pledges for economy in the administration of county affairs made by the Republicans of Marion county in 1894 have been carried out to double the amount promised, and refer to the records for verification.

"We pledge ourselves that in matters of legislation, our representatives will labor for strict economy in state affairs; oppose all needless commissions, and labor faithfully to arrest and faithful compliance in the law governing assessment and taxation.

"The candidates for county judge and county commissioner hereby pledge themselves to the strictest economy in conducting the business of the county, restricting the expenditures to actual necessities for the protection of public interests and public property, and with a determination to place the County of Marion upon an absolute cash basis and out of debt, while at the same time reducing tax levies to the lowest possible limit; and the candidates for all other places upon the county ticket pledge themselves to arrest and faithful cooperation with the county court in securing the results aforesaid."

Who for the Vice Presidency. NEW YORK, April 21.—The Tribune prints the following: Joseph H. Manley, a member of the national committee from Maine, speaking of the present condition of the Republican politics in regard to the coming vice presidential nomination, said: "Everyone is at sea as far as the vice-presidency is concerned, and there is absolutely no one of the Republican leaders who can say with a certainty who will be nominated."

Dewey Is Hesitating. NEW YORK, April 21.—A dispatch to the Herald from Washington says: Admiral Dewey is hesitating about leaving his political statement. Men close to the Admiral are urging him to speak promptly, while others are impressing upon him the value of the rule "silence is golden."

His mail and callers assure him that his candidacy is progressing favorably. The admiral thinks the time to act is when the emergency arises. His friends are actively trying to break the Bryan forces in his behalf.

Turkey Has Heavy Orders Out For Artillery, and Isn't Afraid of Our Bluff

By Associated Press to the Journal. NEW YORK, April 21.—A special to the World from Washington says: Unless the sultan of Turkey acts very promptly the Turkish minister will be given his passports and the diplomatic relations between the United States and Turkey will be suspended, until the sultan pays \$100,000 due the citizens of United States.

CONSTANTINOPLE, April 21.—Loyal C. Griecou, United States charge d'affaires, had a long private audience with the Sultan, who was very cordial. Such an audience with the American charge d'affaires is unprecedented.

The United States legation is without information as to the state of the diplomatic question at Washington, while the Porte officials say they are unaware of strained relations being raised over the question.

LONDON, April 21.—The possibility of trouble between the United States and Turkey has attracted only passing comment in England. The Birmingham Post is responsible for the statement that Turkey has placed several important commissions with the Krapps to be completed before the end of the year, which include machine guns and 100,000 Mausers.
