"Still Waters Run Deep."

In your body lies the vital fluid, the blood. It makes no noise, but it gives you life. If it is strong, pure, full in volume and vigorous, you reap the benefit. If not, the still waters of life, tainted and poisoned, are well-springs of disease. Hood's Sarsaparilla purifies the water of life at its source. It makes the blood healthful and keeps it so, as nothing else can.

SCIENTIFIC PALMISTRY
Readings of the Hands of Salem Business Men.

As Presented by Prof. Sterling—To Be Followed by More Forecasts of Business Men.

The following readings in the science of palmistry are of the hands of business men at Salem. They are made by Prof. Sterling, one of the most renowned scientists in the world in his line.

C. H. ROBERTSON.

You are not lacking in devotion, respect for superiors, reverence for age, or a fair degree of conservative feeling in reference to established institutions, but these emotions are greatly influenced by circumstances, and are strongly or weakly manifested, accordingly as they are incited or restrained by other faculties. There is of an internal conflict in you between the worldly and the spiritual. You will live to a good old age, and you will have many friends. You will never accumulate great wealth.

K. L. FARMER, HARDWARE MERCHANT.
There was a deep sorrow in your past, it was a disappointment, and you are a wise person not to worry about it any more. You will hear hasty news in a few weeks, but you must not accept the proposition that will be made to you. Also, you will be heir to a sum of money through death in one year. You will marry twice, and you will always be a very happy person. You will gain your point in five weeks regarding what you heard about a month ago.

J. M. WALLACE, PRES. OF WATER WORKS.
The mounts of Mercury and Luna indicate that you will have the ability to turn everything to good account. You are industrious, economical, have a love for wealth and a strong tendency to accumulate, but you are inclined to spend freely where your sympathies are enlisted. This trait should be overcome or it will be a source of regret in after life. There is good news in store for you in seven days.

O. I.
You have power and glory written in your hand. You will be a grand person in the future pertaining to public life.

LOTTIE MAUD.
You will never be wealthy. You and yours will always work for a living. You, however, will never be in destitute circumstances.

NEW NOTICE.
Your ambition is very good. You never make rash promises. Also in 11 days you will meet with a grand surprise regarding a lady named Bertha Toulington, from Los Angeles, Cal.

N. J.
You are naturally a thinker and philosopher. Your hand is that of a self-made person. You can endure censure when administered in a proper way. You will live to be very old.

J. W. WILSON.
This impression belongs to a person of a singularly impulsive and eager temperament, easily carried away by the feelings of the moment, very uncertain, and sometimes inconsistent. This hand is not wanting in ability, but only in the power to apply it usefully. Also a very amiable temper is shown. This hand is trustworthy.

A. L. BROWN, SEPT. WATER WORKS.
Your lines and mounts indicate that you are resolute, brave, determined, fond of argument. You are quick to read an insinuation, ready to resist any encroachment upon your rights. You are high tempered and fond of opposition; energetic in carrying out your plans. You delight in opposing obstacles. You are spirited, and cool in times of danger. You never lose your

Fortune Telling
By cards, tea leaves, mind reading, is perhaps amusing and entertaining, but when you want SECRETS OF TRUTH you should consult PROFESSOR AND MME. STERLING. They are acknowledged the greatest living authority on Palmistry. In their readings they give dates of the principal events and give advice in full detail. All their work is done in manuscript form with out asking a question, and is strictly confidential. Call on these Palmists and they will send you away happier, wiser and richer than before.

presence of mind. You should be noted for originality, learning capacity, intuitive perception of the relations of cause and effect, and great reasoning power and comprehension. You are naturally a thinker and a philosopher. Your life line is fully developed, and you will live to be a very old man. Also regarding wealth, you will never be in the best of circumstances, because you were born under an unlucky planet termed Luna. L. D. HENRY, REAL ESTATE AGENT.
Your hands are very small. You need some help in the venture, you are about to embark in. There is no sick room ahead of you. You will also receive a sum of money as a gift that will make you very happy. You will live in the south, in six or seven years. You will never have any trouble regarding work, etc. You will lose your right limb and left eye in 1900, caused by a serious quarrel you will have with one of your relatives.

Call at THE EVENING JOURNAL office and get the prepared sheet for taking the outlines of the palm.

At any druggist's get 5 cents worth of tannic acid, add a teaspoonful of water, mix well and then apply on both palms, rubbing your palms together so as to have moisture penetrate the lines, etc., thoroughly. Then place your hand on the paper, holding it there steadily and with pressure for two minutes. Keep your hand firm on the sheet, then raise hand gently.

Only use a small amount of the acid mixture on your palms, just enough to color the palm. Do not have it in streaks on the palm because that will make it blur on the impression sheet.

Directions how to remove the stains from your palms: Wash hands in vinegar thoroughly; then use soap as usual. After impression of hands has been taken return sheet to Evening Journal office, signed with your name you desire, and same will be read by Professor Sterling and reading published in the Evening Journal.

Mail subscribers wanting the sheets will enclose 2 cents for postage.

Prof. and Mme. Sterling
The Celebrated Palmists and Psychologists are in This City

Nature has bestowed upon these bright young people many advantages. They believe with the Brahmins that the lines of the hand are the markings of God. The drawings and records of the Science of Palmistry can be found in a Monastery at El Karnaak, Egypt, and Thales, also Nineveh, Persia and India. Professor and Mme. Sterling have had access and examined the drawings, and after years of scientific research, assert that they are not young.
