

# CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

## Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood. To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectively and permanently but S. S. S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and builds up the general health, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health. A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keeling, of Windsor Ave., Bristol, Tenn., writes: "I am 47 years old, and for three years have suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my daughter, knowing of my condition, recommended that I should use S. S. S. I bought a bottle of the medicine, and after taking it for a few days, I began to feel better. In fact, I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, an enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service.

## Another Replevin Suit

Bertha Maguire has commenced suit in department No. 1 of the circuit court against F. W. Durbin, sheriff, for the recovery of a certain ice wagon which, she alleges, Sheriff Durbin holds and refuses to deliver to her, the rightful owner; or in lieu of the wagon she will accept \$125 and asks \$25 damages. This is the second suit against the sheriff arising out of his attachment of property in a recent suit against Geo. L. Neal & Co., in which James Maguire was one of the defendants. A quantity of wood attached as Maguire's property was claimed by another party, but the suit was thrown out of court. Carson and Adams are attorneys for Mrs. Maguire.

## To the Pen

Percy Allen was received at the penitentiary from Coos county yesterday to serve 15 years for rape.

## The excitement Not Over

The rush to the drug store still continues and daily scores of people call for a bottle of Kemp's Balsam for the Throat and Lungs, for rheumatism, Coughs, Croup, Asthma, Bronchitis and Consumption. Kemp's balsam, the standard family remedy, is sold in a guarantee and never fails to give entire satisfaction. Price 25c and 50c.

## Masonic Dedication

The dedication of the new Masonic building at Jefferson, Thursday, was a great success in a social way. There were delegations present from Albany, Turner, Stayton, Woodburn and Salem. The ceremony of dedication was conducted by Grand Master Hobson at 2 p. m. At 3 p. m. a grand dinner was served on the lower floor by the ladies of the city, and at night a ball was given. The affair was in every way up to the well known standards of Jefferson hospitality and enterprise.

## One Inmate

Jas. E. Wharton, aged 21, was brought to the asylum yesterday from Douglas county.

## A Family of Sixteen

On Wednesday night some mischievous dogs turned over a rabbit hutch belonging to Story Chase, on South Commercial street. The dogs killed the dog which had a litter of eight young ones but a few days old. The young ones were taken to another dog belonging to Will Bennett, who was also nursing a family of eight. The new mother immediately began pulling hair to cover the foundlings and soon had them as snug as a bug in a rug of the silken hair. They are doing finely.

## Cremery at Stayton

Reports from Stayton indicate that the new creamery at that place, which is being put in by Mr. Seely, of Albany, will be in operation in a few days.

## Sweet Sleep

That comes to a healthy brain is a jewel of great price. Who has not witnessed the suffering and torture endured by the person who cannot sleep? To toss and roll for hours on the pillow that brings no rest. To review in endless variety, events spread out on the panorama of the past. To pace the chamber floor with unsteady tread and count the ticking of the mantle clock till the minutes slip away into hours and the hours into early dawn of another day with its burden of work and worry and pain. Whoever seeks rest and sweet, refreshing sleep can surely find it through the aid of

## Dr. Miles' Nervine.

"For months I was unable to get a good night's rest. I was nervous, uneasy and did not sleep. I had no appetite for food and no ambition for anything. I felt miserable and had no energy. I was constantly worried by my local physicians but grew steadily worse under their care. At last I commenced taking Dr. Miles' Nervine, and after the first few doses I was greatly relieved. I continued its use for some weeks and soon felt like my old self again." SIMON A. GRISON, Ill.

## SCIENTIFIC PALMISTRY

Readings of the Hands of Many Journal Readers.

As Presented by Prof. Sterling-To Be Followed by More Forecasts of Business Men.

The following readings in the science of palmistry are of the hands of business men at Salem. They are made by Prof. Sterling, one of the most renowned scientists in the world in his line.

CHRIS. NOME. You have a cheerful and hopeful nature and generally are a great favorite wherever you go.

DOLAN C. ADDRESS. You are a strong, energetic person, but lacking balance. You are warm-hearted and affectionate, but sickly. You have been the victim of bad habits, which you will shake off. You are in love with an Auburn-haired lady named Emma.

J. USTRY. Your line of credulity is abnormally developed, demonstrating that you believe everything that any one tells you. The head line is considerably jarred. You should wear rubber heels. Bear is very bad for fat people.

VERA H. Keep on as you are doing. You will make your mark in the world, and you will be very rich.

MADAME ROBERT. You are an uncertain individual as regards your disposition, which is either very happy or decidedly discontented. You have powers of steadfast attachment.

L. A. C. Generous and obliging; be cautious, for you are likely to suffer many annoyances.

TERENCE RECALDOL. Your adopted child will soon find out that you are not its mother; don't keep the child in suspense; also you will marry again in sixteen weeks. It will be the gentleman you are engaged to at present. His name is Clyde Z. and you will be happy.

E. A. E. T. You should have been a preacher of the Gospel. You have good traits of character, and you will never be sick.

ELIAS JONES. Individuality, versatile ability, impulsiveness and practical and original mind are the prominent attributes shown in this hand.

PEARL KILMER. You have the knack of making things pleasant for others. As a friend you are steadfast and true. Some musical ability is displayed in your hand.

LEONIE CARNEY. You will never have any more trouble. You will cross the sea in 1900, and you will be very rich.

L. A. C. You have an alert and intellectual mind. Much will power is revealed in your hand. You have a great deal of ambition.

AGATHA REED. There is no sorrow shown in this hand but the person will always have to struggle for a living in the future.

THEO. KRESS, SARAH SMITH, FRANK E. J. A. MARLES, S. C. E. R. K. C. M. J. R. B. R. F. MOUNT, D. F. ROMCO. These impressions of hands have been too much and the lines were not plain enough to read.

Call at THE EVENING JOURNAL office and get the prepared sheet for taking the outlines of the palm.

At any drugist's get 5 cents worth of tannic acid, add a teaspoonful of water, mix well and then apply on both palms, rubbing your palms together so as to have moisture penetrate the lines, etc., thoroughly. Then place your hand on the paper, holding it there steadily and with pressure for two minutes. Keep your hand firm on the sheet, then raise hand gently.

Only use a small amount of the acid mixture on your palms, just enough to color the palms. Do not have it in streaks on the palms because that will make it blue on the impression sheet.

Directions how to remove the stains from your palms: Wash hands in vinegar thoroughly; then use soap as usual. After impression of hands has been taken return sheet to Evening Journal office, signed with any name you desire, and same will be read by Professor Sterling and reading published in the Evening Journal.

Mail subscribers wanting the sheets will enclose 2 cents for postage.
