ELOFF RUSHED THE PICKETS AND HAD A HARD DAYS' FIGHTING

Buller's Advance Delayed By Pestroyed Railroad -- Rundle Reports Ladybrand Occupied.

By Associated Press to the Journal.
LONDON, May 21.—The war office has received the following from Lord Roberts: "Kroonstad—Col. Mahon joined Plumer at Jansieda, May 15. May 13 he was attacked in a thick bush, losing five killed, two missing and 24 wounded. A Report from Baden Powell says: "May 13.—A storming party, 250 strong, personally led by Eloff, rushed the pickets and reached Statt and the protectorate camp from the westward along Maloppe valley. After fighting all day the two parties surrounded and the enemy was driven out of Staat under a heavy fire. Ten dead and 19 wounded were left behind, 108 prisoners were taken, 17 Frenchmen and many Germans were among the prisoners. Our losses were six killed and two officers and nine men wounded."

LONDON, May 21.—The war office has received the following from Roberts: "Kroonstad—Fuller reports that his advance will be delayed a few days on account of the railroad being destroyed. "Rundle reports that Ladybrand has been occupied. "Hunter is pushing up the railway with supplies for the Matingo garrison, and is arranging a hospital train for the conveyance of the sick and wounded to Kimberley. "Methuen has left Hoopstalt to cooperate with this force."

HOW MAKEKING WAS RELIEVED

By Associated Press to the Journal.
LONDON, May 21.—The war office confirms an announcement that Makeking has been relieved. The relieving column was a composite force under Col. Mahon, of about 2300 men.

WILL DEFEND AT JOHANNESBURG

By Associated Press to the Journal.
PHOENIX, May 21.—It is officially announced that Johannesburg will be defended. The consuls of the neutral

powers have been advised to look after their citizens, as the government will not hold itself responsible for injury or damage to property.

KRUGER HAS NOT ASKED FOR PEACE

By Associated Press to the Journal.
LONDON, May 21.—The Associated Press is able to say that no message from President Kruger direct or indirect has been recently received by Lord Salisbury or any department of the British government. Proximity of peace, according to the government point of view, will remain a matter of military progress. The consensus of opinion, as gleaned by the Associated Press and government officers, is that the Boer delegates will exhaust every effort in the United States before taking a rest.

BIG BOER RECEPTION

Great Throngs Greet Them in Washington.

Enthusiastic Speeches Made by the Envoys and by Leading Americans.

By Associated Press to the Journal.
WASHINGTON, May 21.—An audience, remarkable for its size, sympathy and enthusiasm, greeted the Boer envoys at the reception given in their honor last night at the Grand opera house, under the auspices of the congressional and citizens' committee. The house was crowded to suffocation, and many were turned away. The interior was decorated with the national tri-colors of both the United States and the Transvaal. There were probably 30 members of the senate and house present. Speaker Henderson was in one of the boxes, and others present were Senators Daniel, of Virginia; Teller, of Colorado; Tillman, Pettigrew, Mason and Wellington; Representative Shafroth, Atwater, Slayden, Glynn, Ruppert, Gaines, Latimer, Lutz, Sulzer, Landis, Linney, Ryan, Greene, Henry (Mass.) Hay, De Armond, Clark (Mo.) Miers and Rhea (N. Y.). One of the boxes, it was stated, had been reserved for the President, a committee having been sent to the White House with tickets of admission to the opera house of the President's official household was on hand.

The three envoys were introduced in turn, and each of them was given a cordial reception. Their remarks were listened to with close attention. The audience gave a standing greeting to Commissioner Fischer, who told his hearers why the envoys had come to this country and what they hoped to accomplish. His remarks were very much in keeping with what he already has said in published interviews. "We come to you as a great liberty-loving people, in whom the sense of justice and fair play is strong, and look to you to find a practical scheme to obtain peace with justice, said he. "We come to appeal to your people and speak to you as brother Republicans and to ask for a hearing, and we hope to obtain one. We look to you to help us, if possible, and whether we get assistance or not, we appreciate the kindly feeling which has been manifested for us." Commissioner Wessels' speech was a vivid picture of the Boers in their country and of the patriotism with which they all went in to fight their battles. "M. Wolmarina, who spoke in Dutch, said that while the envoys did expect to be sympathetically received in this country, yet they had not anticipated such a strong welcome as had been shown to them in New York City and Washington.

he senate. Allen and Mason made pro-Boer speeches.

Davis delivered a vigorous speech on the question of the Boer representatives. He did not want to discourage sympathy of the American people with the Boers, but the representatives he said had been taking an unwise course.

Allen's resolution was laid on the table 30 to 31. This afternoon Secretary Hay received the Boer delegates unofficially. Secretary Hay will probably arrange for a reception of the Boers by the President, which will also be unofficial.

CAUGHT WHALES AT TILLAMOOK

By Associated Press to the Journal.
SAND LAKE, Tillamook County, May 21.—On Thursday morning, the 10th, as O. L. Chamberlain was walking along the beach, he discovered some black objects in the edge of the water, and upon approaching nearer he discovered that they were whales, which had become stranded from some cause or other. There were seven of them and they were making tremendous efforts to get back into deep water, without avail. The tide was leaving them. They would open their mouths and draw in about a barrel of water and then spurt it through the hole in the top of their heads 20 feet into the air, and lying sometimes on their sides it was like getting in the cross-fire of a hose company.

KENTUCKY GOVERNORSHIP

Beckham is Sustained By the U. S. Supreme Court.

By Associated Press to the Journal.
WASHINGTON, May 21.—The Kentucky governorship case was decided by the United States supreme court today in the interest of Beckham, affirming the decision of the Kentucky court of appeals. The opinion was handed down by Chief Justice Fuller and the case was dismissed for want of jurisdiction and the determination of cases of contests for state officers must necessarily be settled by the political branch of the government. The branch had not acted in the Kentucky case when general assembly took jurisdiction. There was no appeal from the assembly's decision, which was favorable to Goebel and Beckham, except to the tribunal of the people which tribunal the Chief Justice said was always in session. The opinion was not unanimous, Justice Brewer, Harlan and McKenna dissenting.

The speech of Senator Wellington, which came next, was cheered to the echo. The senator said that, as Americans, we always had held that all men were entitled alike to life, liberty and happiness. If this were true in America, he asked, why not in South Africa? England was no more our friend today than she was a hundred years ago. We had grown strong and mighty, he continued, and he ventured to say there would be no more attacks by England on this country.

"Shall you and I, enjoying the full heritage of liberty," he asked, "not give them aid? I will. Our government could not long stand in opposition to the manifestos of sympathy expressed by the people for the Boers."

Mrs. Edith W. Lamb recited the "Spirit of '76," and presented an American flag to Mrs. Fischer, the wife of one of the envoys, following which Hon. Bourke Cockran delivered an address. He strongly advocated upholding the Monroe Doctrine, recalling Secretary Root's words that we must be prepared to fight for it, and adding that the latter must be gratified at the hearty response which had been made throughout this country.

Senator Wellington was instructed by unanimous vote of the audience to present in the Senate Senator Teller's resolution of sympathy with the Boers.

WASHINGTON, May 21.—In the senate the Boer question came up this afternoon, on a resolution by Allen to admit the Boer representatives to the floor of

PLAGUE IN SAN FRANCISCO

Situation Unchanged—Chinese and Japs Oppose Inoculation.

By Associated Press to the Journal.
SAN FRANCISCO, Cal., May 21.—There is no change in the plague situation. No new cases have been discovered. The chief interest centers about the attitude of the Chinese and Japanese toward the attempt of the board health to inoculate them against the disease. If the local board of health is unable to handle the Chinese it is stated that the federal authorities will take charge.

SAN FRANCISCO, Cal., May 21.—The Federal authorities in Washington have instructed Dr. Kinyoun, quarantine officer of this port to take charge of suppressing the bubonic plague. This action is thought to be due to the inability of the San Francisco authorities to compel the Chinese and Japanese to take precautionary measures against the spread of the plague, if it still exists here. The Chinese insist that the plague does not exist among them, and that there is no necessity for inoculation.
