Pleasant Party.

Professor W. J. Crawford, principal of the Lincoln school, entertained the pupils of his room at his home on Marion street Monday evening. Somewhat over twenty of the young people were present, and the evening was very pleasantly passed, with music, games and a general social good time. Refreshments of ice cream, strawberries, cake, etc., were served. It was a very pleasant affair, and will long be remembered by the pupils of this popular educator.

Lively Runaway.

Tuesday morning the meat wagon, used in bringing in the meat for Cross' market, was standing near the soap works and the team became frightened and ran away, making things lively for a short time. They ran north on Thirteenth street to Center, then east to Asylum Avenue, where they ran over the embankment into Mill creek, completely overturning themselves and wagon, in the water below. A painter, working on a near-by house ran to their assistance, and by cutting the harness freed the animals and saved them from drowning.

Memorial Hall West Point.

WEST POINT, N. Y., June 12.—The Cullum Memorial Hall at the United States Military Academy here, which is the gift of Brevet Major General George W. Cullum, was dedicated with appropriate ceremonies today. A dinner followed the dedication, which was attended by many distinguished men. The Superintendent of the Academy on behalf of the Trustees presented the Memorial Hall to the alumni of the Military Academy. Gen. Veile accepted it, and in turn presented it to the United States through President McKinley and Secretary Root. The building faces the main parade ground, and cost, complete, about $275,000. In the foreground is the statue of Major Dade, who was killed, with his entire command in the Seminole war. Over the upper right columns of the building are the words—"To the officers and graduates of the United States Military Academy." Cullum Memorial Hall was designed as a receptacle, for statues, busts, mural tablets and portraits of eminent officers and graduates of the academy. It will also contain paintings of battle scenes and trophies of war. Among the portraits that are already in place on the walls are those of twenty-one army commanders. They include portraits of Grant, Sherman, Sheridan, Meade, Thomas, Schofield and McClellan. There are also portraits of thirty seven corps commanders, fifty-one division commanders and eight heads of general staff corps.

Election in Grant County.

From the Granite Gem.

If the result of the election in Granite shows anything at all, it shows that the political complexion of this community is an open question. It furthermore shows that the miners are not the free silver apostles they are given credit for being, and that there are as many goldbug miners in the camp as silver-bugs. Moody, Republican, beat Smith, the Democratic-peoples nominee for congressman, by 4 votes. Greene Democrat, got 9 more than votes for justice of the supreme court than did Wolverton, Republican. Bailey, Republican, and Schulmich, Democrat, received 97 votes each for food and dairy commissione. There is no more to be learned from the vote on the legislative ticket. Cozad, Democrat, received 169 votes to Steiwer's 197 for the office of joint senator. Cattanach, Republican nominee for joint representative received 106 votes to 99 for Coon. 102 Edwards and 97 for Misner, the three Democratic nominees. Miller, Republican, received only 95 votes, falling below all three of the Democratic nominees. Barrett's phenomenal vote (197) is due entirely to his great personal popularity.

General Putnam.

GREENWICH, Conn., June 12.—A grand celebration is taking place here today, the occasion being the dedication of a monument to General Putnam, in a small park on the brow of Putnam Hill. The monument marks the place of Putnam's famous ride down a hundred stone steps amid a shower of bullets. A bronze tablet tells the story.

"He That Any Good Would Win"

Should have good health. Pure, rich blood is the first requisite. Hood's Sarsaparilla, by giving good blood and good health, has helped many a man to success, besides giving strength and courage to women who, before taking it, could not even see any good in life to win.

Hood's Sarsaparilla
Never Disappoints

From Woodburn.

ED. JOURNAL:—Your correspondent heard last Sunday the Memorial sermon to the G. A. R. of this place, preached by the Rev. F. L. Belknap. He said that the noble deeds of our soldier dead yet speak to us. Afterwards he entered into an extended eulogy of President McKinley, placing him along with Washington. Lincoln and Grant. He said, in substance, that he being dead to future generations, would speak to those generations as a savior of our country.

Now your correspondent is wondering what President McKinley has saved us from? And if it be true our soldiers dead yet speak to us, will not some of our boys who have been killed by the deadly canteen speak and say "who killed?" The answer must be, "our great (?) and good (?) President who has saved (?) our country. The President who had the power to save my life, but would not. The President who taught us patriotism (to the Whisky Trust)"!

We were told that our president would hand down the flag unsullied. He can't do it, because it already has blood upon it; placed there by his own hands. CLODHOPPER.

Card of Thanks.

The undersigned wish to sincerely thank their friends and neighbors who so loyally assisted them in their recent bereavment. They also feel especially grateful to the Sisters of the Sacred Heart, former teachers of their deceased son, also to Rev. W. A. Daly, his pastor, and Father Dominick and the students of Mt. Angel seminary, all of whom rendered material and spiritual service such as can never be forgotten in the hearts of a bereaved family. May they never bear the pangs of separation that have come to our hearthstone in the past year.

Eating and Sleeping.

Food supplies the substance for repairing the wastes of the body, and gives strength. Sleep affords the opportunity for these repairs to be made. Both are necessary to health. If you can't eat and sleep, take Hood's Sarsaparilla. It creates a good appetite and tones the digestive organs, and it gives the sweet, restful sleep of childhood. Be sure to get Hood's.

CORBETT ELIMINATED.

Col. Raley States That That Is One Result of Multnomah County Election.

Pendleton East Oregonian.

Col. J. H. Raley came home this morning from Portland. When asked regarding the effect of the victory of the anti-Simon forces in electing the legislative ticket in Multnomah county on Monday, he said;

"There is, of course, no doubt that it eliminates H. W. Corbett from the United States senatorial problem. That is not denied by any well posted man in Portland, or elsewhere, for that matter. As to what it means other than that negative side of the question, the defeat of Mr. Corbett, no one appears to know exactly. One hears the names of ex-United States Senator John Mitchell, of Portland, the present incumbent, Mr. McBride, who is a candidate for re-election, and that the State Senator Charles W. Fulton, of Astoria. But as to which one of these has the strongest pull for the position, or whether an entirely new man will be brought to the front by the recent election of members of the legislature, is at this time unknown. So mixed are the conditions affecting the situation, that anyone who values his reputation as a politician would hesitate to express himself concerning the probable result when the legislative assembly meets next January."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.
