**STATE CONVENTION**  
SUNDAY SCHOOLS OF OREGON TO HOLD A MEETING.

Prominent Workers From the East to Be in Attendance—An Interesting Program.

The Oregon State Sunday School Association will hold its fifteenth annual convention in Portland, June 18 to 19, at the First Baptist church. The convention proper will begin Wednesday evening and close Friday evening. Working in the primary, normal, home and house-to-house visitation departments will be fully set forth. A large number of delegates will be in attendance, and every school in the state will be represented. The five workers sent by the International Convention are: Marion Lawrence, international general secretary, of Toledo, O.; Rev. Alexander Henry, of Philadelphia; Rev. E. S. Lewis, D. D., of Columbus, O.; Robert T. Bonnell, of Cincinnati, and Prof. E. O. Excell, of Chicago, who will have the entire charge of the music during the convention. The members of this party are making a tour of the Northwest in the interest of the Sunday school work. Below is a brief sketch of each:

Marion Lawrence, of Toledo, Ohio, has been general secretary of the International Convention since July, 1899. For 10 years prior to that time he was general secretary of the Ohio Sunday School Association. He has been superintendent of the Washington Street Congregational Sunday school, Toledo, Ohio, for the past 23 years.

Prof. E. O. Excell, of Chicago, has a national reputation as a publisher, writer and singer, and is especially efficient in conducting the music in large religious gatherings. His presence insures good, inspiring music, which adds so much to meetings of this kind. His services are greatly sought by state and national religious meetings of all kinds, and the states we are to visit on this tour are enthusiastic about his coming.

Rev. Alexander Henry, of Philadelphia, is one of the prominent Sunday school men of that great city and state. He is a pastor and an active member of the Presbyterian Board of Publication and Sunday school work. He is a member of the executive committee of the Pennsylvania State Sunday school Association, and is chairman of the Philadelphia County Association. He was a speaker at the last International Convention. Mr. Henry has the official endorsement also of the Pennsylvania Sunday School Association.

Rev. E. S. Lewis, D. D., of Columbus, Ohio, is one of the leading Methodist pastors of the state and in fact of his denomination. Rev. J. L. Harburt, D. D., says of his appointment: "I know of no man in the entire church whose going would suit me better." He was four years president of the Chattanooga University; also for four years president of the Little Rock University. He is a thorough Sunday school man, having served four years (1892-1896) as president of the Ohio Sunday School Association. He is now conducting the Union Teachers' Meeting of Columbus.

Robert T. Bonnell, of Cincinnati, is the Baptist member of the party, and a prominent business man, having been for years president of the Cincinnati Insurance Co. He is regarded as one of the best Bible teachers in the state, and his services is sought far and near to teach the current Sunday school lesson, and give Bible talks in state and county conventions. He has taught the Union Teachers' Meeting of Cincinnati for over twenty years. For many years he represented his denomination on the state committee of the Ohio Sunday School Association.

The program for the State Sunday School Convention is as follows:  
Wednesday—Popular meeting at 7:30 p. m., with service; prayer; address of welcome. Rev. Alexander Blackburn, D. D. response; special music; address "Our International Work," Marion Lawrence; social hour.  
Thursday morning, at 8:45—Song and praise; organization; president's address; reports; state executive committee state treasurer, state secretary, county association; appointment of committee; address, "What Organization Means," Rev. E. S. Lewis, D. D.; address, "The Gospel of God," Rev. Alexander Henry; benediction.  
Thursday afternoon, at 2 o'clock—Devotional; address, "Gathering from the Highways and Hedges," Rev. J. E. Snyder; address, "Incidents in Sunday School Work in Oregon," Rev. A. R. Rowley; address, "Denominational Cooperation," Rev. Alexander Henry; conference work, Marion Lawrence.  
Thursday evening, at 7:30—Service of

**OREGON CROPS AND WEATHER.**  
Bulletin of the Department of Agriculture and Weather Bureau.

PORTLAND, June 13—The week throughout has been uniformly warm and sunny, with temperatures averaging 4 degrees higher than last week and 2 degrees higher than the average of the same week one year ago. On Thursday hot northerly winds prevailed in Southern Oregon, but they were not severe enough to do any damage of consequence.

No rain has fallen during the week, and the need of it is beginning to be felt in Southern Oregon and in the Columbia River valley. In the former district pasturage is getting short, and in the latter barley and spring wheat would be benefited by rain, although they, as well as all other crops, are still in a very promising condition.

Some improvement has been noted in fall wheat in the Willamette valley, but many of the fields were too badly damaged by rust and other causes to ever recover, and in this section the crop, as a whole, is very poor. In the Columbia River valley and in eastern and southern Oregon fall wheat generally is in excellent condition. Some few fields have been harvested, and elsewhere it is ripening under very favorable conditions.

Although the spring wheat would be benefited by rain, still it is growing nicely and looks very promising.

Winter oats are heading, and spring oats, barley and other small grain, as well as corn, potatoes and gardens, have made rapid advancement during the week.

Complaints of damage by insect pests are not very numerous, and no general or widespread injury from this cause has occurred, although in a few widely scattered localities they have been somewhat troublesome.

Hot lips have now made their appearance in nearly all the yards, but they are not increasing to any great extent. The training of hops is in active progress, and the vines are thrifty and growing very rapidly.

Haying is well advanced and the crop is being secured in excellent condition, and it will be an extra large one all over the State.

The strawberry season is drawing to a close, and both the yields and prices have been satisfactory to the growers.

In Northern Oregon, east of the Cascades, fruit of all kinds is doing splendidly, and so little of it is dropping that a great deal of thinning by hand will have to be done.

West of the Cascade mountains the peaches and apples are in excellent condition, and what is left of the French prunes, peaches and peaches are equally as promising.
