Sacred Heart Academy.

The Sisters of the Sacred Heart Academy at Salem announce commencement exercises Monday, June 13, at 8 p. m., when the grammar grade exercises will take place. Besides the regular exercises there will be an address to Archbishop Christie by Miss Delphine Corbier, an operetta in two acts, and awarding of class honors. Tuesday, June 19, at 2 p. m., the commencement proper takes place. Besides an elaborate program, there is an address to the Archbishop by Miss Goulet, and an address to the class by the Most Reverend A. Christie. Invitations have been issued and there will be a large crowd present.

Old and Young Eyes

May receive the help they need to have normal vision, by calling on us. It's wasting one's capital to do without glasses when the eyes would be benefited or the strain on the nerves lessened by their use. Failure to take measure for improving and preserving the vision is sheer folly. Properly fitted glasses insure the sight. Don't take risks. Spectacles and eyeglasses furnished at reasonable prices. Smoke glasses to protect your eyes from the glare of the sun, 50c to \$1.00.

BIG SALEM INTERESTS.

ADJUSTMENT OF STREET-CAR AND ELECTRIC LIGHT ENTERPRISES.

This is Now in Progress and Other Projects of Moment to the Town Are Announced.

Salem Special to Portland Oregonian.

More large business transactions are pending in Salem than at any other time in several years. The most important of these is the adjustment of the affairs of the street railways, which have become very much involved. F. H. Page, of Portland, who owns the controlling interest in the Salem Light & Traction Company, and J. L. Howard, of San Francisco, a director of the London & San Francisco bank, which institution holds a controlling mortgage on the bulk of the street railway property, are both in Salem, looking over their interests here. It is believed that the outcome of their visit will be of great moment to various industrial interests.

The history of the Salem street railways is very complicated. The electric light enterprise, that in the mutations became merged with the car lines, was started in 1896 by S. W. Blackie. The first horse-car line was established in 1899. Now all the electric lighting and street-car service of the city are under one control. At the organization of one of the car companies that was subsequently absorbed, a mortgage for \$25,000 was given on all the property it then owned or might acquire, and now there is a question as to whether that pledge extends to all the property in the consolidated concern to the violation of another mortgage of \$100,000 in process of foreclosure by the London & San Francisco Bank.

The holders of the \$25,000 mortgage were made defendants in this foreclosure suit. While they have thus far filed demurrers only, it is understood that if they are called upon to answer they will claim that their mortgage is a first lien upon all the property of the Salem Light & Traction Company acquired subsequent to March 15, 1897, when consolidation was effected. Otherwise the \$100,000 mortgage would be a first mortgage on all the property owned on that date, and the \$25,000 mortgage would come in second.

The only contention, if any, will be over property covered by the clause of the \$25,000 mortgage, which includes property thereafter acquired. This property includes additions to the tangible property and such property as franchises, lighting contracts, etc. The London & San Francisco Bank, it is understood, claims that its mortgage, is a first lien upon all this property. It is certain that the London & San Francisco Bank, or its assigns, will come to the ownership of all the Salem Light & Power plant.

The only matter of doubt is in regard to the contracts and franchises acquired since March 15, 1897. In view of the fact that a rival light and power company is to be established in this city, this question is important to the general public.

The foreclosure suit, in due course, would come to trial at the regular term of Judge Boise's court, to be held two weeks hence. In view of this it is surmised that the visit of Messrs. Howard and Page has something to do with negotiations for a settlement of the question of the ownership of the franchises and contracts.

Miss Mona Bowman, a Government nurse, who has been duty in the Philippines is visiting friends in the city.

Carl Griffith, who has been at Salem hospital for some time, has so far recovered as to be able to go home in a few days.

Mrs. S. D. Peck, of Colesburg arrived today for a stay in Oregon with her daughters, Mrs. E. J. Malvin and Mrs. Joel Hewitt.

W. L. White, M. D., wife and daughter, son of Ashley White, lately from Honolulu, via San Francisco, are here for a visit on their way to Washington. Dr. White reports his health much improved.

J. A. Fletcher, who has been acting in the capacity of foreman over the incandescent light system of the Salem Light & Traction Company, who recently resigned that position, left today for Portland, Seattle and other Sound cities. His position is being filled by Wm. Lane, of Portland.

Short Wheat Crop.

S. H. Russell of Marion was in the city today. He says fall wheat about Marion will be a failure to the extent of not yielding over a half crop. On summer fallow ground it seems to be shorter than on stubble, and a great deal of the former may never be cut. Spring grain is much better, and the outlook for the farmer in the way of grain crops is poorer. Mr. Russell says, than in twenty years.

JOURNAL X-RAYS

What Kruger is to South Africa republics Tsao Hsi, the dowager empress, is to the Chinese empire. She appears to be the Grand Old Woman of China and her name is entitled to a place on the world's list of strong women.—Exchange.

The stay-at-home vote was quite large. In one Linn county precinct thirty-two registered men did not vote. Two of them were Republicans. The others were not. The Republicans had the means and the machinery to get out the vote and they will have it in November.

Robert Roosevelt pronounces the Paris exposition a colossal fraud. He says that all the buildings are cheap affairs, the exhibits ordinary, and nothing is strictly first-class, except the prices, which are out of sight. And yet this is the thing Oregon taxpayers are to juggle up money for.

If Senator McBride fails to secure re-nomination the mantle will again fall on the shoulders of John H. Mitchell.—Editor Gill in one of his Marion county papers. Why, in the name of all that is honest and true didn't you fellows tell the people that before election? There would have been fewer Republicans elected to the Oregon legislature.

The Standard Rotary

F. A. Wiggins,
307 Commercial St.
Opposite P. O.

Plano, Oregon, Sewing machines and parts, repairs and Sundries.

We have 31 Reasons for buying a Standard rotary, over any other machine. Here are 12 of them.

1. The largest bobbin of any machine made, hold 100 yards of No. 80 cotton.
2. Tension released when taking out the goods.
3. Finest goods not drawn or puckered.
4. Less noise than any other machine.
5. Runs 50 per cent lighter than old style machine.
6. Most rapid sewer, makes two treadle motions to three of other machines, sewing same length seam.
7. Tensions not changed by change of speed, size of thread, thickness of goods, nor length of stitch. What other machine can do as much?
8. Does not break thread when machine is run backward.
9. Shuttle so constructed that it cannot hit the needle, hence no broken needles from this cause.
10. Feed motion all positive no springs used, hence will feed all thicknesses of goods and seams without chewing the cloth no matter what length of stitch.
11. No cog wheels in any part of machine.
12. Chain stitch attachment FREE making two machines in one.

There are 19 more reasons just as interesting as above. If you're interested come and get one of our slips. You can prove every fact we state for yourself. Come and see us.

CATARH OF THE PELVIC ORGANS.

The Reason Why So Many Women Are Sick.

Mrs. Eliza Wike, 190 Iron St., Akron, O.

Mrs. Eliza Wike says: "I would be in my grave now if it had not been for your God-sent remedy, Per-na. Everybody says I am looking so much better. No doctor could help me as Per-na did. I was a broken-down woman. It is now seven years past that I was cured."

Mrs. Sarah Gallitz, of Luton, Ia., also writes: "I was suffering with the change of life. I had spells of flowing every two or three weeks, which would leave me nearly dead. I had given up hope of being cured, when I heard of Dr. Hartman's remedies and began to use them. I am entirely cured, and give all the credit to Per-na."

But comparatively few women who are suffering with pelvic catarrh know that this is the case. Their trouble is called dyspepsia, heart trouble, female weakness, weak lungs, nervous debility; indeed, almost the whole category of medical terms has been applied to catarrh of some organ of the female anatomy. If these women could only realize that their trouble is probably ca-

tarrh of the organs peculiar to women of the pelvic organs, and cure themselves with Per-na, how much unnecessary suffering would be saved.

Mrs. Karoline Suter, 2138 Vine street, Cincinnati, O., says: "Two years ago I fell on the ice. At first I did not think that I had hurt myself; but several months after I felt pains in the abdomen, and a little later my menses failed to appear. I wrote to you in regard to it, hearing that you cured female troubles, and followed your directions. I took Per-na and Man-a-lin. I now have the best of health."

Mrs. Marie Hanson, of Niblem, Wis., writes: "About two years ago I had disease of the kidneys and womb. I was in a weak, nervous condition and began to have dreadful palpitation of the heart. I was confined to the bed. I had given up all hope of ever being well again. I commenced taking Per-na. I found relief when I had taken the first bottle. Now I have taken seven bottles of Per-na. I thank you for your advice and I am glad I can say that I am well now."

Dr. Hartman has written a book especially for women. It treats of female catarrh in all its different phases and stages. It contains common sense talks on subjects which should interest every woman. A book will be sent free to any woman. Address Dr. Hartman, Columbus, O.
