PUBLIC SCHOOL GRADUATION

MOST SUCCESSFUL COMMENCEMENT OF THE SEASON IN ARMY HALL.

Pupils Entertain Their Relatives and Friends and Cover Themselves With Well-Deserved Glory.

The graduating exercises of the Salem public schools at the Army hall Friday night was really the most interesting event of this week of commencements. The program was made up nearly altogether of numbers performed by the graduates themselves, and it is no flattery to say that they all did well, and many exceptionally so.

The more than six hundred seats in the hall were filled long before eight o'clock and many stood up throughout the evening, the attendance probably approximating 1000.

An immense array of beautiful flowers in bouquets and baskets was brought in by relatives and friends of the young graduates, and a large number of presents in shape of books, etc.

The stage was decorated with flags. The proscenium arch and drop curtain seemed like old friends to the patrons of the lately defunct opera house. The acoustic properties of the hall are not all that could be desired, however, and those in the back seats missed many of the good things.

Orville Johnson, Roy Nelson, Will Kautner, Claude Belle, and Will Smith acted as ushers.

Lena Bruce, Lois Byrd, Gladys Farrar, Olive Howe, Clara Foster and Winnie Byrnes, were flower girls.

The graduating class consists of 19 boys and 21 girls, as follows:

Mabel Grace Bright, Mae Clara Byrne, Nettie Leona Briggs, Grover Edward Bellinger, Josephine Helen Chase, Bertha Louise Clough, Edith McConr, Otis Eugene McAllister, Lena Lucia Miller, Carl Neugebauer, Lois Loman Oshart, Anna James Parker, Nelly Amelia Parsons, James Y. Colvin, Edward William Cherrington, Rockwell Wollard Carey, William Frank Connor, Frank Karl Churchill, Thomas Leon Davidson, Maude Irene Griswold, Ruth Alice Gray, Hattie Ethel Hargrove, George McMonie Hunt, Edith Ann Lange, Louis William Landon, Fred T. Kress, Edward Louis Metelan, Alameda May Robinson, Mabel Pearl Robertson, Hattie Beatrice Roodlett, Ruth Ruliffe, Fred Harmon Smith, James Edward Shaw, George Merle Stebbins, David Simpson, Reenie Ella Willard, Wilbur Weeks, Alfred Stanton Wright, Harry Wayne Waters, Mabel E. Whitney.

The program was opened promptly at 8 o'clock with music by the Evans' orchestra.

Rev. John Parsons, of the First M. E. church, asked the Divine blessing on the proceedings of the evening.

Another piece of music was then beautifully rendered by the orchestra, after which Miss Lena Miller sang a solo, "Longing," in a very creditable manner.

A pantomime, "Bridal Flowers," by Marguerite Wilson, was a beautiful piece of work. While Miss Myrtle Marsh read the piece, the beautiful little girl, standing on the stage, robed in white, went through the appropriate gestures, forming a series of lovely living pictures. The little girl was trained by Miss Melton, who deserved the highest praise for the proficiency of her pupil.

The scarf drill by 16 girls, from the East school, was also very fine, the young ladies going through the intricate and graceful evolutions with the greatest precision. Many of the figures were of the greatest beauty, and the number won the heartiest applause. The class was trained by Mrs. Roland, Miss Cooper and Miss Melton, and consisted of the following pupils: Ruth Gabrielson, Grace Carter, Ethel Hepburn, Lena Cavanagh, Gladys Loucks, Eva Savage, Ruth Laeda, Ryth Gatch, Mabel Yantis, Mata Klein, Maude Laughhead, Wilma Roland, Jeanette Gray, Ella Briggs, Florence Bigger and Edith Cleaver.

A piano solo, "Spanish Dance," Eugene Ketter, was rendered by Miss Ruth Lewis, showing much progress in the mastery of the instrument.

To the music of a march, played by Miss Grace Carter, the graduating class, led by Prof. Yoder, marched upon the stage and took their seats, after being presented to the audience.

Miss Maude Griswold recited the account of Tom Sawyer's pretended sickness and his aunt Polly's treatment in manner showing a great deal of natural elocutionary ability.

Miss Lois Ohmart's essay on "Times Which Have Tried Men's Souls" showed considerable historical knowledge, careful preparation, and constructive ability.

An oration was delivered by T. L. Davidson Jr., in a strong voice and with easy manner.

The club singing by Alice Meyer was a very graceful exhibition of proficiency in the manipulation of instruments of beautiful exercise.

It was the first time an exhibition of this kind has been given here by a child, and the audience insisted on an encore but the little lady made her excuse through Professor Yoder.

An essay by Miss Nellie Parsons, on "The Duties of an American Citizen" was well constructed and was well delivered without notes.

Jan. Colvin essay on "America in the Philippines" was spirited attack on a large subject, and the boy came out with flying colors.

Ruth Ruliffe and Frank Churchill rendered on the piano a duet, "The Wondering Jew," which was a credit to the young performers and a musical treat.

Miss Lena Miller read an essay on "Seeds Sown in Good Ground." This young lady just won the free scholarship in Willamette University, and will continue the pursuit of knowledge. Her essay showed her to be well on the way and to have a correct appreciation of the importance of making the most of educational opportunities.

Little Miss Nina Bushnell sang a solo, "Voices of the Woods," in a strong and sweet voice, showing considerable careful cultivation, and with great power of expression.

Edward William Cherrington read an essay, which showed careful preparation, but unfortunately did not realize the necessity of raising his voice.

The address to the class was delivered by Hon. Claude Gatch, and was calculated to impress the young people with how grateful they ought to be for the free schools, and with the fact that we live in the best country on earth; also with the admirability of courage, skill and endurance.

The class now received their diplomas from the hand of W. M. Cherrington, chairman of the board of directors, who had the good taste not to detain the people with a long speech. Each was greeted with a round of applause from his or her young friends as the name was announced.

But the most entertaining number was probably the last, a "Mother Goose Drill," by the small pupils of Park school. This was arranged by Mrs. E. C. Race, and was carried out by the children with a readiness and snap which showed careful preparation. The characters of fiction with which we all first became acquainted were represented by children, most of them in costume, who came on singly and in pairs and recited the familiar verses with appropriate action. It was immensely funny, especially the "quack, quack, quack" with which each performance was greeted by the eight little goslings.

In fact, the whole evening's entertainment was highly creditable to the young performers, and shows that Salem is hard to beat in the matter of bright young people.

Circuit Court.

Judge Burnett held a short session of Department No. 1 on Friday. Several motions were argued and the following docket entries made:

Hildebrandt, Posner & Co., plaintiff, vs. G. L. Neal & Co., defendants; action for money; plaintiff's motion to supply copy of lost affidavit for attachment overruled; defendant's motion to leave to file an answer sustained; leave granted to plaintiff to file amended return of service of summons as to defendant Neal.

A. H. Lacroix, plaintiff, vs. P. J. Dril.

"Gentlemen—I have used Peruna for a short time and can cheerfully recommend it as being all you represent and which every man who is suffering with catarrh could know of its great value. Should I at any future time have occasion to recommend a treatment of your kind, rest assured that yours will be the one, James Lewis."

Wherever the catarrh is, there is sure to be a waste of mucus. The mucus is as precious as blood. It is blood, in fact. It is blood plasma—blood with the corpuscles removed. To stop this waste, you must stop this catarrh. A course of treatment with Peruna never fails to do this.

STOLEN!

Dr. John Shaw reports that his Black Tribune, Model 52, No. 51,237, was stolen yesterday from the foot of the stairs in the Hughes Block. It is easily recognized from the rims having a blue center with plain edges. Any information leading to its recovery will be suitably rewarded.

Two Marion county girls carried off the first and second honors in the election contest at the State Agricultural college this week. Miss Marguerite Looney, daughter of Mr. and Mrs. N. H. Marion county girls ARE bright.

Congressman Hall has sons on the regimental staff. He said: "Mr. Chapman, I thank God that I have boys that can serve their country. I am proud of them." Mr. Hall's speech was punctuated by enthusiastic cheers. That is fine. Mr. Hall forgot to say that in twenty years various members of his family have always "served their country." But it has always been in the soft places on the payroll under their father. This used to be called nepotism. Now-a-days it passes for patriotism.

It is still true as the Oregonian said that there are millions of Republicans who do not want to vote for McKinley and millions of Democrats who do not want to vote for Bryan. There need be no fear that Democrats will not vote for Bryan, who is sure to be the Democratic nominee.

The Boers have failed, or seem to have done so. Yet would the U. S. have done better in the Revolutionary War had it not been for French aid? The chances are that they would not.—Roseburg Plaindealer, Rep.

Did we treat the Boers as well as the French treated the Revolutionists of 1776? No; but we were on too friendly terms with Great Britain to help them.

Once in a while, by sheer force of intellect, a man by the name of Theodore overcomes that disability and amounts to something after all. But there are names no amount of ability can stand up against. For instance, there was once a Lemuel Eli Quigg known in national affairs. His name sunk him out of sight in a few years. Deliverer would not have sounded dignified as vice president.

Gypsy Abandoned.

The O. R. & N. Co.'s, steamer Gypsy, recently sunk by running upon a snag, has been abandoned. The Mabee has been working at the wreck and finally pulled it from deep water out upon a bar. The hull was then found to be so badly damaged, that it was not worth repairing. The machinery was taken out, and the upper works burned off, and the destroyed above water.

The company will in the near future commence construction of a boat to take place of the Gypsy on the upper river. She will be larger, probably about 200 tons, and will draw about 12 or 13 inches, light.
