CONDITION OF AMERICAN PARTY

And Ministers Who Left Peking is Still Surrounded By Gloom.

AND NOW ADMIRAL KEMPF HAS HAD TO BE ORDERED HOME

Admiral Remy and the Flagship Brooklyn are En-route to Taku--Latest From Tien Tsin.

ADMIRAL KEMPF IS SUPERCEDED

By Associated Press to the Journal. NEW YORK, June 29.—A special to the Tribune from Washington says: "Admiral Remy is expected to relieve Admiral Kempff next Sunday, and send him to Nagasaki or Che Foo, Tien Tsin with 200 sick and wounded. The necessity for Admiral Kempff's speedy detachment has been apparent ever since Flag Captain McCalla went to the front with Vice-Admiral Seymour's column, for it was well known to the officials that without McCalla's consent and advice the American senior naval officer could not be depended upon to meet the grave emergencies involving discretion of high order. Kempff is regarded as a good sailor and a good fighter, but he was never proficient in diplomatic matters.

ADMIRAL REMY AT HONG KONG

WASHINGTON, June 29.—The Navy department this morning received following cablegram from Admiral Kempff: "Che Foo, June 29.—Secretary Navy: Peking relief expedition is now in Tien Tsin with 200 sick and wounded. Ministers and Peking party not with them. No news from them." Admiral Remy on Brooklyn has arrived at Hong Kong, enroute to Taku. Brooklyn will sail for Taku via Nagasaki.

HARD FIGHTING OF RELIEF COLUMN

By Associated Press to the Journal. LONDON, June 29.—The casualties of the international force attacking Tien Tsin were British—Killed 2; wounded 1; Americans—killed 3; wounded 2; Germans—killed 15; wounded 27; Russians—killed 10; wounded 37. The gun fire of the Americans and British is described as "beautiful." After the relieving force passed on the relief of Admiral Seymour, the Chinese regulars, under General Nich, says a dispatch from Shanghai, again attacked Tien Tsin ferociously and bombarded the foreign settlement with a terrible fire. Colonel Dorward, British, commanded the column that relieved Admiral Seymour. The American marines participated in the achievement. The admiral was found entrenched and surrounded by immense masses of Chinese, who were driven off by the attacking column after a brief fight. His men had made a brilliant resistance, never falling in courage for fifteen days of continued fighting. During ten days the men were on quarter rations. They started with provisions for three days, and they could have held out a day or two longer. Deeming it hopeless to attempt to break through the hordes, Admiral Seymour essayed a night relief toward Tien Tsin, but he came into collision with a strong force of Chinese arriving from the northwest, and could neither advance nor retreat. There was nothing to do but to entrench and to stand a siege, the vainly attempted helicopter communication. Seymour's men caught several Chinese, who said that the legations had been burned and the minister killed. The Chinese displayed fanaticism and courage in the attack. Four thousand Russians left Tien Tsin four days after Admiral Seymour, but they never got in touch with him. Railway communication from Taku to Tien Tsin has been restored, and a force is advancing toward Peking. Fighting was in progress Wednesday, in the vicinity of Che Chu Lin, and large preparations are being made to support and reinforce the Peking relieving column. Twenty thousand troops of all arms, largely Japanese, have now been landed. The fate of the members of the legations is still a mystery. The Shanghai correspondent of the Daily Telegraph, wiring at 9:05 p. m. yesterday, says: "It is reported on good Chinese authority, that the government, alarmed by foreign military preparations, has issued an edict ordering the peremptory suppression of the Boxers, and announcing its decision to protect the legations at all hazards." British warships have sailed from Hongkong to reinforce the allied squadron at Shanghai. The southern provinces are sending troops toward Peking, and the exodus of Chinese of all classes from Shanghai continues at the rate of from 10,000 to 15,000 a day.

FOREIGN MINISTERS ARE STILL MISSING

By Associated Press to the Journal. WASHINGTON, June 29.—Admiral Kempff today acknowledged his error that he had made in reporting the presence of the foreign ministers with Admiral Seymour's column eight miles out from Tien Tsin. His cablegram this morning admits that there is no knowledge of their whereabouts and it is assumed the error in his first report arose from the Admiral's acceptance of a rumor that was generally current at the time the cablegram was sent.

LONG AND BLOODY WAR FOR THE POWERS

By Associated Press to the Journal. VINCENNES, B. C., June 29.—General Stahl, of the Imperial German Army, who has been investigating conditions in the Orient under a special commission rived here on his way home. On being asked if he thought the Boxers would be quickly suppressed; he said that in his opinion the powers had started in upon a long, bloody conflict. In the end the Boxers would be disbanded, but the sacrifice of life would be appalling, for the movement was spreading like wild-fire throughout China's vast territory. The South was also about to take up arms, and his information was that the uprising in the South was very grave and of great dimensions. The Southern Boxers would join the North, and vast mobs of fanatics would have to be contended with. They would be insufficiently armed at first, but enormous quantities of arms were constantly smuggled to them, and, owing to the countless hordes of fanatics and the vast territory they could, for some time, defy the whole world. General Stahl added that the hostility between Japan and Russia was a serious complication in the present crisis, in that would interfere with the unanimity of feeling between the powers which was almost absolutely necessary at this time.

READY TO GO HOME.

THE BRITISH SOLDIERS SICK OF THE BOER WAR.

English Were Attacked Near Seckel and Poedvalpspruit. By Associated Press to the Journal. LONDON, June 29.—Writing to the Morning Post from Witburg, Prevost Battersby frankly declares that the British soldiers, though just as ready to "do or die," is "sick of the whole concern," that is to say, of Africa. "There are very few men out here," writes the war correspondent, "who have repented of their pluck, and few who would hear of turning back until the 'show' is finished; but there are fewer still who do not heartily sick of the whole concern, who do not reckon daily with a sigh what they are missing in England—the racing and the the yachting and the cricket, the little meeting and the little matches and the shooting, it may be, to follow. The big thing they are does not appeal to them. The taking of two countries, each of which might make a kingdom; the drawing of the scarlet line; the empire round this corner of the world."

CASUALTY LIST FROM TIEN TSIN

By Associated Press to the Journal. LONDON, June 29.—In the house of commons today the Parliamentary Secretary of the foreign office, Wm. St. John Broderick, announced that the British losses with vice-admiral Seymour's force which will be the rest of the relief force had returned to Tien Tsin June 20, were: killed, Captain W. H. Boyts, (Royal Marines) and 24 men. Wounded, seven officers and 91 men. Broderick added that the total foreign casualties is supposed to be 62 men killed and 212 wounded.

BICYCLE TAXES HARD TO COLLECT

By Associated Press to the Journal. PORTLAND, June 29.—Disgraceful wrangles between bicyclists and tax collectors are becoming more and more frequent. The crowd that always gathers in favor of the collector he has a fight on his hands in less than a minute. Last evening another excitement was created on Washington street, and it required two policemen to disperse the mob. A deputy sheriff seized an unlicensed wheel and took it with him to the sheriff's office. This started the crowd, and arguments about the law and the collectors were numerous and heated. Less than half the riders in Multnomah county have paid their taxes. What the great majority of them want is justice in the city. They are willing to pay if this will be done. Out of 12,000 riders in Portland and vicinity, only about 200 over ride outside the city. They want some city paths or they will not pay the taxes.

ONLY EIGHT DAYS FROM NOME

STEAMER BRINGS THE LATEST NEWS FROM ALASKA TO 'FRISCO

Several Vessels Wrecked and Small Pox Appears in Two of Mining Fleet. By Associated Press to the Journal. SAN FRANCISCO, June 29.—The steamer Zealandia arrived here today, eight days from Cape Nome. The Zealandia brings word that smallpox has broken out on board the steamers Santa Ana and Ohio, and that these vessels had been placed in quarantine at Egg Island. The Zealandia reports the loss of the bark Hunter and the schooner Elipse. The crews of the wrecked vessels were picked up. The United States steamer Rosecrans, which went ashore at Cape Romanoff got off safely. Two thousand persons arrived at Nome, June 14. It is estimated that there are 30,000 there now.

By Associated Press to the Journal. ANTONIA, June 29.—Mrs. N. Clinton received a letter this morning from her son Will Clinton, dated May 28th, at Cape Nome, and is one of the first authentic letters to be received there this year. After telling that he is as robust, and healthy as ever and stating that there has been much claim jumping on the beach there the past winter, he says that he was to leave the next day for Tap Creek, where he has a half interest in a claim. This place is about sixty miles south of Cape Nome and is very rich in gold bearing sand. The claim adjoining his had been worked for some time but was yet down to bedrock and is taking out as high as \$500 per day while the surface work on his claim has averaged \$50 per day. In his letter he says that he has at last found what he has been looking for.

By Associated Press to the Journal. A small force of mounted troops with two guns, commanded by Lieutenant Colonel Drepper, was attacked by the enemy under Pretors and Nel on the morning of June 20, seven miles north of Senekal. They beat off the enemy and burned their laager. The casualties were three wounded and 10 killed. Hunter, temporarily commanding Ian Hamilton's brigade, made one march yesterday from Heidelberg toward Frankfort without meeting any opposition. The enemy attacked our Poedvalpspruit post on the railway yesterday, but were easily beaten off by a detachment of Derbyshire Light Infantry, the West Australian Mounteds, a 15-pounder and an armoured train.

By Associated Press to the Journal. Lord Roberts says that Wednesday, June 27, was a record market day in Pretoria for Boer farmers selling produce. Parties of Boers still hang on Buller's flanks. F. R. Barnham, the American agent, is invalid.

The Pretoria correspondent of the Daily Telegraph, in a dispatch dated yesterday, says: "Since Sunday General French on the left, General Hamilton on the right and the Eleventh division of the army have been endeavoring to surround the enemy's position in the hills 15 miles east. There was fighting for three days, but Tuesday night the enemy decamped, going eastward. The total casualties were under 150."

By Associated Press to the Journal. June 30, the war office called Lord Roberts that disquieting reports regarding the hospital were accumulating, and asked him if anything could be done and particularly how many nurses and medical staff were available for drinking flowed from the Boer camp, higher up, where the river was crossing, water decomposing animals, and also a considerable number of wounded after the fight March 29. To improve an occasion at Bismarckstein for such a number, which had become 2000 before he left Bismarckstein, was no easy task, said Lord Roberts. No tents were carried and the public buildings had to be turned into hospitals. In three months there had been 6269 admissions to the hospital of patients suffering from enteric fever, while the

PITTSBURG, Pa., June 29.—One fireman David Williams, was killed and eleven other firemen injured, and nearly \$200,000 worth property destroyed by fire in a machine shop of the Best manufacturing Company today. The brick walls fell on the firemen who were on the fire escape with loss.

HE BELIEVES IN EIGHT HOUR DAY

By Associated Press to the Journal. NEW YORK, June 29.—In looking over the accounts of Columbia University a few days ago, President Lova discovered that the 24 men employed in the boiler-rooms and electrical power departments were working 12-hour shifts. He gave orders at once to put the men on an eight-hour shift without reducing their pay, and to employ one-third more men at once. Mr. Lova is a firm believer in the justice and wisdom of an eight-hour day.

HE PAID THE PROPER PENALTY

By Associated Press to the Journal. SAN QUENTIN PRISON, Cal., June 29.—Thomas Flannely, who murdered his father, Patrick Flannely, and Sheriff W. P. McKeely, of San Mateo county, Oct. 26 1897, at Redwood City, was hanged today.

WOOLLEY AND METCALF PROHIBITIONISTS NOMINATE A CHICAGO MAN FOR PRESIDENT.

Dr. Swallow Might Have Had the Vice-Presidential Nomination, But Declined It.

By Associated Press to the Journal. CHICAGO, June 29.—The Prohibition national convention adjourned after having placed in nomination for President John G. Woolley, of Illinois, and for Vice-President Henry B. Metcalf, of Rhode Island. The nominations in each instance were made on the first ballot. Only two candidates for the presidential nomination were balloted for—Mr. Woolley and Rev. Silas C. Swallow, of Pennsylvania—Hale Johnson, of Illinois, withdrawing his name at the last moment and throwing his strength to Mr. Woolley. This had a great effect on the result. Homer L. Castle, of Pittsburg, pale and slender, took the platform amid the applause of the friends of Dr. Swallow to nominate the Pennsylvania man. "Get on the table," yelled some delegate in the rear of the hall. "If you can't see me you'll hear me," retorted Dr. Castle. He pointed out the qualifications of Dr. Swallow and continued: "He has a tremendous advantage. He is a Methodist. The Methodist Church seems to have gone stark mad crazy on the proposition that we have a Methodist President. You want to insist to the voters of this Nation that a man who will not keep his church vows and obligations cannot be trusted to keep his official vows and obligations. You want to tell over and over again that whether it is wise or unwise to annex the Philippines, the practical results by which they have been opened to the uncontrolled onslaught of the brewing interests of this country is a crime before God, the magnitude of which dwarfs and belittles to the infinitesimal point the worst Spanish misrule which ever existed."

By Associated Press to the Journal. Dr. Swallow's Here Denunciation of ex-Senator Quay, of Pennsylvania, was received with delight by the delegates. As Mr. Castle concluded a glowing eulogy of Silas Swallow, the most striking demonstration of the day occurred. The demonstration continued for several minutes, and apparently came near stampeding the convention. The recall of states was then concluded, no further nominations being made.

By Associated Press to the Journal. Stitches at Nominations. John G. Woolley was born at Collinsville, O., February 15, 1850. He was graduated from the Ohio Wesleyan University in 1871, practiced law in Paris, Ill., Minneapolis and New York until 1886, when he became a Prohibitionist, and from accepting occasional invitations to speak on the subject of the liquor traffic, drifted out of the practice of his profession into the lecture circuit. He has resided in Chicago since 1892.

By Associated Press to the Journal. Henry D. Metcalf, of Rhode Island, was born 71 years ago. He is president of the Providence County Savings Bank and superintendent of the Sunday school of the Church of Our Father, in Pawtucket R. I. Mr. Metcalf was formerly a Republican, but joined the Prohibition party several years ago, and has been prominently identified with that party since. He has been the candidate for Governor several times.

By Associated Press to the Journal. Woolley's in Oregon. John G. Woolley, the nominee for president on the Prohibition ticket, was in Oregon in May and June, and made 20 speeches in the state while here. Oregon Prohibitionists are greatly pleased over the nomination of Mr. Woolley.

By Associated Press to the Journal. THE GOVERNMENT CUTTING WAGES

By Associated Press to the Journal. NEW YORK, June 29.—It is reported that the board of wages at the Brooklyn Navy-Yard has recommended a cut of wages for several of the grades of mechanics and machinists. The report has been approved. It is said, by Secretary Long, and will go into effect in July. The present board, which meets annually for the adjustment of wages, is composed of Naval Constructor Wad. Linton, Lieutenant Commander Marcell, Lieutenant Gibson and Paymaster Jackson. It is said the men intend to appeal to the Secretary of the Navy, through the commandant of the navy-yard, against the reduction. Dr. and Mrs. W. A. Cunick and L. G. Williams left today for a ten day fishing and hunting trip on the north Umquam. The Doctor will also do some quartz mine prospecting.
