BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefitted, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Baneful Boils

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases.

Dangerous Carbuncles

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1898 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

FOR COUNTY EXHIBITS.

State Fair Management Doubles the Premiums to Encourage More Displays of Products.

President Wehrung and Secretary Wisdom, of the state fair board, are still on the go and working up an interest in the coming state fair. They were in Salem Saturday.

They are trying to bring out some rivalry in the matter of county exhibits of agricultural products, and have committees at work in Washington, Yamhill, Polk, Benton, Lane, Linn and Marion counties getting up a county exhibit in each county.

The premiums have been raised for county exhibits from $100, $75, $50 and $25 to $200, $100, $75 and $50, all exhibits to be made up of this year's products.

It is thought that this will stimulate competition and call out a great display of Oregon's matchless fruit, vegetables and grain.

Secretary Wisdom says that people throughout the valley are very enthusiastic over the fair, and everything points to a big attendance.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WORK COMMENCED.

Power of the Milling Co. on North Mill Creek Put in Order.

Work commenced this morning on the repairs ot the ditch and dam of the Salem flouring mills on north Mill creek. C. F. Royal and son have the contract for making the repairs which will render the water power again available at the old milling plant at the mouth of that branch of Mill creek.

A dam will be constructed on the site of the old one, between High and Court streets, and something over 300 feet of the race near the mill will be reconstructed. The work will be completed in time to handle this year's crop of wheat. Further than this the plans of the company have not been made public.

A Minister's Mistake

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemps Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over and found on the other side the matter intended for the reading. 3

Paris in 1900.

For the benefit of those who intend visiting Paris during the Exposition, the Rio Grande Western Railway has gotten out an attractive folder illustrative of the main features of the Exposition. It contains some valuable hints for intending visitors and descriptive articles upon Place de La Concorde, Arc de Triomphe, the Madelaine, the Column of July, the Trocadero, Hotel de Ville, Column Vendome, the Louvre, the Grand Opera House, the Bourse and the Tomb of Napoleon, in addition to a bird's eye view of the Exposition grounds. The folder, or pamphlet, is gotten out in handy form, and is written in a pleasant and attractive style. It, in fact, gives in little space everything one going to the Exposition would like to know before starting on his journey.
