

ECZEMA = SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this. S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieves, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Cardington, Ohio, says she was afflicted with scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was told by all the doctors in town that she would never be cured, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me it will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, Swift Specific Co., Atlanta, Ga.

An exchange declares that the manner in which a man pays his subscription is an infallible test of his honesty. But there are others, and the newspaper isn't the only fish.

It is everlastingly to the credit of the present administration that it finds itself "not at war with the government of China." May it keep in that attitude, would be the wish of a large majority.

A neighbor suggests that to send more men to China to avenge the death of those already killed, is very much like kicking a lottery game, and verily, it would seem like calamity to waste more good American blood in order to kill off a horde of Chinese.

Wonder just how the Republican editors who publish as original matter Mark Hanna's made-to-order editorials feel. Scores of them have the same editorials about Oregon sheep, written in Washington, and possibly each one thinks that he is the only one who is just enough to use them and hopes it won't be noticed.

Uncle Sam is immensely popular with royalty just now. Britain "contains" him, the Kaiser says pretty things to him about the "impulse of interests" and the car wars up with an allusion to "Russia's old friend."

France talks about "an ancient ally" and the mikado is happy because his people have been dubbed "the Yankees of the Orient."—Astoria Budget.

A writer in the Tacoma Ledger tells the following Chinese story: The Chinese Sunday school class in American churches will probably be abolished—it should never have been instituted. The youngest and prettiest or most charming of American society girls were the instructors, and each Chinaman must have a teacher to himself. He made handsome presents to his instructor, fell in love promptly, and bestowed attentions until father or brother interfered and stopped further demonstration. Their education proceeded as far as reading a verse from the Bible in an unknown dialect. After Sunday school they finished the day playing poker—they were heathens. A lady who had seen one of the Celestials in gorgeous clothes at the C street church called at his laundry to have him send to her hotel for the weekly wash, when this dialogue ensued.

"You stanger?"

"Yes."

"Then bling policeman—he know you?"

"Yes."

"Then bling policeman—he know you?"

"Yes."

"Then bling policeman—he know you?"

Unless there is assurance of perfect harmony among the allies, Uncle Sam would be justified in having nothing to do with the movement.

Those Chinamen seem to have the advantage of the allies in one thing. They are at least harmonized. In fact they seem to be a unit for foreign blood.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and by prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

HERPICIDE

HAIR LIKE THIS

is easily obtainable through the use of Herpicide. Herpicide is a preparation of the most potent and reliable ingredients that reach and soothe the germ of microbe that is responsible for all scalp diseases. It thus makes the scalp cool and healthy, and causes a thick, luxuriant growth to replace the former thin, brittle hair. The gentlemen will also find it an invaluable hair tonic, as it works like a charm on bald heads, bringing forth a growth of soft, black hair that anyone might be proud of.

Free drugists proclaim its virtues as per the following:

Quincy, W. H. McINTOSH, Prescription Druggist, 12-19-10, W. Dear Sir: Herpicide is certainly a good article, and will do the work in a very short time. I have used it every day, and it has done me much good. I have been suffering from dandruff and itching scalp, and now my hair is growing again. I am very much pleased with the result. Yours truly, W. H. McINTOSH.
