LI HUNG CHANG WANTS DELAY

Offered to Place Our Ministers Under Safe Escort.

IF THE ALLIED FORCES WOULD NOT MARCH ON PEKIN

But Our Government Would Commit Itself to No Such Policy--Dimensions of the Allied Forces Enroute.

ASSUMING HEAVY RESPONSIBILITIES

By Associated Press to the Journal. WASHINGTON, Aug. 2.—In reply to the suggestion of Li Hung Chang that the missionaries might be sent under a safe escort to Tien Tsin, provided the powers would engage not to march on Peking, the Secretary of State replied on the 30th of July: "This government will not enter into any agreement regarding the disposition or treatment of the legations without first having free communication with Minister Cooer."

Secretary Hay says: "The Chinese government is assuming a heavy responsibility by not putting itself in friendly communication with the relief expedition."

CHINESE LET NO NEWS OUT

CHINESE LET NO NEWS OUT

By Associated Press to the Journal. LONDON, Aug. 2.—Because of the fact that the Chinese agents at the Principal European cable points are in free cipher communication with the viceroys, the foreign commanders at Tien Tsin have seemingly put an embargo on news concerning the size and composition of the forces advancing on Peking.

Telegrams from Hongkong and Shanghai indicate that restlessness is increasing in Southern China. The third brigade was ordered to China from India today. It consists of four native regiments of about six thousand men.

Another Tien Tsin version of the message from the British Minister at Peking, July 21, describes him as saying: "We have provisions for many weeks, but little ammunition."

REACH PEKIN AUGUST 12.

By Associated Press to the Journal. SHANGHAI, Aug. 2.—Allies advanced towards Peking yesterday. It is estimated that the expedition numbers 20,000 men of all arms, with 170 guns. It is hoped to reach Peking August 12.

Russians are in trouble. Admiral Alexieff has gone to New Chwang, where the position of the Russians is regarded as serious.

AMERICAN CHINESE FOR SOLDIERS

By Associated Press to the Journal. NEW YORK, Aug. 2.—It is proposed to offer to the United States a corps of intelligent Americanized Chinese, to be attached to the American forces in China. It is said they could be of great aid as scouts, guides and boatmen.

ANOTHER OFFER MADE BY LI

By Associated Press to the Journal. PARIS, Aug. 2.—The French consul general at Shanghai telegraphs today as follows: "Li Hung Chang has stated to the United States consul that the ministers will be put in communication with their respective governments if the allies arrest their march on Peking."

ESTIMATED COST OF BOER WAR

By Associated Press to the Journal. LONDON, Aug. 2.—During the debate in the House of Commons on the bill for a supplemental war loan of £8,500,000, Sir William Vernon Harcourt, Liberal, said that owing to the existence of three fragmentary budgets he was unable to conclude at what the government figured the cost of the war. He estimated that it would be nearer £80,000,000 than £60,000,000.

Sir William added that statements of the highest authority were impressing upon the British the fact that they were the best-hated people in the world. Lord Salisbury could not understand the reason, but Lord Rosebery knew the cause of this hatred. Lord Rosebery had declared that the empire needed peace. The last 20 years Great Britain had been laying hands with almost frantic eagerness on every desirable tract of territory adjacent to its own. This greed-excited envy and stood in the way of domestic reforms.

The Chancellor of the Exchequer, Sir Michael Hicks-Beach, in reply, said the figures were complicated, but he would make a return showing how they had been reached.

Commandants Surrendering.

Lord Roberts has telegraphed to the War Office as follows: "Pretoria, Aug. 1.—Hunter reports 1200 more prisoners surrendered yesterday, with Commandants House and Fonteneil, while Commandants Dopylo, Potgieter and Joubert surrendered to Bruce Hamilton, who collected 1200 rifles, 650 ponies and an Armstrong gun. Lieutenant Anderson, a Danish officer in the Staats Artillery, also surrendered. Oliver, with five guns and a number of burghers, broke away in the Harris Smith district, but Hunter expects the total prisoners will amount to 4000.

"An unfortunate accident occurred near Fredericksstad, on the Krugersdorp-Potchefstroom Railway. The enemy had torn up rails and a supply train, escorted by the Shropshires, was derailed, 13 being killed, 39 injured, although a special patrol had been ordered to prevent trains passing. A special inquiry has been ordered to ascertain why the order was disobeyed."

MAN KILLED IN SAWMILL

By Associated Press to the Journal. EUGENE, Or., Aug. 2.—David Kauble, an employe of the Booth-Kelly Lumber Company, was killed at the sawmill in Coburg yesterday. He was caught by a belt, which he was attempting to throw from a pulley, and was wound around a shaft at a great rate of speed, his body being crushed and mangled in a horrible manner. An inquest was held. No one was held responsible for the accident. Kauble was 41 years old and unmarried. CORVALLIS AND EASTERN.

A Surveying Party of Fifteen Men Sent Out Over the Eastern Line.

A surveying party of 15 men, under the direction of Chief Engineer T. H. Curtiss, of the Corvallis & Eastern railroad, and Engineer G. W. Root, left Albany on Wednesday via Lebanon to spend two months in surveying along the route of the proposed eastward extension of the C. & E. road. They will go as far east as Malheur county.

tension of the C. & E. road. They will go as far east as Malheur county.

Mr. Edwin Stone, general manager of the road, was interviewed as to the objective work of the surveying party. He said he did not know that the sending out of the surveyors had any particular significance. The construction department of the railroad, he said, was separate from the operating department, kept its own bank account, and he was not in as close touch with their plans as in his own department, but he considered the outlook more hopeful for the eastward extension of the road. "The Corvallis & Eastern Railroad Company," he said, "is likely to spend a good deal of money in this part of the country."

UNDER HOODOO'S SPELL.

Two Negro Waiters at Meacham Jump their Jobs. The accidental drowning of Henry Miller, a colored waiter at Mrs. Munra's Log Cabin eating house at Meacham, in the Koptitke pond there on Wednesday, has an additional interest to those who delight to delve in matters psychological. While on his way to the pond, in company with two fellow waiters, Mr. Miller was joking and talking volubly.

He informed them that, in case he should be drowned while in bathing, his spirit should return to continually haunt and hoodoo his two friends. Whether his inner consciousness gave him a premonitory warning of death that was so soon to claim him, or not, will never be known except by those who have the sixth sense of intuitiveness sufficiently developed to grab this intricate problem and get away with it.

But it makes little difference to Mr. Miller's fellow workmen. That he had the power to send back his spirit from the other side was as firmly believed by them as though it had been demonstrated by geometry or calculus. Immediately after the drowning of their companion, they jumped their jobs at the Log Cabin hotel and are still running, presumably in fear of being overtaken by Miller's spirit, which is in close pursuit, like a hot-footed Nemesia.

The practical feature of the case is that the hotel was short-handed for help in the dining-room temporarily, while ghosts, hoodoos, voodooes, witches, etc., receive more than a reasonable share of their attention in conversation.

To Improve Yaquina Channel.

Three large boxes of diving apparatus were shipped Wednesday over the C. & E. railroad by Major J. W. Jacobs, quartermaster of the U. S. Army, to Yaquina to be used in the work of improving the harbor by removing a point of rock from the channel. The work will go forward at once. It will be an interesting spectacle to see the divers blowing out tons of rock from the bottom of the ocean, and when completed will make the channel much more accessible for large vessels.

Miles Lewis, administrator of the estate of C. J. Mulkey, deceased, has petitioned for authority to sell a certain part of the real property of the estate, for the purpose of paying claims against the estate. Hearing has been set for September 1, and citation has been issued to the heirs.

After the Spuds.

C. Fish, of Jefferson, was in town today. He says that the bugs are eating the potato tops badly about Jefferson and have nearly ruined some fields.

J. L. Larsen, of Shaw, was in this city Thursday. He says that there will be a big prairie crop, but that the Italians are falling off badly. He has built eight of his new patent drawers, which he says are a great success.
