Hoboes National Convention.

Brett, Iowa, Aug. 21.—The National Association of Hoboes or Tourists' Union began here today. "Onion" Cotton, of Danville, Ill., is President, and Charles F. Noe, of Sycamore, is head piper. Thousands have come in special box cars, which will be their quarters during their stay The meeting was held last in year in Danvill, Ill., and was a great success. Brett honored this year because it has a large membership in its local organization, among its honored members being Senator Thomas A Way, Col T A Pottera and Col W E Bradford The initiation fee is 10 cents for a button, but an applicant for membership must be willing to "panhandle a dockie," and must prefer to ride on a brake beam rather than in a palace car. Thousands have joined the union, and it is the most democratic society ever known. One of the by-laws forbids giving a brother more than 40 cents at a time—25 cents for food and 15 cents for drink. The association was started in a spirit of fun, but has grown immensly and is now numbered among the legitimate associations.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LETTERS OF A TRAVELER.

Continued from Fourth Page.

out to Alexander Palace, where the Endeavor Convention will be held. We take the train right here at the corner. * * *

Yesterday was very warm, the hottest day we have had on this side of the ocean, and today it is very cool. I am sitting here with a woolen dress on and a woolen jacket besides and with my feet all curled up under me in a big arm chair, and I am just comfortable warm.

Papa went last evening to see Henry Irving and Ellen Terry, at the invitation of a Masonic friend. Melba is in London. This is the height of the season here, instead of in the Winter as in New York. * * * Some of the Americans saw the queen the other day. I think she was going to her garden party. She has left Windsor now and gone to Frogmore, so I guess there isn't any hopes of seeing her. But we will get to see Windsor palace. The only time tourists may see it is when the queen is away.

Sunday—I have been alone all day today, but I have been almost all over London this side of the Thames. I have been to church three times in distant parts of the city. It is very easy to go about here if one is not afraid to ask questions. The travel is nearly altogether in busses and cabs, there are a few horse-cars exactly like omnibusses which they call trams. The English people say the top or bottom of a street instead of the end as we say, and the nice old lady who took me in her pew tonight told me to go to the top of the pew as I started in. They stare at you when you ask for the elevator, but when you say "lift" they very courteously point it out to you.

I went out to Camden Road this morning and heard a very good minister from New York preach. At 3 p. m. I heard Willis Baer at Islington and he is fine. In the church in which he spoke, over an inside door, is a piece of Plymouth Rock set in the wall—the only piece this side of the Atlantic, I think the minister said.

At about 5:30 p. m. I started on third trip away over beyond Hyde Park, stopping at a restaurant on my way, to get supper. A nice old lady of whom I inquired the, way took me under her wing. She was a genuine Scotch lady, and had attended that church for thirty years. I went to that church expecting to hear "Ian Maclaren," but it was another John Watson, D. D., a Scotchman from Manchester.

July 16.—I am at a homelike boarding house, sitting in the parlor writing because they charge extra for candles. After leaving Cook's, Papa told me goodbye as he would leave in a little while for Scotland. It was so hot that I stayed in my room and unpacked all afternoon. It is unusually warm weather, they say.

FAKE HAIR PREPARATIONS

Do Hair No Good. But Often Cause It to Fall Out.

Many hair preparations are a "fake" because they are merely scalp irritants. They often cause a dayness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with the hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure Dandruff, the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly.

Where To Find It.

Willson's Shaving Parlors carry a stock of Newbro's Herpicide, the new and infallible cure for dandruff and falling hair, advertised in another column of this paper. 8 3 1m

Hopes To Become A Melba.

New York, Aug. 21.—Word has been recieved here that Rita Elandi, the Cleveland girl who recently went to Paris, will be heard in a number of Wagnerian roles in the repertoire to be presented by the Metroplian English Opera Company. She was sent abroad on the proceeds of a concert arranged for her benefit by Cleveland citizens.

As a mark of appreciation she fashioned her stage name from that of the city using one half of the word Cleveland and adding i. Melba took her name in the same way from Melbourne.

Sunday Excursions From the Country to the City.

Sunday excursion business in this section of the country has heretofore been confined to a movement from the city to the country, but the Southern Pacific Company is not satisfied with the efforts which have been made to induce travel to the country and is going to try the experiment of Sunday excursions from the country to the city.

Commencing Sunday, August 19, therefore, and continuing until the last Sunday in September, excursion tickets will be sold from Albany and intermediate points to Portland. Good going on the Albany local leaving Albany at 7 a. m., reaching Portland at 10:10. Returning leave Portland at 4 p. m., reaching Albany at 7:10. The rate for the round trip from Albany aad intermediate points as far as Salem will be $2. From Salem and intermediate points as far as Gervais $1.60. Gervais $1.25. Woodburn and all points north $1. Tickets will be good only on the Albany local going and returning, and under no circumstances will they be extended or use permitted on other trains.

This will give Sunday visitors to Portland six hours in the city, and will afford the country people, who cannot find time to make the trip on week days, an opportunity to spend a pleasant Sunday in the metropolis at a small expence.

If the experiment is successful these excursions will be continued during the summer months next season.

DON'T BE DUPED

There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price

dry goods dealers, grocers, agents, etc., and in a few instances as a premium for subscriptions to papers.

Announcements of these comparatively

Worthless

reprints are very misleading; for instance, they are advertised to be the substantial equivalent of a higher-priced book, when in reality, so far as we know and believe, they are all, from A to Z,

Reprint Dictionaries,

photographic copies of a book of over fifty years ago, which in its day was sold for about $5.00, and which was much superior in paper, print, and binding to these imitations, being then a work of some merit instead of one

Long Since Obsolete.

The supplement of 10,000 so-called "new words," which some of these books advertised to contain, was compiled by a gentleman who died over forty years ago, and was published before his death. Other minor additions are probably of more or less value.

The **Webster's Unabridged Dictionary** published by our house is the only meritorious one of that name familiar to this generation. It contains over 2000 pages, with illustrations on nearly every page, and bears our imprint on the title page. It is protected by copyright from cheap imitation.

Valuable as this work is, we have at vast expense published a thoroughly revised successor, known throughout the world as **Webster's International Dictionary.**
