KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and, ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made, which resulted in Newbro's Herpicide. It at once kills all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect."

Where To Find It

Willson's Shaving Parlors carry a stock of Newbro's Herpicide, the new and infallible cure for dandruff and falling hair, advertised in another column of this paper. 8-31m

A Pleasant Surprise.

About a dozen of the Modern Woodmen of America from the new camp at Chemawa came up on Thursday night to meet with the Salem neighbors. Some degree work was exemplified and a good time was had by all. The newly instituted camp at Chemawa is rapidly increasing and the best timber in the community is being worked.

"Give Him an Inch, He'll Take an Ell."

Let the smallest microbe gain lodgment in your body and your whole system will be diseased. The microbe is microscopic. But the germs become inches and then ell's of pain. Hood's Sarsaparilla destroys the microbe, prevents the pain, purifies the blood and effects a permanent cure.

Hood's Sarsaparilla NEVER DISAPPOINTS

A GOOD SUGGESTION

Let us have a decent road to the State Fair Ground this year.

DORRAN JOURNAL—Is it possible that the citizens of Salem are going to have the road to the Fair Grounds in the condition it is in, during fair week? Is there no one interested in the matter? You all want to make the state fair a success, and it can't be done unless there is some possible way of getting to the Fair Grounds. Hundreds will stay away rather than go over the road they are compelled to travel. The street car ride is just as bad, one continued cloud of dust from start to finish.

Now let us get a move on, and have the rocks piled up and the road sprinkled. One man says he will give five dollars, and will be content taking the rocks off and putting the road in condition for the sprinkler. Now how many citizens will give \$5 or \$2.50 or \$1.00 or 25c. The money ought to be raised in an hour to do the work. Why not the Chamber of Commerce or city fathers appoint a committee to attend to it? Nothing you could do, would be such a drawing card to Salem and the State Fair, as to put the road in condition to get there.

A Minister's Mistake

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from the newspaper bearing upon the matter. The clergyman started to read the extract and found that it bore upon the famous "North Coast Limited," on which all classes of passengers are carried without extra charge. This train leaves Portland daily at 2 p. m. For a "North Coast Limited" leader describing same or any information apply to any Northern Pacific agent or write A. D. Charlton, A. G. P.
