Mrs. Doty, Pemberton, Edmundson, R. J. Spencer and others in the Rosedale district are building new dryers.

The new Odd Fellows hall is going up rapidly and will be all under cover before the bad weather sets in. Workmen now have the walls of the third story completed.

Christian Church Surprises.

One of the milestones in the history of the Christian church, of this city, was reached last evening, and the occasion will never be forgotten by those fortunate enough to have been present. The Juniors of that church, had prepared a program called the "Stamp Exercise," the whole of the exercise being rendered by the Sunshine committee, which consists of the "w. s. e." ones of that society, all drilled and trained by their chairman, Miss Minnie Burns. Marches, drills and concert exercises were gone through with the unstudied grace of childhood.

At the close of the Junior program, Miss Alice Perrine, superintendent of the Junior work, stated the object of the evening's program to be a meeting to give a farewell to Rev. and Mrs. Evans, who have resigned their pastorate here, and will leave next week for their new home in California, and that the children would take up a collection and add the contents of their mite boxes for the benefit of the India famine sufferers. A good offering was then gathered.

When You're Sick and Need Medicine

The BEST is none too good, so we THINK and if you THINK at all you must THINK likewise. Thinking as we do we hand only the BEST of everything that enters prescriptions compounded by us. That's one point. We buy only the freshest medicines—that's another point. No substituting at this store—that's a vital point. We "know how"—that's the main point.

These "points" should influence you to bring your prescriptions to us. You know that if you come once you'll come again. We have found that the BEST, in either skill or medicine, is always cheapest—so may you, but beware that this knowledge does not come to you too late—after a fresh wound has been made in the cemetery, for instance.

Furthermore, you'll always find at

IT IS A PITY SO FEW WOMEN

Are Entirely Free From Pelvic Catarrh.

Miss Anna Carsten, Clayton, Ill., says: "Your Pe-ru-na did me so much good. I believe I should have been dead by this time had I not used it. I am feeling so well now. I have not taken any medicine for four or five months. I can cheerfully recommend Pe-ru-na to my friends."

Mrs. Henry Ellis, Milwaukee, Wis., says: "I was a most miserable sufferer from falling of the womb, weak ovaries, and leucorrhoea, which caused me to be confined to my bed for a long time, being too weak to bear my own weight, upon my feet. I was treated by the most reputable physicians in our city. They could do nothing for me. I am most happy to say that in three months after I began taking Pe-ru-na I was well—entirely cured without any appliances or support of any kind."

G. A. Froeh, New Portage, O., writes: "My wife has been sick for about five years. In the first place the doctor called it leucorrhoea, and treated it about one year, when it turned to ulceration of the womb; she was then treated for that for two years, when the doctor gave her up. She could not walk for nearly two years. She then tried your Pe-ru-na. She has taken three bottles and it did her more good than any other medicine. A vast multitude of women have found Pe-ru-na an indispensable remedy. It meets all their irregularities, critical periods, and peculiar weaknesses."

Mrs. Anne Randall, Caro, Mich., says: "This letter leaves me well. I do sincerely think, by reason of your good advice and great medicine, Pe-ru-na. It has brought back my health to me in my older days. I am now a new woman, physically. I think Pe-ru-na the best medicine in the market."

Women are even more subject to catarrh than men. The chief cause is the delicacy of her organism, as compared to man. This explains why, in part at least, so few women are entirely free from catarrh. Catarrh of the pelvic organs is generally called female disease.

Miss Sadie Martinot, the prominent young actress, writes to Dr. Hartman in regard to Pe-ru-na, as follows: "I give you my great pleasure to recommend Pe-ru-na to members of my profession. I have found it most helpful. I consider Pe-ru-na of especial benefit to women and particularly recommend it to them. My dressing table is never without it."

Everywhere the people, especially the women, are praising Pe-ru-na as a remedy for all forms of catarrhal difficulties. Send for free catarrh book. Address Dr. Hartman, Columbus, O.

OSTEOPATHY

Definition.

Osteopathy is the science of treating disease manually by the adjustments of all parts and organs to their natural relation with each other, thus removing the irritations resulting from their abnormal relations, and removing obstruction to the vital forces and fluids of the body; and by stimulating mechanically all organs to their proper function or inhibiting abnormally active processes or movements of portions of the bodily organism. It, therefore, must have for its foundation a thorough and comprehensive knowledge of human anatomy and physiology, and of the normal and abnormal action and metabolism of all parts of the bodily mechanism.

Illustration.

Osteopathy recognizes in man a most perfect and intricate, and to a certain extent, self-regulating machine, which with every part or organ in its proper position and relation with every other part will run smoothly and perfectly; and that after replacement of parts displaced by accident, or any of the various forces incident to its surroundings and movements, a restoration of function and health will supervene. All recognize these conditions in the infant as a complex time-piece, driven by its own human make; why do we as men and women also in the mechanical body of our kind, that it is driven by its God-given spring of force, called life?

Diseases.

Treated successfully by Osteopathy, Nervous, resulting in headaches, insomnia, Loss of Appetite, Loss of Fat, Constipation in its worst forms, stomach and liver troubles, many kidney disorders, consumption in its first days, Asthma, Catarrh, Bronchitis, Tonsillitis, Female diseases, painful, suppurated and increased Meneses. The results of these troubles alone are sufficient to recommend the treatment to all suffering women. Rheumatism in all its forms, eye troubles, give excellent results, lumbago, curvatures of spine, etc.

Consultation Free.

My previous practice has given me a wide experience in the many forms of diseases and I will give an honest opinion of cases coming to me for consultation or treatment.
