

Is your Hair worth One Dollar?
If so, buy a bottle of Newbro's Hairdressing Cream and stop that dandruff that is slowly but surely robbing you of your hair. Newbro's Hairdressing Cream is the only preparation on the market that really will stop it. For it is the only one that kills the microbe at work on the hair root, thus destroying the cause and consequently removing the effect. One trial will convince you the same as it has this "doubting Thomas".
RAY FRANCIS, Cal., Dec. 1, 1925.
When I bought a bottle of Newbro's Hairdressing Cream, I thought it would prove a fake, but I am happy to state that it does, and even more, than you claim for it. My hair is growing rapidly. Respectfully,
RAY FRANCIS, 1214 Broadway St.,

BORROWED A STOVE.

South Salem Man Takes Liberties With Property Not His.

Edward Kenney of South Salem was arrested Thursday and brought before Justice of the Peace O'Donald on a charge of larceny. It seems that he resided in South Salem and near by was an unemployed house belonging to Mrs. M. E. Holcomb. In this house was a stove, not hot. The Kenney family are in poor circumstances and Kenney unlocked the Holcomb's house and took the stove to use, intending to return it. This was the story he told in court, and Justice O'Donald had compassion upon him and let him go, on the understanding that he would return it at once.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis Mo., writes: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two different health resorts, but received no benefit. Many medicines were prescribed, but with the exception of one, she never improved. This one is now seventeen years old, and not a sign of the disfiguring disease has ever returned."

S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. It purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge what ever for this service.

PORTLAND LIVELY.

A Returning Salemite Speaks Well of the Metropolis.

A Salem business man returning yesterday from Portland very graciously let go of the following information:

"Portland is a lively place these days, with an immense year's building in progress, and the present work of preparing for the Elks' Carnival. The latter will bring probably the largest crowd to Portland ever seen in that city. Railroads are arranging for excursions from all of the northwest states and railroad men predict the greatest jam ever known. It will be the harvest home of the northwest."

"The worst feature of the matter will be the limited hotel accommodations. At present the best hotels are turning away people several nights in the week for lack of room, and when it is considered that thousands upon thousands of visitors will throng the city for over a week, it staggers the best heads to conceive of where they will be stowed away. One hotel man who has recently enlarged his lobby pointed out to a friend fifty new chairs in it which he said would be good for a dollar apiece each night of the carnival. But it will be a great advertisement for the city, and what the people will see will be simply variations of an ordinary fair or exposition. Displays of merchandise, music, electric lights and a dazzling array of time in its hundreds of forms will constitute the show. People will stare in open-mouthed wonder at things they can see every day of their lives, and the throng will be happy. But such is life."

"Among the finest improvements in the city is the new clothing store just fitted up by Hon. Ben Selling on Fourth and Morrison streets. It is the finest on the coast, and is worth going a long distance to see. It will be lighted with a thousand electric lights, and the backing of the windows, which are the finest show windows known, is made up of myriads of cut glass prisms, which when illuminated will present a most dazzling effect. Mr. Selling will, in addition open the new establishment. Ben seems to be in his element, and with a smile of satisfaction, says it pays better than politics."

CLERK AND CARRIER EXAMINATION.

At Salem P. O., September 28, 1900, the Civil Service board will hold an examination for the positions of carrier in the post-office service.

The examination is held for the reason that at all offices where no substitute force is maintained such a force will be appointed as the result of this examination, so that whenever vacancies occur in the regular force there will be no delay in filling the same. It is the intention of the Department to establish a substitute force at every office equal to about 25 per cent of the number of regular employees.

The nature of the examination is a test of practical, general intelligence, and of adaptability in post-office work. The age limitations for this examination are as follows:

Clerk not less than 18 years.
Carrier, between 21 and 40 years.

Applicants for male clerk and carrier must have the medical certificate executed. Applicants for carrier must be at least 5 ft. 3 in. in height, and weigh not less than 125 pounds. Female applicants are not required to have this certificate executed.

This examination offers an excellent opportunity for entering the Federal service to bright, energetic young persons who are not afraid of hard work, and the Commission hopes that a sufficient number of intelligent, active persons will present themselves for this examination.

For application blank, full instructions, specimen examination questions, and information relative to the duties and salaries of the different positions, and as to whether there are any existing vacancies in this office, applications should be made to Zedee Palmer, Secretary Postal Board.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have too much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
