IT'S A GOOD SIGN

To see a satisfied man with glasses which suit in every way. It is not a good fit simply to fit lenses to the sight, regardless of the frame. There are two separate parts in fitting glasses, the scientific fitting of lenses and the mechanical part of making fitting and bending of frames to suit each individual face. We combine both of these and give satisfaction which merits the recommendation of making new customers every day. When needing glasses, come and see us.

NO EFFECT ON COPPER

Results From the Passing Away of Marcus Daly.

HIS HOLDINGS WERE TEN MILLIONS— WHO HIS SUCCESSOR WILL BE

Interesting Question of What Will Become of the Daly Interests—Will Be Managed By the Standard Oil Company.

By Associated Press to the Journal. New York, Nov. 13.—The Journal of Commerce today says: Marcus Daly's connection with the copper interests of the country is well known. With J. B. Flagg he owned a controlling interest in the great Anaconda mine until it was turned over to the Amalgamated Copper company last year. The value of his holdings in Anaconda at the time the transfer was made was estimated by some at considerably in excess of \$10,000,000.

It was the opinion of copper men generally that Mr. Daly's death would have little effect upon the interests of the Amalgamated Copper Company. His long illness had practically forced him out of the active management of the company for many months. The stock of the company advanced over two points in the early dealings though reacting somewhat later.

It is barely possible that the death of Mr. Daly may have a tendency to bring about an earlier settlement of the Montana litigation than would otherwise have been possible.

Considerable interest has been manifested over the probable disposal of Mr. Daly's holdings of Amalgamated Copper stock. According to some reports Mr. Daly sold out the bulk of his holdings long ago.

Others in closer touch with the company deny this and say that the stock had not been sold and that Mr. Daly's heirs are not likely to sell it. According to some accounts, however, the Standard Oil interests will take care of the Daly interests.

Nothing definite as to the successor of Mr. Daly as President of the company was obtainable but it is the opinion of many that H. H. Rogers, Vice-President of the company will fill the position. In this connection it may be worth noting that Mr. Rogers recently made an extended trip to the Anaconda and other Amalgamated Copper properties.

CALIFORNIA WINE PRODUCTION LARGE

Growers of All the Vintages Report a Profitable Year. Quality Equals That of 1913.

By Associated Press to the Journal. San Francisco, Nov. 13.—The Chronicle says: Quality rather than quantity is the distinctive mark of the California dry wine vintage of 1913. The production will be about the same as that of last season but the high standard of 1913 will be attained.

The best authorities agree in placing the amount of wine fermented as from 13,900,000 to 15,000,000 gallons of dry and 7,000,000 gallons of the sweet varieties. The grape growers both in the dry and the sweet wine districts had a profitable year.

The yield of dry wines in the various counties of the vintage just closed is very near the following figures:

Sonoma, 8,500,000 to 9,000,000 gallons; Santa Clara, 2,500,000 to 3,000,000 gallons; Napa, 1,500,000 gallons; Contra Costa, 300,000 gallons, and Alameda county from 1,000,000 to 1,500,000 gallons.

FIRST DOOR NORTH OF POSTOFFICE.

IT IS ALMOST UNANIMOUS

Citizens, Business Men and Tax Payers Endorse.

The Present Non-Partisan Administration of the Business Affairs of the City of Salem.

The public sentiment in favor of continuing the present city officials and board of aldermen in power is stronger than ever before.

A large number of citizens have been interviewed and are unqualifiedly in favor of the existing order of things. It is understood the men who have served in the citizen administration are willing to stand for a re-election on December 3d provided they are invited to do so by the citizens, and the sentiment in favor of such action is almost unanimous.

Some Expressions.

J. B. F. Tullih: Voted for it before, and will do it again.

D. J. Fry: This administration ought to suit anybody. Especially tax-payers. Hope to see it continued.

F. W. Hollis & Co: It has been all right as far as I can see.

A. M. Humphrey: Fully satisfied and feel that for once we are working on safe lines.

J. T. Thompson: Its first rate. Don't want changed as long as I live.

W. H. Holmes: Best city government we have had in twenty years, and we had better stick to it.

Wm. Brown: Am well pleased with the present administration.

O. P. Dabney: Don't think it could be bettered. It should by all means be continued.

Lacy & Son's: Seems to be running all right, but taxes are still too high.

E. C. Cross: Hope it will be continued in its present efficient form, as I believe it is the first time in a score of years that the city hasn't run behind.

Joseph Meyers: Like the management very much. But it is an outrage that we do not have at least one or two more policemen.

Granson & Ragan: Think it is all right and hope to see it continued.

E. F. Osburn: Can't speak too highly of the men and their work.

E. S. Lampert: Want things to stay just as they are.

John Savage, Jr.: Think we ought to let well enough alone. I am opposed, as a Republican, to the partisan ideas expressed in the Telegram article. In city matters we should drop all political considerations.

Guy M. Powers: The only way we will ever get out of debt will be by continuing the present administration.

H. A. Johnson: The present administration has been good enough for me.

M. Brédemir: It suits me very well.

G. W. Putman: It has been a great improvement and will gladly support it again.

J. Purvine: It is good and I don't know how we could improve on it.
