

ALL POINTS AGREED UPON

Ministers Only Awaiting Instructions to Close Negotiations

CHINA HAS GIVEN HER CONSENT TO A REVISION OF TREATIES

And This Will Result in a General Scramble For Concessions By the European Powers -- Uncle Sam in a Position to Deal With a Firm Hand

By Associated Press to the Journal.

PEKIN, Nov. 13.—The note of the powers to the Chinese plenipotentiaries will be ready to submit within a few days. It is understood that all points under discussion have been practically agreed upon except minor phases of several of the most important questions. Concerning these points the Ministers called for instructions which they expect to receive before November 20 the date of the next meeting.

The conclusions seem to have been reached to conclude peace with China without undertaking at present the complete revision of the treaties of commerce, says a dispatch from Washington to the Journal of Commerce.

A general article will be inserted in treaty of peace subscribed by the powers providing that China shall consent to the revision of the treaties of commerce, but shall deal with each power separately. Whether the result of these negotiations will be satisfactory as a general treaty guaranteeing to the citizens and subjects of all the powers complete freedom of traffic in the interior of China remains to be seen.

It appears to be thought at the State Department and among some of the Ministers at Peking that difficulties and delay would arise in seeking to deal with desired changes in detail at present. It may be possible for the leading powers to secure concessions regarding interior trade which will drive the entering wedge for like concessions to all. Most of the powers are entitled to the privileges of "the most favored nation" and will be able to ask for themselves whatever is granted to any of the other powers. The fact that the Chinese Imperial government consents to the revision of the treaties as a general proposition is considered at Washington an im-

portant point for securing what civilized powers desire.

YOKOHAMA, Nov. 4.—The expedition to Pao Ting Fu and the presence of a large German force in Shan Tung Province is having the effect of turning Governor Yuan Shi Ki from friendliness for foreigners. He has addressed a note to Li Hung Chang telling of his distrust of Germans in Shan Tung.

The allied forces have razed several Boxer villages. The Germans took one at Yang Tzu and shot all the Boxers captured, after a drum head court martial.

TIEN TSI, Oct. 15.—The meagre accounts which reach here of Russian operations to the north indicate that they have the situation fairly well in hand. The reports are lacking in detail and coming from Russian sources are considered as incomplete. Little is known of the campaign along the Amur River. The Russians assert they have generally been successfully but news from direct sources do not bear this out. It is rumored that several small commands and garrisons have suffered severely.

Now Chiwang was taken September 24 though there are few details of the affair. Around Hsi Cheng they have been strengthening their positions making occasional demonstrations to the north and west as it was rumored that a heavy force was descending on Moukden. In the latter part of September the Russians occupied An Shan Shan and Biao Gang and on October 2 entered Moukden the principal city of Manchuria.

The best information shows that no resistance was offered at Moukden where it was anticipated a strong stand would be made. In the city many lawless bands of natives, robbers are said to be operating and the country generally is restless and dangerous. Above New Chang on the upper river pirates are still a source of annoyance and have recently made attacks on the river craft. Their depredations have practically stopped commerce and the Russians are deriving but little revenue from the customs.

OUTCAST OF A WEALTHY FAMILY

Was Killed as a Bandit and By an Express Messenger

But Name Was Not Disclosed Because the Family Had Seen a Great Deal of Sorrow.

By Associated Press to the Journal. CHICAGO, Nov. 15.—The bandit who was killed October 3 last by Express Messenger Baxter on the Kansas City St. Joseph & Council Bluffs Railroad is said to have been the outcast of a wealthy Massachusetts family. This information was given Lieutenant Rohan of the detective headquarters by a "crook" whom the veteran detective has known for years.

"I have no reason to doubt the man's story" said the Lieutenant "and though he is a thief I have confidence in his word.

"A week or ten days before the train hold up on the Kansas City, St. Joseph & Council Bluffs Railroad" said Rohan, "my informant met the man here in Chicago. The plans were then being made for the hold up. 'Keep an eye on the papers' said the man, 'and you'll hear of something near Council Bluffs.' My informant did not then know that a train was to be held up but when he read of the attempted robbery and the killing of one of the bandits he knew who it was that did the job. Later he saw a picture and description of the 'dead robber' and recognized the man at once. He would not tell me the name of the thief who was killed by the Express Messenger as he said it would only sadden a family who have had their share of sorrow for the acts of a wayward son."

It is generally felt at the present critical state of international affairs that even temporary weakening of influence of so favorable a factor in the maintenance of the world's peace justifies grave anxiety, especially as the Car is regarded in Europe as a kind of counterpoise to Emperor William. Public anxiety will, therefore, remain strained until the more robust monarch recovers.

RECORDER JUDAH UP AGAINST IT

Finds Out How Nice It is to Be Yanked up in Police Court for Hiding on a Forbidden Sidewalk.

City Recorder Judah inadvertently got tangled up in the meshes of a city ordinance Wednesday afternoon, and contributed a fine to the city treasury, as a consequence.

He had been down toward North Salem on his wheel and, returning in a brown study on some abstract subject he coolly rode up the sidewalk up the west side of Commercial street a block within the limits forbidden to bicyclists, until he passed the residence of J. H. Lord, who came out and raised the long yell recalling the recorder to knowledge of his surroundings. Then N. J. Judah, the individual, went to the city hall and swore out a warrant before City Recorder Judah, charging N. J. Judah with violating the bicycle ordinance. Chief of Police Gibson then arrested Mr. Judah and brought him into court, where he assumed his judicial character, imposed the usual fine of \$1, and then stepped down and paid it. Then he dacketed the whole business and drew a breath of relief at getting out of the complication so easily.

RUSSIAN CZAR IS RECOGNIZED

As Preserver of the Peace of Europe.

THE NEWS OF HIS ILLNESS CAUSED MUCH APPREHENSION

Russian Newspapers Celebrating Anniversary of the Former Treaty With China--German Reichstag Fixes Von Waldersee's Salary.

By Associated Press to the Journal.

LONDON, Nov. 15.—The serious apprehension with which the announcement of the fact that the Car of Russia was suffering from typhoid fever filled Europe, emphasizes how much the peace of the world is believed to be dependent upon him. But for the statement in an official bulletin that his majesty's malady was taking a thoroughly favorable course, the news of his illness would have created nothing less than consternation.

It is generally felt at the present critical state of international affairs that even temporary weakening of influence of so favorable a factor in the maintenance of the world's peace justifies grave anxiety, especially as the Car is regarded in Europe as a kind of counterpoise to Emperor William. Public anxiety will, therefore, remain strained until the more robust monarch recovers.

By Associated Press to the Journal. BERLIN, Nov. 15.—The Reichstag bill providing for a third supplementary credit on account of the China expedition fixes the salary of Field Marshal Von Waldersee at 150,000 marks annually with large extras. Division commanders will receive 65,000 marks and extras and lower officers will be paid proportionately.

St. PETERSBURG, Nov. 15.—Russian newspapers are jubilantly celebrating the fortieth anniversary of the treaty of Peking, by which Russia acquired an immense amount of territory Novee Vremya, however, unfavorably compares Russian diplomacy then with European diplomacy now, and says it is authorized to state emphatically that an effort will be made to press the campaign for a separate peace with Russia in negotiations with China. This is not, however, understood as representing the Government views.

CONFESSION OF A PERJURED STATEMENT

Emanates From a Woman Who is in Jail.

Miss Looie's Statements About Dr. Flood of Elmira Resulted in Prostrating That Official.

By Associated Press to the Journal. ELMIRA, N.Y., Nov. 15.—Catherine Looie in the County Jail under sentence to Auburn Prison for four years and nine months had made another statement. This time she has made an affidavit to the effect that the statement made by her in her confession and in her evidence to Record Daniel implicating Mayor Frank H. Flood was false and that she wished to take back these statements and exonerate completely the Mayor from being implicated in any way in her forgery.

Attorney Eustace visited Miss Looie at the jail. Before he called, the girl talked freely to several people about her case and the statement that she had made previously and the one she had made revoking the first one. She said it was represented that Dr. Flood was prostrated and would commit suicide unless she retracted her confession.

After Attorney Eustace's visit the girl refused to talk. Miss Looie was afterward visited by Attorney J. J. Hassett for the prosecution, she having expressed a desire to make an affidavit retracting her retraction saying that she had made it under a misapprehension. He found her in a disturbed state of mind because of the day's developments and concluded to wait until today before taking her deposition. He says he is not depending upon Miss Looie's evidence alone to make out a case that will lie but has an abundance of other evidence but proposes to probe to the bottom the matter of her retraction.

MUCH SHOOTING BUT NONE HURT

TAMPA, Fla., Nov. 15.—Rioting between the International and Resistance union cigar makers began today at factory of Gonzalez Mora & Co.

GERMAN ARMY HEADQUARTERS TO BE REMOVED TO SHANGHAI

Our Forces Alone are Equipped With Transport Facilities and the American Mule is Master of the Situation When River and Rail Gives Out.

By Associated Press to the Journal.

TIEN TSI, Oct. 14.—There is little likelihood that operations will be prolonged after the cold weather has fairly set in. Few of the forces now here are adequately equipped for winter campaigning and this region cannot be relied on for any supplies. Little grain was harvested as the harvest season occurred after the trouble began and the laborers were driven out. Recent foraging parties extending to a considerable distance have found few herds and the allies are forced to rely entirely upon their own commissaries.

The military situation is naturally dependent upon the progress of diplomatic negotiations but at the same time it is not believed that a failure of the commencement of those will result in much further activity of the troops. It is known that Count Von Waldersee the Commander of the allies is considering the advisability of removing his winter headquarters to Shanghai and this is taken to indicate that the allies will not endeavor to prolong operations in the north. Prior to his departure from Peking it was unofficially intimated that his plans contemplated Shanghai as the most available point for the winter and in the event of his removal there it is considered as probable that the commanders of at least a part of the other forces will go also.

The fears of a coal stringency in Peking have been somewhat relieved by the organization of a caravan to the coal districts. The supply, however, is small, and even with the exertion of all possible efforts to secure fuel it is believed in military circles that the winter will be severe on the troops both here and in Peking. An early winter is generally predicted. The temperature fell suddenly to 34 degrees last night, which is unusually low for this season.

The British have abandoned their camp on the plains to the southwest and

with the return of the Pao Ting Fu expedition will put their men in buildings for the winter. The bulk of the German forces is being rapidly sent forward to Peking but those still here are in tents and the scarcity of lumber probably will prevent the erection of winter barracks.

The inadequacy of the railway facilities is a source of much embarrassment.

The Americans fearing that the rapid fall in the Pei Ho will impede navigation are using wagon trains to rush supplies to Peking. They are the only force equipped with wagons and animals.

General Humphrey the Chief Quartermaster is sending four mule teams as fast as possible and the bulk of the supplies for the American garrison at Peking is already under way or safely stored in the Capital.

John Sherman's will.

MAMMEDI, Ohio, Nov. 15.—Hearing on the application for the admission to probate of the will of Secretary John Sherman is progressing today before Judge Brinkerhoff. The will was written by the honored old statesman himself, and bears date, Washington, D. C., Dec. 22, 1890. It disposes of about \$2,500,000 the bulk of it going to six heirs, one of whom—his brother Gen. W. T. Sherman—is dead. Kenyon and Oberlin colleges each get \$5,000.
