IT'S A GOOD SIGN

To see a satisfied man with glasses which suit to every way. It is not a good fit simply to fit lenses to the sight, regardless of the frame. There are two separate parts in fitting glasses, the scientific fitting of lenses and the mechanical part of making fitting and bending of frames to suit each individual face. We combine both of these and give satisfaction which merits the recommendation of making new customers every day. When needing glasses, come and see us.

IN SALEM'S SOCIAL HALLS OF FAME

All Social Orders of Western Oregon Reported for Our Daily Readers.

(You are cordially invited to contribute reports of social gatherings, personal items and notices of coming events.)
The past week has been filled with social gaiety to such an extent that popular society women have been kept occupied. Preparations for the Charity ball come along nicely. All the committees of ladies are working hard. The week closes with an afternoon reception given by Mrs. Thos. Holman and Mrs. Geo. H. Meyer.

About thirty or more of Salem's society ladies were entertained at Mrs. E. M. LaFore's Friday afternoon from two until five. Mrs. LaFore has been giving a series of these charming afternoon teas and each succeeding the other in new and novel entertainments. "Friday here was a literary contest in which the ladies were given subjects upon which a poem was to be written. Cards with numbers to correspond were passed about and ladies in pairs were to match their skill and jointly compose on one subject.

The combined efforts of Mrs. J. B. T. Tuttle and Mrs. T. C. Smith, Jr. were voted unanimously to be the best and for their brilliant ideas they were presented with bouquets. Dainty refreshments mixed with sparkling conversation brought the third of this splendid hostess's parties to a very successful end.

Those present were: Mrs. R. S. Bean, Mrs. Henry Meyers, Mrs. J. P. Calbreath, Mrs. Paul Sroat, Mrs. Wm. Westcott, Mrs. Ray Gilbert, Mrs. T. C. Smith, Jr., Mrs. Joe. Kransse, Mrs. C. D. Gabrielson, Mrs. Clam Gatch, Mrs. J. B. T. Tuttle, Mrs. Frank Waters, Mrs. S. L. Hayden, Mrs. Geo. Bingham, Mrs. I. L. Patterson, Mrs. Will Gray, Mrs. Ed. Edes, Mrs. Geo. Brown, Mrs. Wm. Brown, Mrs. Geo. Burnett, Mrs. Lot Pearce, Mrs. R. Cartwright, Mrs. S. W. Thompson, Mrs. Willie Morse, Miss Hughes, Miss Ethel Hughes, Miss Frankie Richardson, Mrs. Geo. Giltner, Miss Margaret Cooper.

Laxative Bromo-Quinine Tablets

A COLUMN OF MEDICINE TWO THOUSAND FEET HIGH.

A United States Senator's Letter.

UNITED STATES SENATOR McENERY, OF LOUISIANA.
Hon. S. D. McEnery, United States Senator from Louisiana, says the following in regard to Pe-ru-na:
Pe-ru-na Drug Manufacturing Co., Columbus, Ohio:
Gentlemen—Pe-ru-na is an excellent tonic. I have used it sufficiently to say that I believe it to be all that you claim for it.
Very Respectfully, S. D. McEnery.

Three Car Loads Daily.

To meet the demands for Pe-ru-na as a cathartic remedy during the fall and winter three car-loads per day is required. Few people comprehend what an immense amount of Pe-ru-na this is. It is eighteen hundred dozen bottles of Pe-ru-na, each bottle containing twenty ounces. This amounts to twenty-one thousand six hundred bottles, or four hundred and thirty-two thousand ounces, or three million four hundred and fifty-six thousand doses.

Three car-loads of bottles of Pe-ru-na placed end to end in a single row would extend over four and a half miles; arranged in a column one foot square they would make a column nearly two thousand feet high, four times as high as the highest cathedral tower in Europe, and nearly twice as high as the famous Eiffel tower. Remember, this amount of Pe-ru-na is shipped daily to meet the enormous demand for this wonderful cathartic remedy.

The facilities of the Pe-ru-na Medicine Company are taxed to their utmost to keep up this remarkable output, week after week, and month after month. This ever-increasing stream of Pe-ru-na finds its way into thousands of homes in every state in the Union.

Pe-ru-na is as efficacious to cure the winter catarrh of New England as the summer catarrh of Texas. Pe-ru-na is an absolute panacea for the climatic diseases of summer and winter. It is the safeguard of the home amid the billiards of Montana, and the ever-present, never-failing remedy for the ill that beset the household in the sweltering heat of Florida.

Mrs. Maggie Turner, Holly Springs, Miss., writes: "About fifteen years ago I was taken with catarrh of the head. I tried several doctors and all the patent medicines I could hear recommended for catarrh. I spent several hundred dollars and found no relief. I was gradually growing worse and was given up to die. Last September Pe-ru-na was recommended to me by a friend and I began to take it. I had no relief in anything any more, as I was not able to sit up, and was a mere skeleton. After I had taken one bottle of Pe-ru-na I began to improve. I am now taking the ninth

trying to get him away or staying to help him.
The argument by counsel consumed nearly an hour. McNary waived the opening argument. John A. Carson made a skillful plea for his client, Martin, and John A. Jeffrey presented the case of the state in an able manner. Recorder Judah then took the matter under advisement until 1 p. m. Saturday.

ENCOURAGE AN INDEPENDENT WHEAT MARKET AT SALEM.
The undertaking of Mr. Humphrey and other gentlemen operating with him to establish an independent gain market and milling enterprise at Salem is worthy of investigation and encouragement. If such a thing is possible here it is to be brought about by a man of Mr. Humphrey's standing and experience.

There is a general impression that there is a complete monopoly on the milling and warehouse business at Salem and in the Willamette valley, that no individual can stand up against and succeed. This means that the farmer must take what the monopoly will pay for wheat and that the consumer must pay what the monopoly charges for flour. Just at present wheat is going lower and flour is going higher.

An independent milling and warehouse enterprise at Salem would at least keep on the means of communication with the outside market and as far as it exerts any influence would be a check on the two-headed monopoly. The sword of the wheat and flour trust is two-edged and cuts ice both ways. There ought to be some way to dull its edge and Mr. Humphrey and his associates know how to counteract the dangerous weapon that is raised against the life of these important industries.

FUNERAL OF E. C. HOLSINGER

Remains Will Arrive Sunday Afternoon and be Buried Monday from Congregational Church.

A telegram received this morning from Mrs. E. C. Holsinger who is bringing the body of her husband from Albuquerque, N. M., was to the effect that the remains will arrive here on the 4 o'clock train Sunday, and preparations have been made accordingly by the Maccabees lodge, of which deceased was a member.

Sir Knights Aug. Hockett, B. P. Taylor, N. J. Judah, Silas Howard, Edward Ellis and J. C. Reed, have been detailed to meet the body at the train. It will be taken to the residence of the bereaved wife, Mr. and Mrs. J. P. Yeatch, where Sir Knights N. J. Judah, C. W. Stump and W. H. Squire will be in attendance.

The funeral will take place from the First Congregational church at 2 p. m. Monday. Rev. W. C. Kantner will conduct the services, after which the Maccabees will take charge of the remains and inter them in Rural cemetery with the ritualistic service of the order.
