### A RECTOR DEPOSED

Rev. James Lebaron Johnson Has Disappeared.

#### IMMORAL CONDUCT IS NOT THE CAUSE

Not Fully Understood Why the Young Man is Retired.

New York, Dec. 28.—The Tribune prints the following: The fact that the Rev. James Lebaron Johnson, the former assistant rector of Grace Church was formally deposed from the ministry of the Protestant Episcopal Church about a week ago has become known to his friends in this city. It has been ascertained that he was deposed from the ministry at his own request and that the announcement of his deposition stated that there is no reflection upon his moral character in the proceedings.

Mr. Johnson disappeared about two weeks ago and his friends have not had any word from him. About the time of his disappearance he wrote to Bishop Potter expressing a determination to give up the ministry and requesting that an announcement of the deposition be made. Bishop Potter caused the announcement to be made at the church of the Ascension although Mr. Johnson had not been associated with the work of that church.

Mr. Johnson had resigned his place as assistant rector of Grace Church and his resignation had been accepted. He had resigned the place of chaplain in the fire department and Fire Commissioner Scamnell had placed the letter of resignation on file. Mr. Johnson left the sanitarium at Watkins, N. Y., about two weeks ago. He had been suffering from nervous troubles since last spring. He went to Europe for a stay of two months at that time but was not much benefited by the trip.

Friends of Mr. Johnson in this city say that his health was shattered by overwork. At the time of the great fire which destroyed the steamship piers and some of the ships of the North German Lloyd line in Hoboken Mr. Johnson was on a fire boat on the North River. He saw some of the sailors who were imprisoned on the Saale thrusting their heads and hands out of the port holes of the ship and appealing for help. This excitement was so great that he became ill. It is believed by many of his friends that he is in the west and that he will return as soon as his health has been restored. His father, Archdeacon Johnson of New Brighton, S. I., has said that he does not know where his son is.

### DREYFUS UP AGAIN

The French Captain Demands a New Trial.

#### PARIS IS ABLAZE WITH EXCITEMENT

Paderewski Said to Be Killed in a Duel at Paris.

New York, Dec. 28.—A dispatch to the World from Paris says: The letter from Dreyfus to Premier Waldeck-Rousseau demanding a new hearing has set Paris ablaze with excitement. The Nationalists will hold a secret convocation to decide upon what action to take in view of the threatened revival of this celebrated "affair" which "will not down." The impression prevails that Dreyfus is now in this city.

Some usually well informed persons insist that his letter to the Premier was carefully prepared after consultation with various distinguished men one of them being especially conspicuous. The absence of any date to the letter is pointed to as evidence that Dreyfus is here.

Dreyfus' letter was provoked by Henri Rochefort's assertion in the Intransigent that Dreyfus sent to Emperor William in 1894 a document stolen from the German Embassy in Paris which document constituted direct evidence of the crime "for which" the ex-Captain writes "I have been twice condemned unjustly."

Everybody believes that if an inquiry is accorded it will mean a revival of the case. The Nationalists were palpably alarmed lest Dreyfus' former council, now stronger than ever, may find a formidable majority in both houses of the legislature; that, goaded by insults of the opposition will order an investigation which will result in another court-martial on the ground that new evidence has been discovered.

The wiser Nationalists heads severely blame Rochefort for precipitating a new dilemma.

The World correspondent has interviewed several leaders in the Senate and chamber. They simply expressed satisfaction at Dreyfus' dignified denunciation of Rochefort's statement and said they expect that an investigation will be granted.

Rochefort, proud of having raised a rumpus, talks hotly about traitors and declares that Dreyfus' letter is a bluff.

**Death of a Bonaparte.**  
A dispatch from Paris says: The following notice appeared in a Chemnitz paper this week: "At 6:45 o'clock Monday there died after a long illness, my beloved husband, Charles Gustave Louis Bonaparte, gentleman's tailor, aged 48 years. Interment Tuesday at 2 p. m."

The tailor claimed to be a natural son of the Duke of Reichstadt, the hero of Rostrand's play "L'Aiglon."

**Shot His Divorced Wife.**  
A dispatch from Nice says: Vicomte Jules de Bernostilly shot his divorced wife here last night. The shooting took place in the Bois de La Paix. The Vicomte fired six shots at his wife who had strength enough to call for help and take refuge in a shop where she died shortly afterward. Mme. Bernostilly was not quite 24 years old. She had been divorced from her husband for 16 months. The husband remained intensely jealous of his wife and kept a constant watch on her movements.

There was one child, a girl of four.

### DEWET'S CAPTURE

Is Not Confirmed By the War Office.

#### BRITISH LINES ARE NOT MENACED

Knox Trying to Wear Out if He Cannot Entrap Fox Dewet.

LONDON, Dec. 28.—President reports are in circulation in London and on the continent that Dewet has been captured. The British chartered South African company received information from a source in which it is accustomed to place confidence. The war office, however, is without any confirmation of the report.

New York, Dec. 28.—A dispatch from London says: General Kitchener offers striking proof that the British lines of communication are not menaced by the Boer raiders. He has suddenly appeared in Pretoria after a flying journey to De Aar and Naauwpoort, having passed in a single week up and down the entire line of communications without a sense of insecurity. His message tends to minimize the importance of the raids in Cape Colony and to reveal the first objective point of the campaign.

Knox's troops are described as fighting with Dewet's burghers at Leuwop and preventing his return southward to the Orange River. Some military writers have been rashly assuming that Dewet would merely be kept under observation and that Knox's troops would be diverted to the defense of Cape Colony. The possibility of the great raid has not been shaken and Lord Kitchener knows that the capture of Dewet is the important result to be accomplished since Basia and Delarey will hold out as long as their ally is moving across the veldt and swooping down upon isolated posts. Knox has received a roving commission to keep up the chase and wear out, if he cannot corner or entrap the fox.

The statement that General Colville has been requested to resign his command of an infantry brigade at Gibraltar is attracting much attention. Colville, it will be remembered, went out to South Africa in command of the first brigade of Mathuen's division. Rightly or wrongly he was blamed by nearly all war correspondents for not moving more quickly to the aid of Colonel Broadwood on the occasion of the ambush at Sanna's Post and he was accused of not marching to the assistance of the Imperial Yeomanry when the Lindley affair occurred. Shortly afterward he left South Africa and received the command of an infantry brigade at Gibraltar. The Times says the natural inference is that Lord Lansdowne took a not unfavorable view of General Colville's conduct and that Mr. Broderick finds himself unable to agree with his predecessor.

### A HERMIT'S HOARD FOUND IN A CHEST

SPRINGFIELD, O., Dec. 28.—Forty-five thousand dollars in government bonds with the coupons still attached and running back for 30 years were found yesterday in a chest in a hut occupied by Hermit Ypsilanti Smith who died a few days ago. He had lived near Fletcher, Miami county, for 40 years and was not known to have a cent. His mind was deranged years ago by the death of his wife. His pension vouchers untouched for years were also found amounting to about \$25,000.

### AGAINST GAMBLING BY HORSE MEN

NEW YORK, Dec. 28.—The Road Drivers' Association of New York, through its executive committee has placed itself on record as disapproving of betting on match races on the Speedway, and in the future will in no way recognize or officially participate in any race in which there is money involved. The committee decided that in the future the Association shall devote more of its attention to horse shows and parades and the giving of matinee races.

### FIGHT IN GERMANY

Between Farmers and the Big Coal Trust.

#### EMPEROR WILLIAM GOES TO HAMBURG

Germany Fitting Out More School Ships Instead of Granting Subsidies.

WASHINGTON, Dec. 28.—The vast industrial forces of Germany are organizing for a tremendous struggle with the Agrarian and coal interests, according to a report to the state department from United States Consul Schommm at Mainz. He says that the manufacturing interests of Germany surely will demand the passage of a protective tariff during the present session of the Reichstag. Three of the strongest industrial societies of Germany recently convened to organize a national council. The Imperial Government apparently was in sympathy with the movement and while the efforts so far have failed they are not to be abandoned.

BERLIN, Dec. 28.—The Berliner Post summarizing Germany's naval progress this year says that seven vessels have been launched, including two battle ships, one large cruiser and four small cruisers. The paper also calls attention to the "unprecedented activity in the building of war ships," six of which are now in process of construction, including four battle ships, one large cruiser and one gunboat.

The school ship Stein will be fitted out to replace the Gieseler, which recently foundered off Malaga harbor. The boys who were saved from the wreck are expected to arrive next week at Wilhelmshaven and to go aboard the Stein.

Emperor William will go to Hamburg January 3 to inspect the Hamburg-American liner Princess Victoria Louise, prior to her excursion to the West Indies. His Majesty will spend the night on board.

The Hamburg Real Estate Association has voted 20,000 marks for the preparation of plans for a University as a means of enhancing real estate values.

### JIMINEZ CAPTURED

General Kobbe Pushing Insurgents Hard.

#### PERSONAL CHARGE OF THE CAMPAIGN

Many Arrests Being Made Under MacArthur's Martial Law.

MANILA, Dec. 28.—A pushing campaign has been carried on by the Fourth Infantry during December in Northern Mindanao. The town of Jiminez was captured, as was also the insurgent stronghold in the mountains further inland.

The coast town of Langarin was captured by a detachment of 500 troops who scattered the enemy in that vicinity, killing and capturing several. A portion of the troops thus engaged have returned to Cagayan and joined in the campaign, which General Kobbe is personally prosecuting.

MacArthur's proclamation is resulting in many arrests of alleged insurgents in Manila and vicinity. One prisoner was shot dead and another wounded in attempting to escape.

#### BAND OF PILGRIMS HEADED BY A DUKE

NEW YORK, Dec. 28.—A dispatch from London says: The Duke of Norfolk headed a band of over 200 English Pilgrims who have just started for Rome. It has been alleged that he is paying the traveling expense of the bulk of this party but this is absurd. The cost of the journey and stay in Rome has been cheapened by tourist agents until the figures are almost the lowest on record for continental travel. Cardinal Vaughan will join the Pilgrims in Rome and the Pope will receive and address them.

#### CORNER ON BEANS STILL GROWING

CHICAGO, Dec. 28.—A corner in beans is being engineered by the Albert Dixon Company. Within two weeks the price has risen from \$1.84 per bushel to \$2.20, and retailers predict a further advance to \$2.50 within a fortnight. Heavy purchases by the government are said to be at the bottom of the boom in prices.

### GERMANY MILDERS

Now Recognizes the Chinese Government.

#### MORE HOSTILITIES WITH THE ALLIES

Chinese Newspapers Object to the Terms of Peace Treaty.

LONDON, Dec. 28.—The proclamation announcing the division of the country around Peking, Pao Ting Fu and Tien Tsin into districts placed severally under the control of the different military commanders has been posted, according to a dispatch to the Morning Post from Peking dated December 26 in the German section only. It recognizes the Chinese military and civil governments but makes no reference to Count Von Waldersee.

"Germany's action," say the correspondents, "is arrested. She formerly so severe, now recognizes Chinese authority." The largest districts, the points out, have been allotted to the British, German and French troops. "It is announced from Siao Fu," says the Shanghai correspondent of the Standard, "that Emperor Kwang Han has selected General Ma Yu Kun to command the advanced body guard when the court proceeds to Peking."

NEW YORK, Dec. 28.—A dispatch from Peking says:

The last two days have witnessed frequent hostile meetings between Chinese and allied troops. German, French and Japanese report small losses.

The Russian commander, General Linevitch is at Peking and he has held a long conference with General Chaffee.

In the German district of Pechili Province there are frequent collisions with the villagers.

The feeling of insecurity is growing.

SHANGHAI, Dec. 28.—The Chinese newspapers here object to the proposed peace terms. The Universal Gazette considers that the Princes and officials who are to be punished should be named. It is questionable whether General Tung Yuan is concerned; it is well known that the Chinese Peace Commissioners
