The New is Century Here

It's the proper time for good resolutions. Among other things, you should resolve to abandon the antiquated credit plan. Get your private affairs on the solid cash basis. Pay as you go. It's the only safe way. It saves you money. You don't have to pay your neighbors bills when you deal with a cash store. That's why.

THE NEW YORK RACKET

has made a success of their business. They not only started on the right plan but they stick to it. That's what counts. A good resolution does you no good if you forget it next day. We wish you all a Happy and Prosperous New year.

SUPPRESSED VOTERS

Resolution By Olmsted Came to Vote.

ROW OVER THE OLEOMARGARINE BILL

Bill to Prevent Civilization Along Opium and Liquor Traffic Lines.

WASHINGTON, Jan. 4.—Danzell called House to order today in the absence of Speaker Henderson, who was detained at home by a severe cold. Immediately after approval of Journal a half-dozen members were on their feet demanding recognition. Among them was Olmsted, who yesterday created a stir by offering a resolution to instruct the committee on census to investigate alleged abridgment of right to vote in several southern states. Speaker held that pending question was a vote on the question of consideration raised against Olmsted resolution yesterday. Olmsted insisted upon vote on question of consideration and roll was called. Congressmen Wadsworth of New York made brief statement before the Senate committee on agriculture, concerning reflections upon the minority report on the oleomargarine bill in house.

At the hearing yesterday, Adams, commissioner of Wisconsin, and Secretary Knight, of the National Dairy Association, stated that they were not correctly represented in that paper. Adams denied that he had said the purpose of the bill is to stop manufacture and sale of oleomargarine entirely, but Wadsworth contended today that this was his language. He said his remarks had been taken down by a member of the committee when made. He also said the letter which Knight had pronounced a forgery would be produced if necessary.

In the Senate Lodge favorably reported from committee on foreign relations a resolution, favoring enactment of such laws and making of such treaties as would effectively prohibit sale by the signatory powers to aboriginal tribes and uncivilized races of opium and intoxicating beverages.

HAY-PAUNCEFOTE TREATY AMENDMENTS
Have Been Submitted to the British Foreign Office.

LONDON, Jan. 4.—Ambassador Choate presented the Hay-Pauncefote treaty amendments to the Secretary of State for Foreign Affairs, the Marquis of Lansdowne today.

New York, Jan. 4.—A dispatch to the World from London says: Ambassador Choate has received his instructions on the Nicaragua question. He will ask for a special interview with Lord Salisbury to confer on the subject. In the foreign office the opinion is expressed that Lord Salisbury will be in no hurry to come to an issue in the matter unless the state department at Washington proves to be very urgent.

New York, Jan. 4.—A dispatch to the Journal and Advertiser, from London, says: Ambassador Choate will deliverance to Lord Lansdowne, secretary of state for foreign affairs, the note of the United States government announcing the senate's amendments to the Nicaragua treaty and will ask the British government to accept the amendments.

Mr Choate will assume the position that England, of course, is ready to accept the Senate amendments. Lansdowne will make a non-committal and polite reply and the matter will slumber for several weeks. England will undoubtedly put out feelers as to whether the United States are willing to concede something in return especially the Alaskan boundary.

TILDEN DEMOCRATS

Incorporate for Party Re-organization

OLD FASHIONED SIMON PURE

Business Men's Republicans of New York Take Similar Action to Organize

NEW YORK, Jan. 4.—The Journal and Advertiser says: Grover Cleveland, David B. Hill, Daniel S. Lamont, Wm. F. Sheehan, Wm. C. Whitney, Jacob A. Cantor and other Democrats are it is announced, to become members of the Samuel J. Tilden club, with headquarters at Broadway and 72nd street, articles of incorporation for which have just been signed by Justice Leventritt, in the supreme court. The club, as declared by those who are promoting its interests is to be the pioneer in the movement suggested by Grover Cleveland for the "reorganization of the Democratic party and promulgation of Democratic Principles throughout the United States." It is to be a national, as well as a state and local institution and will seek to have nominated for office only "Simon pure" Democrats, running on "old fashioned" Democratic platforms.

The two hundred men whom the incorporators assert have already signified their intention of joining are to be summoned early in the coming week, at which officers are to be chosen. Robert Dowling, head of the contracting firm of Flake and Dowling, may be the first president.

The names of Jacob A. Cantor, for years the Democratic leader of this state; Samuel J. Hotchkiss, Wm. Arrowsmith and Perez M. Stewart, who defeated Robert M. La Follette at the assembly a year ago, appear upon the articles of incorporation.

This is what Senator Cantor had to say about the club after long conference with former Lieut. Gov. Wm. F. Sheehan and Anthony N. Brady of Albany.

"The Samuel J. Tilden club is incorporated in response to the wishes of Democrats who are desirous that the party shall not continue to lose, but rather to win battles at the polls. We shall, instead of fighting for 16 to 1, fight for tariff reform, against subsidies, against centralization of power and other great issues on which the Democracy has heretofore gone to the people and won many a victory."

"Will such men as Grover Cleveland, David B. Hill, Wm. C. Whitney and Daniel S. Lamont join our club?" was asked.

"We certainly should not have formed it were we not assured of the sympathy of men of their type."

Cornelius N. Bliss has been selected to succeed the late W. I. Strong as chairman of the Businessmen's Republican and Sound Money Association, at a meeting held at the Fifth Avenue hotel. This organization, which was formed in 1896, has heretofore taken no part except in the presidential political contests. It has now decided to take an active part in the state and local campaigns.

With this view, a committee was appointed last night to secure articles of incorporation.

SIX FEET OF SNOW

Hundreds of Tourists Enjoying California.

NEVADA TRAIN BLOWN FROM TRACK

General Storm Reports on the Coast With Center at Frisco.

YREKA, Cal. Jan. 4.—The snow storm past all previous records, 72 inches having fallen since Tuesday evening and it is still snowing furiously. Buildings are falling in under the tremendous weight. North and south bound trains, engine and snow plows are snowed in at different places in the county on the line of the railroad. The Fort Jones and Etna stage has been since yesterday trying to come a distance of 18 miles and it is feared that the passengers and driver are helpless in the Scott valley mountains. Two hundred and twenty-five excursionists from this county and as many more from Southern Oregon and other points are at San Francisco, unable to return on account of the blockade.

Reno, Nev. Jan. 4.—A terrific wind storm has done much damage here and in the vicinity. The southbound passenger train on the Nevada, California and Oregon Railway was struck by the gale at Doyle, 40 miles north of Reno and was hurled from the rails. Four passengers and three trainmen were hurt. The severest injuries were sustained by Mrs. F. D. Dodge of this city. A baggage car on the Virginia and Truckee Railroad express was lifted from its trucks at Washington Mills, south of here.

Many buildings were injured here. R. W. Parry was the heaviest loser. The lively stable is a three story brick building and one of the largest in town. A portion of the second floor was used as a residence.

Parry and his family were seated in the dining room when, without warning, a sixty foot section of the south wall collapsed and tons of brick, laths, timbers and mortar crashed through the ceiling. Mr. and Mrs. Parry and their three children were buried in the debris, but almost miraculously escaped serious injury.

SAN FRANCISCO, Jan. 3.—A severe wind storm accompanied by a driving rain, broke over the city this evening and did considerable damage. The San Francisco and Sateo electric car line was obliged to stop running for several hours, owing to the lack of motive power.

At the Cliff the wind blew at the rate of sixty miles an hour and the ocean was extremely rough, the waves breaking so high as to cover part of the roadway. A number of windows in the Cliff House were broken and the entire structure seemed threatened with collapse.

Many ships were injured and some bulkhead was washed away. A portion of the ventilator on top of the new ferry building was blown away and Fred Rowen, who was on the roof at the time had a narrow escape from death.

A new residence at 2151 Folsom street was blown down. A young woman who refused to give her name was knocked almost senseless by being blown against a telegraph pole on Bush street. Cornices were blown off buildings and several persons had narrow escapes. The gale seems to be raging not only on the Southern coast but all along the line from Santa Cruz to Cape Plattery. The waves are rolling mountain high at Fort Ross. Old timers report by telephone that it is the worst storm ever known in that locality. The bay on the Oakland side was so rough

KRUGER COMING

To Visit United States in February

CAMPAIGN TO STOP THE WAR

Ovations Awaiting Him in Cities of Germany and Russia

NEW YORK, Jan. 4.—Charles D. Pierce, consul general of the Orange Free State in New York, and treasurer of the Boer relief fund in America has given out the following statement: "The news coming to us every day both by public and private cable shows the reported conquest of the Boers to be a delusion." "There are under arms on the Boer side over sixteen thousand hardy, determined, invincible patriots of which 5,000 are now invading Cape Colony, against the 210,000 troops landed from Great Britain and her dependencies. "The British invaders have lost over 45 percent of that force. The Boers total losses in killed and dying from wounds have not exceeded 1500, but their loss in property and in impoverishment of the people has been very great.

"Part of the Boers are armed with Mausers, using a plain bullet, but many have Lee-Boford rifles, which use the dum dum bullet, and all of the latter were captured from the English; they bear the arrow mark of Woolwich."

RUMORED DEATH

Of German General Von Waldsee in China

HAS NOT BEEN CORROBORATED

He Reviewed the British Troops on New Years Day

BERLIN, Jan. 4.—With reference to the report that Count Von Waldsee had been killed by an officer of the allied troops, it is semi-officially declared that a rumor to that effect has been current for a week past, but the government has no corroboration of it. Von Waldsee reviewed the British soldiers Jan. 1st.

NEW YORK GIRL MAY BE KIDNAPED

NEW YORK, Jan. 4.—Wm. L. Radford, a real estate dealer of prominence, reported at the bureau of information early this morning that he had reason to believe that his 16-year old daughter has been kidnaped. The girl was slightly ill and was to have met her father at noon yesterday at the sixth avenue elevated railway station at 33rd street. He was to have accompanied her to his physician. She did not keep the appointment. He waited for three hours vainly and then went home. There he was told that Mary had left the house in time to keep the appointment at noon and that nothing more was known of her.
