FOR TWO COLLEGES

Bill Dividing Institution Will Be Stoutly Resisted

Reason For the Proposed Measure And Arguments Of The Opposition

Shall Oregon have two Agricultural olleges? Bills have been already introduced by Representative McAlister and Senator Wade providing for an Eastern Oregon Agricultural college to be located on land owned by the state near Union. The provisions include an appropriation for buildings, an annual allowance from the state treasury for expenses and a division of the funds received each year from the Federal rovernment for experimental stations and Agricultural college.

Despite the fact that the new bills ion contained in his message to the for patrons of the house. legislature, there will be a bitter fight on when the measures come up for pasage. The Corvallis delegation are preparing to fight to the last ditch in opposition to the proposed division. One of the officers of the college, in protesting against the bills said; "The college as it now stands commands the respect of the Agricultural colleges and stations of the United States. It has a standing with them that is constantly advancing. Make two institutions where now there is one and this standing is gone. It will mean two incompetent colleges where

"The division will make each a local affair and the board significance of being a state institution will be forfeited. They will descend to the level cure of normal schools, without pride of past or hope of futures. Of the fortyfive states in the Union not one has was making one of his flag-waving more than a single Agricultural college, speeches, in Kansas, telling how he was and but five have even established subtoo young to enlist in the war for the experiment stations. Replying to the Union, but how he remembered all about governor's statement that experiments the troops going to the front. how this made at Corvallis were of no value to father enlisted, was killed in battle and Eastern Oregon let me call your attention to the fact that it was through experiments conducted under the dithe audience was weeping. A man rection of G. W. Shaw, head of the chemical department of the college, that No. 285 and 383 Commercial street, and are and Free Reclining Chair cars, the fact was demonstrated that Union county beets were the richest in sugar contents of any beets grown in the

The statement referred to above cononcerning the alleged lack of value of experiments made at Corvallis for the farmers of the eastern part of the stae is the principal argument advanced by the legislators and citizens who are supamette valley that the establishment of a separate institution is an absolute kinds of securities. necessity if the farmers of Eastern Oregon are to receive any practical benefit from an Agricultural college and experiment stations. It is further stated in their behalf that of the lands appropriated by congress for the State Agricultural college nearly seven-eighths was selected in Eastern Oregon. The pending bills ask for \$60,000 for building, \$10,000 annual appropriation for main- soap will tenance and a division of the Federal Encourage Home Industry allowance.

Which ever way the solons decide the fight is bound to be bitter. One of the arguments against division will be that a sub-experimental station for Piano Eastern Oregon has already been provided to be under the direction of Prof. Leckenby, one of the ablest men in the country. The site for the proposed new college is the tract of land near Union. purchased by the state in 1893 for the erection of a branch insane asylum, the plan being abandoned upon decision by the supreme court that state buildings must be erected at the state capital.
