ENGLAND REVIVING

After Gloom of Loss of the Queen. OTHER SORROWS MAY BE COMING. Rumors of Reorganized Cabinet Denied--Salisbury May Retire.

LONDON, Feb. 4.—After today's papers have been read here, there will be a strong public reaction against the melancholy tendencies of the last three weeks. Interest will be stimulated in the new reign, and it is not improbable that the coronation, instead of being deferred until next year, may be hastened. The revised orders for mourning support this belief, and there are precedents for an early coronation. There is a feeling that an unique reign has been closed with honor, and parents fully commensurate with the historic occasion and that great business interests will not be allowed to suffer from an undue prolongation of the period of public mourning. The theaters will be re-opened this week, new plays coming at Her Majesty's and St. James. There are croakers who persist in believing that the nation's cup of bitterness has not been filled to the brim and that other calamities are in reserve. There is much dismal talk about the falling health of the Duke of Cornwall without any valid reason for it. The King is also reported to be breaking down in health, but there is no evidence of it in his face, figure or manner. Another rumor that is reviewed, relates to the possible retirement of the Prime Minister and the reorganization of the ministry under the Duke of Devonshire or Mr. Balfour. This is clearly premature. Lord Salisbury, without doubt, has lost interest in public life and would welcome release from office, but he has a strong sense of duty, and will remain prime minister at the request of the King, at least until the new reign has fairly opened and the sovereign's cares have been diminished. Many diabolical forgeries now expressed are due to public gloom and depression. The Piazza Contempt Cases. LANSING, Mich., Feb. 4.—The Piazza contempt case is up once more in the Supreme Court, and a vigorous argument is in progress.

BOERS VICTORS

Capture a British Army Post. KITCHENER SENDS GLOOMY REPORTS. Strong Commando of the Dutch Republicans in Portuguese Territory.

LONDON, Feb. 4.—Lord Kitchen reports as follows: "Our casualties at Moddersfontein were two officers killed, two wounded. It appears the post was rushed on a dark night during a heavy rain. Enemy numbered 1400 with two guns. The relief column sent out from Krugersdorp failed to prevent the fall of the post. No details yet at hand, but officers and men captured at the post are arriving at Vereeniging." "Campbell at South Middleburg engaged 500 Boers who were driven back with loss. Our casualties are twenty killed or wounded." "French is near Bethel, moving east and driving the enemy with slight opposition. Four of our ambulances were captured." "Dewet's force is reported south of Dewetadof." LOURDES MARQUES, Feb. 4.—There is a commando of 200 Boers on Portuguese territory. It is supposed that their intention is to reach the Boers here. The Portuguese authorities have decided to remove to Madeira such Boer refugees as decline to surrender to the British.

JEFFRIES RUHLIN

Outlook for a Fight Not Promising. JUSTICE WILL DECIDE CASE. If He Holds it is Only a Boxing Match it Will Come Off.

CINCINNATI, O., Feb. 4.—Jeffries and Ruhlin are proceeding with training, notwithstanding the action of Governor Nash. The Sheriff and prosecutor today replied to communications of the Governor that they would do their duty as outlined in the communication. The outlook for the proposed fight in Cincinnati is no longer regarded promising. New York, Feb. 4.—Wm. A. Crady, manager of J. J. Jeffries in discussing the attitude of Gov. Nash of Ohio, on the Jeffries-Ruhlin fight expressed the belief that there would be no interference with the contest. "The legal features of the bout" he added, "will be determined in court in Cincinnati Tuesday. The point the magistrate will be asked to decide is whether Jeffries and Ruhlin contemplate engaging in a boxing match or a prize fight." If the judge decides that the proposed exhibition is simply a boxing contest and I am sure that he will do so—the battle will take place as advertised. Of course, if the judge decides that it is a prize fight, the affair will have to be declared off. "In the event of a favorable decision to the fighters Gov. Nash will be powerless to act in the matter, all reports to the contrary notwithstanding. The chief executive of Ohio is bound to observe the law, no matter whether it is to his liking or not. The whole case hinges on the decision to be rendered Tuesday. Precedent leads me to that the position of the Saengerfest Athletic Club will be maintained and that the bout will take place as originally planned.

RELIGIOUS DEBATE

Protestant Progress in the Philippines. TRANSPORT WARREN WITH INVALIDS. Officer Returns Who Was First to Plant Flag on Walls of Peking.

MANILA, Feb. 4.—Less than four hundred persons attended the meeting called by Senor Buencamino at the Rizal theatre in the Tondo ward of Manila, to inaugurate the "Evangelical movement". Considerable interest was manifested in the proceedings and there was some expressions of approval of the addresses. No attempt, however, was made to commit the meeting to protestantism, that aspect of the case being left for subsequent action at his discretion to Rev. James B. Rogers, a missionary of the Presbyterian board who was present. Senor Buencamino explained that religious effort was wholly outside the federal party, which had been organized solely to promote political policy. The first mild applause occurred when he compared the priests to "white ants which eat the substance and leave nothing of value." Senor Buencamino urged in favor of supplementing the present priests with Filipinos, having the privilege of marrying. Gradually he led up to the Protestant ideas, and asked whether they were any longer to be submitted to the authority of a pope or an archbishop. Some shouted "no" but others remained silent. A Methodist minister baptized a hundred Filipinos at Malibay about four miles from Manila. Rev. Mr. Frautich has secured scores of signatures in a neighboring village to a declaration in favor of handing the church over to Protestant worship and debarring German Catholics. SAN FRANCISCO, Feb. 4.—The 464 sick soldiers who came from Manila on the transport Warren were landed at the Presidio general hospital. The majority are in a convalescent condition. Two hundred were entered at the hospital and the balance transferred to the post authorities to be mustered out in a few days. Major Penrose of the medical corps was a passenger on the Warren and is now a patient at the hospital. Col. A. S. Degett, of the Fourteenth Infantry, also arrived on a short leave of absence. His regiment has the distinction of being the first to reach the walls of Peking and his regimental flag were the first colors planted on the "walled city." When the Warren was leaving Manila on December 30th one of the assistant engineers misunderstood a signal and sent the vessel ahead instead of astern, with the result that the British steamer Mopel was struck and considerably injured. The engineer was disgraced.

SUGAR DUTIES

Affected By Imports of Russian Beet Sugar. TREASURER GAGE HAS A REPORT. And May Find a Way to Protect the People Against Cheaper Sugar.

NEW YORK, Feb. 4.—According to a special from Washington to the Journal of Commerce, there are two aspects to the problem of whether a countervailing duty shall be laid upon sugar imported from Russia, on the ground that the system of regulating sugar production in Russia is equivalent to a bounty which will be carefully considered by Secretary Gage before announcing a decision. One relates to the facts, the other to their legal interpretation. The facts were pretty well ascertained by a special agent of the treasury, who went to Russia last summer. The system is complicated, but has been fully set forth in the report which is before Mr. Gage. The question of how the facts shall be interpreted, is now under consideration. Attorney General Griggs has been asked by Mr. Gage for his opinion. The facts appear to indicate that there is no payment by the Russian government to the sugar growers, but a considerable tax is levied and production is restricted to a given amount for each establishment. The excess of production must be marketed abroad, but the gross production, including that sold abroad, contributes to the adjustment of the allowance of the production of the following year. It is in the interest of producers who desire to increase their future quota, to purchase the certificates of exportation from those who have produced a surplus, but are less concerned to increase their quota. Thus the purchasers of the certificate are able to secure a larger allowance for the future, while the exporter receives a premium for the certificate, over and above the price he receives for the sugar. It is contended by the advocates of a countervailing duty that the entire machinery is under the control of the government and that the explorer does, in fact, receive a bounty through government intervention. It is contended that there is no bounty involved, but that the entire arrangement is a sort of pooling tract between different sugar manufacturers who are taxed heavily in any event and receive no substantial aid from their government. Which of these views is correct, is a problem the secretary of the treasury must eventually decide.

PROGRESSIVE FINANCE FOR THE PEOPLE

BALTIMORE, Conn., Feb. 4.—A plan has been proposed to establish certain financial institutions here on a basis of co-operation. It involves the raising of \$6,000,000. Forty thousand citizens are expected to find the money, each taking \$175 worth of stock. Six operations are to be chartered. Of the \$175 subscribed by each \$25 will form a deposit in the savings bank, one of the corporations, while the remainder will pay for one share in each of the other five companies. With the scheme is a proposition to pay the debts of the municipality by insuring the lives of prominent citizens. The city will pay the premiums and be the beneficiary. Several residents have agreed to take out policies if the scheme goes through.
