### BUSINESS MEN ARE GOING TO CORBETT

Representative Black of Coos county is a type of young business men who in declaring for Mr. Corbett for Senator from Oregon show their good sense, and insight into the necessities of statesmanship for the future. A young man who has his future before him can have no interest in any candidate for the Senate who does not represent some positive principles that will give stability to our national policies.

The money question has been settled by the people twice, declaring for the gold standard. Our country has two-thousand millions of currency theoretically on the gold standard, but as a matter of fact we have not over one dollar of gold for every two dollars of credit or flat money in existence in the United States. To maintain all our money as good as gold without borrowing gold will require men in the senate who stand for the financial stability and honor of the financial system the people have adopted. Mr. Corbett is such a man.

The future prosperity of our country depends on wise commercial policies. The upbuilding of our shipping, the extension of our commerce, the checking of trusts and grasping syndicates that are reaching after our industries and public lands, requires ability of no light order in the Senate. Mr. Corbett's views on these questions are founded not on political expediency, but on the successful experience of a lifetime of business activities. Hence, business men, regardless of party, prefer him.

The objection to Mr. Corbett, that he is a millionaire, would be well founded if it could be shown that he had made his money out of government contracts or special legislation. But he has made his fortune as any private citizen may make it, in competition with the world. He deserves credit for this in the eyes of young men especially. Between the honest rich man in the Senate, standing for sound public policies, or the dishonest rich man on the outside reaching after any poor man on the inside of the Senate, which is the safer man for the people? Common sense can answer the question. Mr. Corbett should never be driven out of this fight by the cry that he is a rich man.

Young men who are going to do the business of this country for the next twenty years have none of the interests of the selfseeker in this senatorial contest. Let him who wants the office for what there is in it in the way of public plunder for himself and his family and friends go his way without comment. It is a standard of politics all can engage in as a last resort or bread and butter. But the best thought of progressive men in all parties can see higher ground for action that affects the great future of our country. That ground is stability in public policies, soundness in public principles.

That Mr. Corbett stands for such principles and policies with courage, intelligence and fidelity no one can deny. While on the best of terms with a Republican administration, he does not hesitate to declare his views on great questions of national policy whether they coincide with the views of the President or not. In electing such a man Oregon would take her rank with the great factors of influence that shape and control national policies. No man who loves our country, and has any comprehension of the tremendous problems that lie before us and MUST be dealt with rightly or wrongly, for better or for worse conditions for over a hundred millions of humanity, but should favor sending to the Senate the bravest, the wisest and most inflexible advisers of the President, and, without disrespect to any of the gentlemen who are seeking the honor, Mr. Corbett can fairly be placed in that class. He should be elected to represent Oregon. If there are not enough Republicans in this legislature to do themselves and Oregon the honor of electing such a man, in the interest of the people of Oregon and the nation and the recently acquired territories there should be enough patriotic gentlemen in the other parties to elect Mr. Corbett.

Didn't Senator Kelly applaud the Mitchell hold-up in 1897, and isn't he for Mitchell or any old thing now?

### GOVERNMENT MUST BE PUBLIC OWNRESHIP

An Astoria committee have been investigating the Salem Charter and the municipal reform movement as shown upon the records at the City Hall. The Salem non-partisan business officials showed them every detail of progress that has been made here, and the Astorians were very much pleased over The Salem Way of running a city. Government must be public ownership of the municipality to begin with.

At Bridgeport, Conn., A plan has been proposed to establish certain financial institutions on a basis of co-operation. It involves the raising of $6,000,000. Forty thousand citizens are expected to find the money, each taking $175 worth of stock. Six corporations are to be chartered. Of the $175 subscribed by each, $25 will form a deposit in the saving bank, one of the corporations, while the remainder will pay for one share in each of the other five companies.

With the scheme is a proposition to pay the debts of the municipality by insuring the lives of prominent citizens. The city will pay the premiums and be the beneficiary.

This Bridgeport scheme is probably visionary to some extent and may not be realised. But it shows the trend of public thought. The people will not forever be taxed for government and in addition make millionaires of the managers of light, water, street car, banking and insurance companies.

Look at the way people in the cities enrich the life insurance magnates. A telegram this morning from New York says:

The annual statements of three life insurance companies—the Equitable; The Mutual and The New York just out shows the amount of business written by these companies in 1900, was $528, 297,175, and their insurance in force at the beginning of the year reached the enormous total of $3,460, 529,600. The Mutual assets amount to $325,753,152, its income was over sixty millions of dollars. Nearly two and a half millions were paid individends.

Take the Salem Electric Light corporation. To pay high interest on an enormous debt it must screw as much as possible out of anyone who uses light. If people kick at high rates a reduction is made. Those who do not kick are taxed for all they will stand. Non-resident ownership puts on the screw and the community must pay out money for what public ownership would make much cheaper to all and produce revenues to the city.

### TIME FOR OREGON TO RECOGNIZE ABILITY

It is not yet too late to recognize real ability in some lines and send Mr. Brownell to the United States senate. As an originator of bills that cause expenditure and create new jobs he has no equal. For fertility of genius, and multiplicity of measures that spring from his brain in a perfect cataract of legislation Brownell has no equal.

His latest job to go through is the code commission. His orphan bounty measure of $50 premium for all the fatherless that can be propagated or imported to Oregon stamps Brownell as a legislative genius of the first water—a rare kohinoor for the tax-payer. To with the code job. If Ballinger et al have already done the work and it is so necessary to have a revised code, why don't they copyright it and have the profits of their monopoly, without a big appropriation.

As a creator of soft snaps, as a promoter of appropriations, and distributer of public money Brownell would surpass Hermann or McBride and the crowd of fly-up-the-creek statesmen better look out for their laurels. If Brownell ever gets a swing, the streams of mingled eyewater and public funds will flow in a torrent that will sweep their names to oblivion.

### VICTORY FOR TAX REFORM

The passage by the House of the Booth tax bill, that divides the state revenues among the counties in a lump sum, on the basis of an average valuation by five year periods, is a great victory for tax reform. It will prevent counties running down their valuations to escape state taxes.

It is understood that Governor Geer said he would have to call a special session if this reform was not brought about. Under the prod of that possibility, the legislature got a move on and did a good thing, and the state officials who were in the lobby were much pleased. Now let one other step be taken and complete the work of stopping the sloughing of valuations that is going on, to-wit:

Enact the Iowa law that puts in the hands of all the assessors of a county a maximum and minimum valuation and classification of property as a basis of their work, that prevents every sharp private citizen from working down values. It is easy and plain and is the universal custom of the older states. By enacting this little section, that is the proper complement of the Booth law, this legislature will have taken two steps that will restore values, and every county will have an interest in raising the largest showing of values, because by so doing it will be able to reduce the levy in mills. It is time to stop tax dodging and adopt intelligence in place of mossbackism. The present state officials deserve credit for their intelligent promotion of the tax reform bills and the legislature deserves credit for standing by their efforts. Now give the people the other little section and complete a good job that is now only half done.

### FOR OLD AGE

To the old, as to babies, the even balance of health is more important than anything else in the world. The possible health, in age, is not high and strong; it is only even.

There is no end, but death to the trouble that comes of its loss.

It ought to be watched like a baby's.

Their future is short; but oh how it turns on comfort! on whether the wrinkles are wrinkles of pain or of long serene enjoyment!

Scott's emulsion of cod-liver oil—for very old and very young in different ways—is the food to secure this even condition of health.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

**How Are Your Nerves.**

If they are weak and you feel nervous and easily "flustrated," can't sleep, and rise in the morning unrefreshed, your blood is poor. Strong nerves depend upon rich, nourishing blood. Hood's Sarsaparilla makes the nerves strong by enriching and vitalizing the blood. It gives sweet, refreshing sleep and completely cures nervous troubles.

Nausea, indigestion are cured by Hood's Pills. 2

### WHO PAYS FOR THE M'BRIDE DAILY?

Mr. Flagg's talk about an itching palm, a soiled honor, and political dishonesty in general is received with a horse-laugh by people all over the state. No one will blame Flagg for issuing a daily paper at Salem for forty days at a cost of $50 to $100 a day to elect a Senator if he can but no one supposes he is spending his own money.—Capital Journal.

The cost of publishing the Sentinel is $50 per day; $20 to Mr. C. B. Irvine, the printer; $7 to the Scripps-McRae News Agency; $4.25 to E. H. Flagg, and the balance for mailing clerk, legislative reporter, etc. The money is not furnished by Mr. Corbett, though the paper cost him more than it costs Senator McBride and his friends; neither is it furnished by Napoleon Davis.—Salem Sentinel.

Mr. Flagg has said so much about the use of money in Senatorial elections, will he not now tell who puts up $50 a day for 40 days to run a free daily paper at Salem for McBride, Mitchell, or whoever it is for. There is not a copy of The Capital Journal sent to any one but to subscribers who subscribe and pay for their papers themselves. If it is a fair question, who is putting up to hire Flagg and Irvine to print a big little daily free-for-all at Salem? You need not tell if there is any secret about it.

### JOURNAL X RAYS.

Mays deserves thanks for flying one of the Fulton-Brownell grafts.

* * *

Make suitable provision for McBride, leave Herman where he is, elect Corbett, and adjourn.

* * *

Smith voted for his state engineer commission graft. He ought to vote for himself for senator now and quit.

* * *

Go one step futher gentlemen and stop running down values at the hands of every assessor in the state. It's easy. See Iowa law.

* * *

Mr. Flagg threatens the Republicans of Marion county with an Independent ticket if they pass the bill to raise all the county salaries.

* * *

All the Republican fight in Marion county was made last June on Sheriff Durbin's salary, who as a matter of record served the people in that office, including all his advertising for half what his Republican predecessor drew down. On top of that the Marion delegation asks a raise of salaries all around.

**There is a Class of People**

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over ¼ as much. Children may drink it with great benefit. 15 cts. and 25 cts. per package. Try it. Ask for GRAIN-O.

### PROCEEDINGS OF GENERAL ASSEMBLY

Routine Acts of Both Houses Now in Session.

**Senate—Tuesday Afternoon**

Senate reconvened at 2 p. m. President Fulton, presiding. The roll call showed only 17 senators present and a call of the Senate was moved. This brought in sufficient members and the business of the afternoon was taken up.

Third reading S. B.

S. B. No. 146 by Booth, for an act to regulate location of mining claims and define rights to locaters of mining claims. Passed 22 ayes.

S. B. No. 151, by Fulton, relating to redemption of real property sold under execution. Passed, 25 ayes.

S. B. No. 152, by Inman, to regulate corporations. Passed, 22 ayes.

S. B. No. 154, by Adams, to punish breaking of plate glass windows. Passed, 24 ayes.

S. B. No. 155, by Wehrung (by request), to repeal section 2091, to 2100, chapter 7, H ll's Code. Passed, ayes 18; nays 10.

S. B. No. 163 by Mulkey, authorizing the Superintendent of the Oregon state Penitentiary to appoint matron. Passed, 24 ayes.

S. B. No. 37, by Brownell, to provide for the publication of revised code of Oregon laws, came up at 3 p. m., under special order. Passed 22 ayes.

On motion of Senator Mulkey the Senate agreed to adjourn to 7:30 p. m. to consider charter bills.

Senator Mulkey introduced S. B. No. 209, providing that no saloon be located within 400 feet of a school house.

S. B. No. 210, by Smith (Baker) to regulate the sale of liquorr.

Judiciary committee reported S. B. No. 162, with recommendation that it pass S. B. No. 211 by Froebstel to make the county treasurer tax collectors Read first time. Senate adjourned to 7:30 p. m.

**House—Tuesday Afternoon.**

House called to order at 2:10.

House resolved into committee of the whole to consider H. B. No. 15, by Colvig, reducing rate on railroads not operating wholly within the state to 3 cents a mile. Amendment offered by author permitting of track mileage. Amendment rejected and bill failed to pass.

H. B. No. 80, by Poorman, defining the liabilities of corporations for injuries to employes, reported back from committee unfavorable, made special order for Wednesday at 10 a. m.

Upon motion by Stewart, S. B. No. 11, relating to public schools made a special order for Wednesday at 7:30 p. m.

H. B. No. 68, substitute, to prescribe method of apportioning county taxes, according to county expenditures. Passed.

**Tuesday—Night**

Both houses held night sessions Tuesday, the senate for consideration of charter bills and the house devoted its time to bills affecting the salaries of state and county officers. The Salem charter bill passed the senate and will go to the governor. Pearce's bill fixing the salaries of Marion county officers was referred to the committee to have a rider stricken out of raising the salary of the county treasurer of Douglas county. Butts' bill reducing the secretary of state's salary to $1500 and directing that all fees in excess be turned into the general treasury was defeated, but three votes being recorded for the measure.

The best primary law is Nottingham's H. B. No. 307. It is the Bingham bill, and deserves careful consideration.

## Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been dosed with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—

**Like Begets Like.** driven from the surface to break out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early **The Sin of the Parent.** life, for it remains smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

**SSS** cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

The editor of The Journal wishes to thank the McBride organ for keeping the editor's name standing at the head of its columns. It is a clear certificate of character that exonerates The Journal man from all responsibility for sending Mr. McBride to the Senate. If it is agreeable to Mr. McBride it is not less so to The Journal editor.

## THE RACE

Does not depend on the start but on the finish. It's staying power which carries many a runner to victory. It's like that in business. Many a man starts off in the race for business success with a burst of speed which seems to assure victory. Presently he begins to falter and at last he falls and fails. The cause? Generally "stomach trouble." No man is stronger than his stomach. Business haste leads to careless and irregular eating. The stomach and other organs of digestion and nutrition become diseased. The body is inadequately nourished and so grows weak.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the stomach and so strengthens the whole body which depends on the stomach for the nourishment from which strength is made.

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine and all other narcotics.

Accept no substitute for the "Discovery." There is no medicine "just as good" for diseases of the stomach and allied organs.

"Your 'Golden Medical Discovery' has performed a wonderful cure," writes Mr. M. H. House, of Charleston, Franklin Co., Ark. "I had the worst case of dyspepsia, the doctors say, that they ever saw. After trying seven doctors and everything I could hear of, with no benefit, I tried Dr. Pierce's Golden Medical Discovery, and now I am cured."

## Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of form. Mother's Friend also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at $1 per bottle.

Our little book, telling all about this great remedy, will be sent free to any address by The Bradfield Regulator Company, Atlanta, Georgia.
