PROMISING GREGON TO THE DEMOCRATS IN 1902 The Mitchell-McDride faction have

not only accept to form a fusion with the Damoeratic members of this legislature to elect one that Republican faction to the Senate, but they have promised to give the state to the Democrats at the next election. They have offered them the outire state ticket, they to keep the congressmen and senator and return Mitchell from the next legislature. Their encouse in electing a citizens ticket in Mulinomah county to the legisistore, while the city and county went Republican, shows that they are able to trade for personal purposes and yet retain the party strength where it serves their own personal purposes,

That this will be undertaken. In order to defeat Corbett at this time and Simon two years bence no one can doubt. The at this time would stamp with approval Williamson is to go instead of Moody, while Mitchell and Folton are to succeed Signou in the Senate. To this end Cerbett is to be defeated now, and if use of their faction cannot be chosen, the place is to remain vacant until the atate goes their way.

This is a logical program of men who care nothing for party or principle.
